400,000 TURKS WILL BE CALLED TO ARMS

NO QUARTER IS CRY OF SOLDIERS

Redifs to Slay All Bulgarians Wounded or Captured on the Battlefield

All Native Christians May Be Ordered to Fight for the Sublime Porte

CONSTANTINOPLE, Oct. 11.—(Wireless from a steamer in the Dardanelles to Kustendje, Roumania). No fewer than 140,000 Turkish troops from Asia Minor will, it is estimated, be concentrated within a week in European Turkey. This will bring the effective force of the Turkish army up to 400,000 men.

Turkish officials say the day of trial has found the military depots full of stores and army equipment complete and of good quality.

TURKEY WELL PREPARED.

If the Bulgarians are counting on the superiority of their organization and the greater rapidity with which their army can be mobilized to give them a material advantage they will, according to Turkish officers, receive a disagreeable surprise. The Ottoman authorities for months have been gradually strengthening their defenses and concentrating troops in the important zone comprising Adrianople and Kirk Kilissep, just south of the Bulgarian frontier. Since the general mobilization was ordered a great stream of men has been pouring into the district at the rate latterly of 20,000 daily.

The Redifs, or men of the second reserve, now being brought from Asia Minor, are determined that the Bulgarians, whose persistent intrigues in Macedonia have caused them to be constantly called from their homes, will receive a sound lesson. They have decided to take no prisoners and to give no quarter.

The reliability of the Christians serving in the ranks of the Turkish army is one of the great problems for

High School Students 'Educated Frankfurters'

Dr. Zhitlowsky Says Institutions Work Just Like Meat Factories.

CHICAGO, Oct. 11.—High school graduates in America were referred to as educated Frankfurter sausages yesterday by Dr. C. H. Zhitlowsky of New York, educator and social worker, who has been active in the revolutionary movement in Russia.

Dr. Zhitlowsky placed the label on the children during the course of a lecture at the University of Chicago on "The Future of the Nationalities in the United States."

"The public schools manufacture good students as a meat factory manufactures desirable Frankfurter sausages," he said. "Thus every year they graduate thousands of Frankfurters. I do not mean students duly labeled and all alike in appearance. Education will cease to be a manufacture of sausages only when you make use of the etherial elements to bring out all the human values."

Cubs and White Sox Stand 2 to 2 in Eleventh

CHICAGO, Oct. 11.—The Cubs and White Sox stood 2 to 2 in the eleventh, with the game still on.

Lord and Weaver collided while trying to get Miller's single and both were knocked unconscious. Weaver had to be carried off the field. Lord walked, with the assistance of players.

MESSENGER FOILS FOUR BANDITS

He Battles With Holdup Men When They Break Into Express Car

Wounds One Robber, Who Is Captured Afterward; Plucky Man Badly Beaten

FORT SMITH, Ark., Oct. 11.—Four bandits bungled a hold-up of a northbound Kansas City Southern passenger train between Hatfield and Mena, Ark., early today. One was wounded and captured and the other outlaws escaped after a battle with Express Messenger Merrill Burgett of Kansas City, Mo., in which Burgett exhausted his ammunition and was badly beaten.

Burgett shot the robber, who was discovered an hour later after his companions had deserted him. The robber is being conveyed to Mena. Fifty or more in armed posses are pursuing the bandits. Burgett is in a hospital at Mena. He will recover.

The train, known as No. 2, left Hatfield, Ark., about 2 o'clock. While Burgett was working in his car he saw the bandits clambering up to the side door. Then smashed the glass with their revolver butts.

DODGES HAIL OF SHOT.

Burgett hid his most valuable packages despite the hail of bullets which the bandits poured into the car. The packages hidden, Burgett turned his attention to the invaders. As Burgett fired at them the robbers reached through the smashed windows and loosened the catch which held the door from the inside. Then they opened the door and sprang into the car one by one, firing on Burgett as they advanced.

The messenger, protected by baggage, met the robbers' fire.

The train had attained a speed of about thirty miles an hour and apparently none of the train or locomotive crew knew that a hold-up was being attempted. A shot fired by Burgett before the robbers gained the inside of the car wounded one of them.

The fight continued until Burgett's cartridges were gone. The robbers closed in and by force of numbers soon overpowered him, although he gave battle to three, wielding the butt

Motion Picture Men To Secure Hearing

New Regulatory Ordinance Will Come Up October 15 for Discussion.

The ordinance for the regulation of theaters, motion picture houses, musical entertainments, vaudeville theaters and other places of entertainment presented by representatives of several churches and civic organizations to prevent immoral and impure performances, was presented in re-draft form in council this morning and hearing of the matter put over to October 15 to give the motion picture men an opportunity to be heard.

Kills Son; Wounds Wife and Sister

Akron Plumber Shoots Three-Year-Old Boy in Murderous Frenzy.

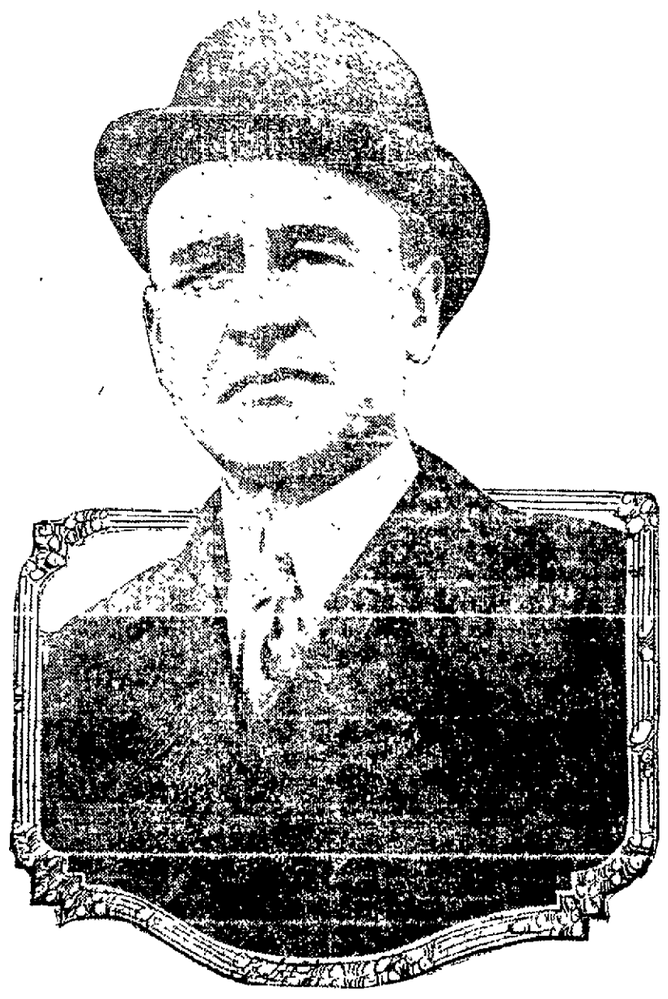
AKRON, O., Oct. 11.—John V. McDonald, a plumber, today shot and killed his 3-year-old son and then fired bullets into the heads of his wife and sister. Mrs. McDonald is believed to be fatally injured and the sister is in a serious condition. McDonald was arrested.

Mysterious Witnesses Appear in Becker Case

NEW YORK, Oct. 11.—Jacob and Morris Lubane the "mysterious" witnesses found by District Attorney Whitman in jail at Newark, were at the Criminal Court building today, waiting to be called to the stand at the trial of Police Lieutenant Becker, charged with the murder of Herman Rosenthal.

Giovanni Scandish another witness to the tragedy and Mrs. Lillian Rosenthal, widow of the murdered gambler, were other witnesses whom it was expected the State would call early.

PLAN COUNTY AND CITY UNION TO ABOLISH USELESS OFFICES



MARK L. REQUA, WHO WAS UNANIMOUSLY RE-ELECTED PRESIDENT OF THE TAX ASSOCIATION.

Tax Association's Suggestion for Better Government Is Endorsed

Indorsement of the plan suggested by the Tax Association of Alameda county for framing a new city and county charter to consolidate functions now duplicated in the county and the various municipalities was voiced at a mass-meeting held at the Oakland Chamber of Commerce last night. A campaign was launched to raise $50,000 to make a thorough investigation with the aid of experts of the needs of such a city and county form of government as applied to Alameda county and to formulate a plan of organization to be submitted to the people.

By the action of the mass-meeting last night the officers of the Alameda County Tax Association were empowered to appoint a committee to raise funds to prosecute this work. They will employ a board of experts to investigate conditions and recommend a plan of confederation and consolidation of the functions of government. Indorsement of the project and of the plan to raise $50,000 was given by the representatives of Berkeley and other cities involved and by county officials, several experts, the Alameda County Civic Association, with its 37 improvement clubs, and by several other civic associations.

PROMINENT SPEAKERS.

The Tax Association has been engaged for several months upon an investigation of the wastefulness and expense of the county and city governments and has had experts at work formulating a tentative plan. Features of this plan were explained to the mass-meeting last night by President Mark L. Requa and were discussed by Professor Thomas B. Reed of the University of California, President of the Oakland Civil Service Commission Harrison S. Robinson, District Attorney William H. Donahue, President of the Civic Association Charles F. Garman, Frederick Searby of the Berkeley City Club and several others. Each pledged his cordial co-operation in the project.

The plan presented by the Tax Association as a tentative recommendation is one that would introduce economy and efficiency in the governmental functions of the city composing Alameda county and in the central government and would do away with the duplication of functions. It would at the same time guarantee to the individual communities a local autonomy in local affairs.

The plan presented is one that is merely to be used as a working basis and is not considered as the final recommendation of the organization. It was merely suggested as a type of the form of government that would do away with wastefulness and inefficiency. It was presented as the point of departure for the work of the experts who will make the recommendations upon which the body will act.

A period of months will be used by the experts in making an exhaustive

POLO GROUNDS, New York, Oct. 11.—The Boston Americans defeated the New York Nationals by a score of 3 to 1 today in the fourth game of the world's series before a crowd numbering about 40,000 persons. Joe Wood Boston's pitching star, was invincible when hits meant runs and the New York batters could do nothing with him. Wood did not give a base on balls. Wagner played a strong game at short for Boston, taking several hard-hit balls that were heading for centerfield while on the dead run and pinching the batters at first by fast throws. The official score:

RAIN THREATENS.

Sodden clouds that made a constant threat of rain failed to dampen the ardor of thousands of New York baseball enthusiasts who flocked out to the Polo Grounds today to see the fourth game of the world's series between the New York Nationals and the Boston Americans.

When Groundkeeper Murphy arrived at the Polo Grounds he found the outfield in poor shape, due to the shower in the early morning hours. To improve conditions as much as possible two squads of men were put to work with sawdust and steam rollers. The weather cleared a bit toward 9 o'clock, but was still murky and unsettled.

FIELD SOGGY AND HEAVY.

The national commission did not decide to play the game until a few minutes before noon, when Umpire O'Loughlin reported that while the playing field was very soggy, a game could be played if no more rain fell.

A heavy rainfall during the night made the slow-playing field, but the commission decided that it would be better to play as weather indications were for rain tomorrow. There was a wild yell of joy from the crowd when the gates were opened.

The national commission's figures for attendance and receipts at today's game were: Paid attendance, 38,593; total receipts, $76,644; national commission's share, $7664.40; players' share, $41,387.76; each club's share, $18,795.92.

MANY ARE HEROES.

Heroes have sprung from the games already played. Over in Boston, Wood and Gardner, together with Manager Jake Stahl, are idols. New York fans had a crop to worship. Among them were Herzog and Murray and Devore, while Fletcher, too, the unfortunate victim of over-exuberance which led to costly errors in the first two battles, has redeemed himself by brilliant work at bat and in the field in the latest Boston encounter.

The betting is now even money, since the Giants' victory. Today for the first time since the series opened New York backers were not asking odds.

The home club was the first on the field. The usual batting practice followed.

The batting order was:

Boston—Hooper, right field; Yerkes, second base; Speaker, center field; Lewis, left field; Gardner, third base; Stahl, first base; Wagner, shortstop; Cady, catcher; Wood, pitcher.

New York—Devore, left field; Doyle, second base; Snodgrass, center field; Murray, right field; Merkle, first base; Herzog, third base; Meyers, catcher; Fletcher, shortstop; Tesreau, pitcher.

Umpire Rigler went behind the plate, Umpire Evans went to left field, Umpire Klem to right field and Umpire O'Loughlin took care of decisions on bases.

FIRST INNING.

First half—The first ball pitched was a strike, which gave the crowd a chance to cheer. Hooper singled over second base after having three balls and two strikes called on him. Yerkes bunted the ball and Meyers picked it up and threw wildly over second trying to catch Hooper. Hooper was held at second. With Hooper on second and Yerkes on first the Boston crowd turned loose a loud cheer. Yerkes was forced at second when Fletcher took Speaker's grounder and tossed to Doyle, who completed a double play by throwing Speaker out at first. Hooper took third on the play. Fletcher threw out Lewis at first.

No runs, one hit, one error.

Second half—Wood curved the first ball over for a strike on Devore. Devore fanned, being unable to gauge Wood's speedy shoots. Doyle singled to left. Doyle was forced at second when Gardner took Snodgrass' grounder and threw to Yerkes. Snodgrass

2 Drown When Submarine Grounds Near Watsonville

SAN JOSE, Oct. 11.—A telephone dispatch from Watsonville states that a submarine ran ashore off the coast near there this morning and that two men were drowned.

VALLEJO, Cal., Oct. 11.—In response to telegraphic request for assistance the tug Iroquois was dispatched to the aid of the submarine F-2.

New Saturday Hours Set For Observatory Visitors

From the opening of the Lick Observatory in the year 1888 to the present time, visitors have been admitted to the observatory every Saturday evening up to the hour of 10 o'clock. Because automobiles have almost completely displaced the horse stages in Mount Hamilton travel, the number of day visitors to the observatory has greatly increased, and the Saturday night visitors arrive in the early hours of the evening, with extremely few exceptions. For these reasons, and in order that the time of the telescopes may not be unnecessarily lost to scientific research, it has been decided that, beginning with October 19, the Lick Observatory will be open to Saturday night visitors who arrive before 9 o'clock.

'Capital Punishment Worse Than Witch Burning'—Hunt

PHOENIX, Ariz., Oct. 11.—Declaring that capital punishment had no more place in the present-day order than the burning of witches, Governor Hunt granted reprieves today to William Campbell, Eduardo Peres, N. B. Chavez and Miguel Peralta, all of whom were to have been hanged today. The reprieves deferred the date of execution to April 13. Governor Hunt expressed the hope that the Legislature would pass at its next session a bill abolishing capital punishment, and added that if the lawmakers failed to act the people would be certain to initiate such a law.

Deputy Sheriffs and Greek Strikers Clash

BINGHAM, Utah, Oct. 11.—Fifty deputy sheriffs and several hundred Greek strikers had the first serious encounter in the Bingham miners' strike today. One Greek miner was shot through the leg and another was knocked down with a rifle butt. Both were taken to the hospital. A number were arrested. The trouble occurred when the strikers gathered at the hillside settlement, opposite the Utah Copper Company's pit, where a steam shovel was put in operation.

Trains on Elevated Crash; 22 Injured

NEW YORK, Oct. 11.—Twenty-two passengers were injured early today when two elevated trains came together in a rear-end collision at the One Hundred and Fourth street station of the Sixth-avenue railroad. The failure of the brakes on the second train is said to have caused the accident. The forward car of this train and the last car of the train in front were telescoped. Two of the injured probably will die.

Home of M. H. de Young Damaged by Night Fire

SAN FRANCISCO, Oct. 11.—A fire which but for prompt discovery would probably have destroyed the residence of Michael H. de Young, the prominent San Francisco publisher, 1919 California street, broke out last night. Spontaneous combustion, due to painters' rags left in the basement, caused sparks to kindle and flames were shooting upward when they were discovered and a still alarm sent in to engine company No. 16. The damage was slight.

of his shotgun effectively. The bandits clubbed the messenger repeatedly, asking

"Where's that package of money?"

MESSENGER IS PLUCKY.

Bleeding, Burgett crouched in a corner of the car while the robbers brutally beat and kicked him, but did not reveal the hiding place

The bandits searched the car carefully but found nothing Then they applied the air brakes and escaped

In answer to the conductor's repeated knockings on the door of the express car Burgett struggled to his feet, unlocked the door then fainted He was revived long enough to give a brief sketch of the attempted holdup and the train was rushed into Mena

A posse was organized to pursue the robbers into the hills near Hatfield and Potter, Ark Near Potter the wounded robber was found. So far as known the outlaws took nothing.

Booth's HYOMEI is made of Australian Eucalyptus and other antiseptics Money returned if it does not give satisfaction in treatment of catarrh coughs colds croup and catarrhal conditions. Druggists everywhere.

I Asked the Clergyman:

"Does your early enthusiasm on the BUNGALOW PLAYER-PIANO continue?"

"More than that, it constantly increases," he said. "It's the most wonderful agency for popularizing good music. The church has always recognized the ennobling influence of good music, but we need more of it in the home."

The need is supplied by the BUNGALOW PLAYER PIANO. When the BUNGALOW PLAYER is part of your home your family will enjoy all the good influences of the best music that has ever been composed. Incidentally, it will mean a cheery home, too.

The BUNGALOW PLAYER-PIANO has every essential advantage of the more expensive players.

And we will take your "never-played" piano in exchange at a liberal price.

THE BUNGALOW PLAYER PIANO plays the full scale 88 notes—plays all standard music rolls — full round, rich mellow tones — selected materials — best workmanship — automatic guiding device — melody soloist — every valuable improvement — free library of music rolls. Price $185—terms $2.50 per week.

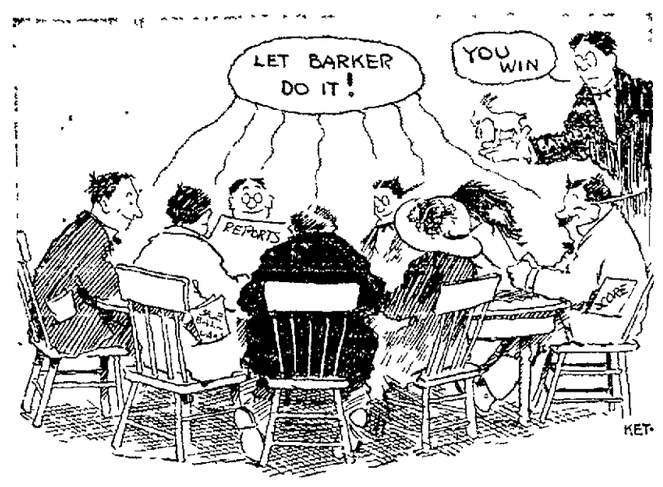
Secretaries Arrive From Island Voyage

SEATTLE, Oct. 11.—The cruiser Maryland, bringing Secretary of State Knox from Japan and Secretary of the Interior Fisher from Honolulu arrived today. The secretaries went at once to a hotel. Fisher desires to start for San Francisco and Knox is anxious to return to Washington, where important matters await him, but the Republican national and state committees have arranged political meetings in Seattle and Portland at which Knox will speak.

"LET BARKER DO IT!" AND HE DOES!

BUSINESS MANAGER ROBBED OF HIS GOAT



Board of Education Gloats Over Happy Solution to All Its Worries and Manifold Problems

Albert C Barker of the Board of Education is the most perplexed individual in the city of Oakland. Barker has just found the answer to the riddle. Why is a business manager? In discovering the answer Barker has at the same time lost all trace of his former self-control, his mental equilibrium has been upset and his nervous system is seriously impaired in other words, Barker has lost his goat.

When the re-organization of the Oakland Board of Education went into effect recently everyone agreed that it would be a fine thing to have a business manager. School Superintendent J W McClymonds thought he was doing a whole lot of work that ought to be done by a business manager, Deputy R. B. S York also thought that he was doing a lot that ought to be done by a business manager. Similarly, A C Barker, assistant superintendent of schools, opined that some of his duties properly belonged to a business manager. Every member of the board of directors was convinced that they, too, were burdened with a lot of unnecessary details that would be just the thing to keep a business manager from dying of ennui. So the office was created and every one looked around for a suitable man to fill the job.

Let Barker do it,' suggested some one and thereupon it was decided by everyone that Barker was just the man, principally because if he has any sense of humor he doesn't show it. So Barker was duly elected business manager.

That was about two weeks ago, and since then Barker hasn't had time to do anything else but try and write down what everyone expects him to do.

Barker's desk is buried under an avalanche of memorandums. Everyone of Oakland's forty-two schools desires his immediate presence. He has been directed to supervise the architectural work in connection with the sixteen new schools and to report to the board if he finds anything wrong in any of the plans. Barker must re-organize the janitorial force, buy all the school department's supplies, scrap with the water company, the gas company, the health department, assist the landscape artist to design all school gardens, attend all meetings of the Board of Education, and accept gleefully every measure suggestion or complaint which the Board of Education can't find anything else to do with.

At last night's meeting of the Board of Education they referred matters different problems to the business manager. Everybody, including the well-filled lobby, chuckled at the regular cry of 'Let Barker do it.' Barker was the only one who failed to see the joke.

It was voted to buy the business manager an automobile so that he could cover ground fast. Some one suggested that they ought to buy him two, so that if one broke down there would be no appreciable delay as the business manager dashed madly on the round of his duties. Director Annie Brown, with a woman's sympathy, is the only one who is striving to keep Barker from nervous prostration. She called a halt last night when her colleagues showed a disposition to refer a few other matters to the business manager.

It has resolved itself down to a question of Barker's endurance. He is a man of splendid physique and may bear up for some time under the strain. But just as sure as somebody telephones into headquarters that there is a dead feline reposing on the old school shed on Ninety ninth avenue the cry will go up. 'Let Barker do it.'

MONTENEGRINS AND TURKS BATTLE

the moment for the Ottoman commanders. The feeling among the native Christians may be gauged to a certain extent by their efforts to escape from service by the payment of $10X or by bolting abroad.

The Ottoman government is considering putting in operation the bill passed under the late regime calling out all Christians between the ages of 30 and 40. This action would swell the government receipts enormously, as most of the native Christians are in settled positions and well able to pay to escape military service.

TURKISH FORT CAPTURED.

PODGORITZA, Montenegro, Oct. 11.—The Montenegrin troops followed up their success in capturing Detchitch mountain from the Turks by taking late last evening the Turkish fort which dominates the town of Tushi from Schtoinick Hill. Both forces suffered heavy losses in killed and wounded. The fighting lasted 14 hours. The road to the Turkish town of Tushi, farther north, is open to the advance of the Montenegrin army.

CITY IN DANGER.

LONDON, Oct. 11.—The fall of the Turkish city Scutari is imminent. Unless Turkish reinforcements arrive soon the town, with its manufactories of firearms, will be taken by the advancing Montenegrin army. The Ottoman government took lightly Montenegro's threats and the Turkish military authorities were not prepared on that frontier as on the Servian and Bulgarian frontiers, hence the reported continued success of King Nicholas' forces.

The Montenegrins followed up their success by capturing, yesterday, the fort in Tushi, thus improving the road for an advance on Scutari, and an official telegram received by the consul-general of Montenegro in London says the advance has begun. It is pointed out here, however that the way cannot be traveled without serious fighting, as the Albanians in the vicinity have been aroused by Turkish emissaries and are expected to join the Ottoman troops. News from other parts is more conflicting.

BLOCKHOUSES CAPTURED.

ST PETERSBURG, Oct. 11.—A dispatch from Podgoritza, Montenegro says the Montenegrin southern army, under the command of General Martinovich, has crossed the river Boyana and captured several Turkish blockhouses at Tarakosch, near the Turkish town of Scutari.

The Russian minister of marine has postponed his proposed visit to Paris in view of possible complications in the Black Sea.

HOPES FOR PEACE.

VIENNA, Oct. 11.—Emperor Francis Joseph, in the course of a conversation with a prominent personage at the palace yesterday, said "I hope that peace may still be preserved."

AMERICANS CHANGE PLANS.

ST PETERSBURG, Oct. 11.—The American military commission has abandoned its proposed visit to Turkey. Brigadier General Edward J McClernand and the other officers watched the cavalry maneuvers in the vicinity of Moscow. They intend to proceed shortly to Vienna.

FIGHTING CONTINUES.

CONSTANTINOPLE, Oct. 11.—Fighting between the Turkish and Montenegrin troops was still in progress today in the region of Tushi, to the north of Scutari. No further details have reached here.

500 TO LEAVE SAN DIEGO.

SAN DIEGO, Oct. 11.—Within a week from today approximately 500 citizens of Austria will have left San Diego for New York City, where they will take ship for Russia to join the army of Servia in the war against Turkey, according to statements made today by B Bugarski, a member of the Slavonia of this city, who is arranging for the exodus. Bugarski and Spiro Yukosavich of San Francisco who arrived in San Diego last night met today to discuss the transportation of the Slavs.

"We are really citizens of Austria," said Bugarski this morning. 'Two months ago we were under the rule of Turkey, but when Austria seized Bosnia and Herzegovina we became Austrian subjects, although Servians by birth and customs. Now in order to join the Servia army we must travel to Russia, then through Roumania to Servia. Otherwise we would never reach Servia. We are going at our own expense."

LIVES AND FORTUNES.

SAN FRANCISCO, Oct. 11.—Hundreds of Greeks from this and neighboring cities attended a mass meeting held here last night. The big patriotic rally was held in Scottish Rite hall and 2500 men were present. P. P. Lampotos, manager for the Pan-Hellenic council of Oakland took an active part in the discussion. They pledged their lives and their fortunes to the cause against Turkey.

MAYOR J. C. OWENS CHEERS LADS ON 22,000-MILE HIKE

RICHMOND, Oct. 11.—Arriving in Richmond yesterday afternoon on the first stop in their tour of the United States on foot during which they expect to cover 22 600 miles and visit every city of importance, Harold McIlvan and Charles Lemole hunted up Mayor J. C. Owens and presented a letter from Mayor James Rolph of San Francisco, securing a letter from Owens to other mayors they are to visit. They are making the tour as a novel method of boosting for the Panama-Pacific Exposition of 1915 and to see the country at the same time and on their hats and khaki uniforms and hats they carry inscriptions relative to California and the great world's fair.

DROWNING MAN SAVED BY HYDRO-AEROPLANE

GLEN HEAD, L. I., Oct. 11.—The capability of a hydro-aeroplane for rescue work in cases of drowning was ably demonstrated yesterday by Charles Wald, instructor in the Wright school of water flying at the Glenwood Country Club. Though several boats were nearby when Walter Strohbach of Flatbush fell into the harbor from a rowboat in which he was seeking diversion with Elwood Sawyer, Wald, in a fast flight, was the first to reach the man, and brought him, in safety, to land.

2:30 p m.—Attends football game at California Field.
4 p m.—Tours Oakland and Berkeley in automobile.
5 p m.—Leaves for Pleasanton as guest of Mrs. Phebe Hearst.

BERKELEY, Oct. 11.—Governor and Mrs. Judson Harmon of Ohio and members of the Governor's staff will be the guests of Berkeley most of tomorrow. Luncheon, an informal reception at the Doe Memorial Library, a view of the Freshman game at California Field and a tour of Berkeley and Oakland are features of the program arranged in honor of the distinguished guests. In the evening the party will go to Pleasanton as guests of Mrs. Phebe Hearst.

Governor Harmon and his party are expected to arrive in Berkeley about 11 o'clock tomorrow morning. They will be conducted at once to the residence of Colonel Louis L. Hicks, at 2711 Durant avenue, where luncheon will be served.

Thereafter a reception in their honor is planned at the Doe Memorial Library, when President and Mrs. Benjamin Ide Wheeler will act as hosts. The committee in charge of the reception includes Harvey Hicks, W. H. McKibben, J. W. Richards, W. Aldont Gates, H. R. Ensign and Professor Lorenzo D. Inskeep of Oakland.

In the afternoon Governor Harmon and the other Ohioans will be the guests of the student body of the university at California Field. There they will witness at least a portion of the annual game between the freshmen and the team of the University of Southern California.

An automobile tour of Berkeley and Oakland is to follow the game. The grounds and buildings of the University of California will be visited first. In the later afternoon the party will entrain for Pleasanton, where they will be entertained at the country home of Mrs. Phebe Hearst until Sunday.

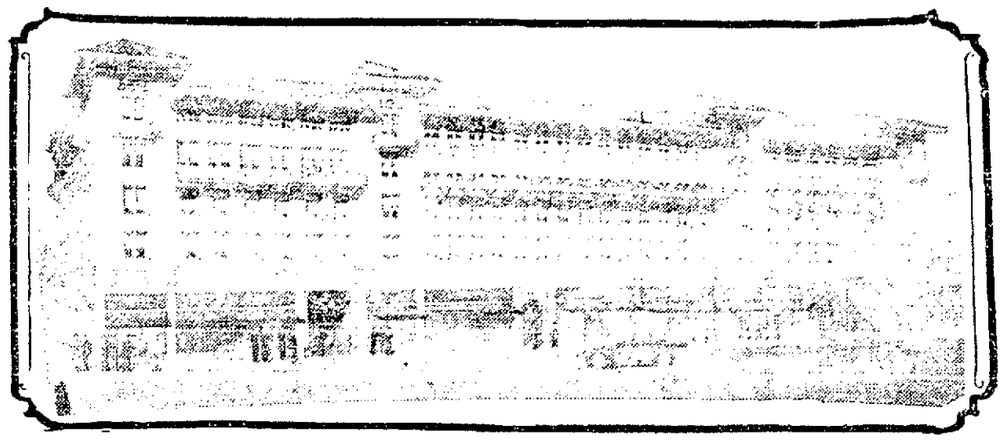
ENLARGED HOTEL SHATTUCK WILL BE A FINE STRUCTURE



PERSPECTIVE OF HOTEL SHATTUCK, BERKELEY, AS IT WILL APPEAR WHEN ENLARGED TO THREE TIMES ITS PRESENT SIZE.

BERKELEY, Oct. 11.—Plans for the annex to the Hotel Shattuck, which will develop that hostelry into one of the finest buildings of its kind in the West, have just been completed by Architect Benjamin G. McDougall. They provide for a continuation of the present structure from its southern wall to Kittredge street, which is to be continued westerly from Shattuck avenue. When completed the building will be the longest in any of the bay cities, being five feet longer than the Emporium building in San Francisco, which at present holds that distinction.

Work on the new structure will commence within six weeks if the legal preliminaries to the extension of Kittredge street can be completed in time. William E. Woolsey, manager of the Shattuck estate, is expected to return from the East within that period and work will be pressed soon after his arrival.

The annex is expected to be completed well within a year after work is started. It will cost upwards of $200,000, exclusive of furnishings. It will be five stories in height from end to end, conforming with the present building. The southern 130 feet will extend back along Kittredge street 125 feet. The central 50 feet will be more shallow, allowing for a lawn and gardens in the rear as well as a tennis court and a plunge bath 20x50 feet in size. The top of the 120-foot section will be converted into a palm garden and solarium.

The annex will contain 120 rooms, making 235 in all in the hotel. The interior fitting will be similar to that in the older section, mahogany and Circassian walnut being used throughout. The rooms will be arranged singly, with a bath to each.

A local department house has taken a long lease on the 130-foot section, where a large store will be fitted up. The remaining 50 feet on the ground floor has also been leased.

HATPIN IS CLEW TO JEWEL ROBBER

Police Believe Woman Is Concerned in Theft of Valuables Worth $800.

SAN FRANCISCO, Oct. 11. — A clase parallel between the robbery late last night at the home of John J. Meyers, a mining operator of 2055 Washington street, is being drawn by the police with the theft of $3000 in jewels by a servant employed in the home of Mrs. D. S. Wallace, 2214 Clay street, last week. At an early hour this morning Detective Dinan and O'Dea arrested Miss Millie Attmann, domestic in the employ of Meyers, and she is being held in detinue at the city prison while an investigation is made as to the ownership of a hatpin found in one of the apartments ransacked. Meyers and his family were out to dinner last night and when they returned they discovered that $800 in diamonds, pearls and Jewelry had been stolen. The servant was alone at home. She has been in their employ for two months.

When the officers went to the house and began their investigation at 1 o'clock this morning they picked up a hatpin. Miss Altmann denied ownership of it and it did not belong to anyone in the Meyers household. There seems to be little doubt, therefore, that the burglar was a woman and it is at present the theory of the police that the Altmann girl could tell more of the affair if she would.

Mrs. Wallace's home was robbed by a servant who worked for her but a few hours and the police believe that the same woman may be responsible for both burglaries.

BISHOP OF IDAHO IS VISITOR IN OAKLAND

Right Rev. F. T. Funsten, bishop of Idaho, is in this city, stopping with the rector of Trinity church, the Rev. Clifton Macon. The bishop was called to Idaho from Virginia, the native state of his host.

On Sunday morning he will preach at Trinity church and in the evening at Holy Innocents' chapel. Bishop Funsten has built up a strong church in his Western field and ranks among the first bishops of his communion.

MARRIES SOON AFTER DIVORCE

The Second Ceremony Takes Place on Day Decree Is Granted.

VALLEJO, Oct. 11.—The record for short matrimonial happiness and rapid-fire divorce with a second marriage on the same day is believed to be held by Mrs. John Fillon, former wife of John Fillon, a leading contractor of this city. The former Mrs. Fillon lied happily with her first husband twenty-one days and then went to Reno, the Mecca of unhappy couples. There she secured a divorce one morning and that evening married Frank S. Case, a well-known rancher with large holdings along the rancher with large holdings along the grounds upon which the divorce was granted is not known. The decree was granted September 17. The secret was well kept by the couple until yesterday, when it leaked out in the course of some legal business.

AUTO THIEF IS SENTENCED.

PALO ALTO, Oct. 11.—Carl Cody, convicted of taking an automobile from the Stanford garage, was sentenced to 76 days in the county jail by Justice of Peace Charles. Several months ago Cody took an automobile owned by Herbert Strachan and enjoyed a wild ride to San Jose. On his return he wrecked the machine in a ditch. Two weeks ago he was apprehended in San Jose. He preferred the jail sentence to a $76 fine.

FAILS TO PAY TAXI DRIVER; ARRESTED

L. J. Hammersmith, Wealthy Clubman, Has to Get His Release on aBil.

SAN FRANCISCO, Oct. 11.—Lester J. Hammersmith, son of John Hammersmith, the wealthy San Francisco clubman and a member of the firm of John Hammersmith & Son, diamond brokers, with offices in the Whitney building, was forced to make a trip to the city prison this morning because H. C. Rogers, a chauffeur employed by Fay C. Beale, the taxicab man, failed to recognize him. Hammersmith was out riding last tevening and finally ran up a bill of $8.25. He had not the wherewithal to pay and at Twenty-fourth avenue, in the fog of the Richmond district, Rogers stopped his car and turned his passenger over to Patrolman T. F. Naughton. The young broker, who is a member of the Olympic Club, and prominent socially, was hurried to the Hall of Justice and later released in $10 cash bail. When the case was called in Judge Deasy's court this morning Fay Beale was on hand to explain to Assistant District Attorney Caubu that it was all a mistake and that Hammersmith's credit was good. The case of defrauding a chauffeur was dismissed.

The only one to suffer in the transaction was Patrolman Naughton, who, after eight hours in the fog, had been forced to go to court instead of being able to go home to bed following his tour of duty.

SACRIFICE FAILS TO SAVE SUICIDE

Marine Fireman Gives Pint of Blood in Effort to Revive Man.

SAN FRANCISCO, Oct. 11.—Although Harry S. Bender gave more than a pint of blood in an effort to save M. Giovanni, of 1315 Stockton street, from death, his sacrifice was in vain and the unfortunate man pased away at 8 o'clock this morning.

Giovanni attempted suicide last evening in his room by turning on the gas. He was found unconscious and hurried to the Central Emergency hospital. Shortly before midnight it was seen that the end was rapidly approaching and Chief Surgeon Weeks and Dr. H. C. Maltziger asked for a volunteer to give of his blood to save the man's life.

Harry S. Bender, a marine fireman of 1738 Fillmore street, consented to allow a transfusion of blood from his arm, and it was believed that Giovanni's life had been saved.

The patient rallied and improving symptoms were visible for a short time. During the early morning hours he grew steadily worse, however, and death ensued.

BUSINESS PROSPECTS CAUSE OF SUICIDE

SAN FRANCISCO, Oct. 11. — Fearing that his business would be ruined through his being forced to move to a new location, John Mathiesen, a saloon keeper of 4001 Twenty-fourth street, committed suicide early this morning. The building in which Mathiesen's place of business is located is to be torn down by the owner to make place for new improvements. The saloon keeper was last seen alive at 10:30 last night and this morning at 9 o'clock his wife found him dead with two gas jets fully open.

STRIKE BREAKERS ARE VICTIMS OF POISONING

NEW YORK, Oct. 11.—[illegible] breaking bookbinders, housed in a building on West Thirteenth street, occupied by P. F. That poison was given the men was the belief expressed by the police and physicians.

McCOMBS RECOVERS.

NEW YORK, Oct. 11.—William F. McCombs, chairman of the Democratic national committee, who has been ill for two months, will take active charge of the work of the campaign next Tuesday. McCombs has sent a personal contribution of $500 to William Sulzer's campaign fund, accompanying it with the statement that he will do what he can to help elect Sulzer to the New York governorship.

CONVENTION ADJOURNS.

BRANFORD, Conn., Oct. 11.—Hopelessly deadlocked, after the 205 ballots, the Republican state senatorial convention for the Twelfth district has adjourned until Tuesday. For the first 150 ballots there was no change and then one of the three candidates withdrew. The other two remained tied for the coveted nomination throughout the next 55 ballots.

REV. P. C. YORKE TO LECTURE SUNDAY

"Trip Through Rome" Will Be Subject of Illustrated Lecture.

The lecture of Rev. Peter C. Yorke, entitled "A Trip Through Rome," will be given Sunday evening, October 13, at St. Anthony's hall, East Oakland, instead of on Wednesday, October 16, as has been published. The proceeds of the evening will be devoted to the San Rafael Orphanage. Besides the lecture, which will be in four parts and illustrated with colored lantern slides, a varied program of entertainment, including instrumental and vocal solos, will be given.

The four parts of the lecture will introduce the "City of Souls," St. Peter's church and the Vatican, the "Forum of Rome," and "Among the Churches." These four subjects have been selected from a large list of subjects and should prove highly entertaining.

In order to give the public an opportunity to hear the scheduled lecture tickets have been placed on sale at the Pierce Hardware Company, on Broadway near Twelfth street, where they may be procured up to and including next Sunday afternoon.

TO SELL ART COLLECTION.

NEW YORK, Oct. 11.—The art collection and furniture of Herman Rosenthal, the murdered gambler, will be sold at public auction here next week for the benefit of his heirs. Rosenthal was known as a connoisseur in elaborate and artistic furnishings. Among his prized possessions were several notable paintings and costly collections of porcelains, ebony and Oriental rugs.

Believes This Will 'Cure Lung Troubles'

Consumption is a flattering disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact. If this trouble is present, it is no time for trifling. If a so-called "cold" has long persisted; if a cough is present [illegible] symptoms are present, such as fever or night sweats, weakness and loss of appetite, and perhaps some raising of mucus—do the sensible thing:—take Eckman's Alterative—as Mr. Bettersworth did.

Bowling Green, Ky., R. No. 4.

"Gentlemen: I wish to say for your Alterative that I believe it to be a medicine of unequaled value for all Bronchial and Lung trouble. The Spring of 1908, I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do any thing. But, at last, James Deering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles, I felt as well as ever in my life.

"I desire the world to know that I firmly believe that your Eckman's Alterative will cure any case of lung trouble if taken before the last stage. I will gladly write personally to any party wanting information in regard to your wonderful medi[illegible]

(Sworn affidavit) A. C. BETTERSWORTH

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in purifying the system. Does not contain poisons, opiates or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of [illegible] cures, write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

YOUTH ACCUSED OF SNATCHING PURSE

SAN FRANCISCO, Oct. 11.—David Blas, a 19-year-old lad, was arrested this morning at Bush and Kearny streets after a chase by Benjamin Chenowet and William Weiss, of 745 Bush street, who accused him of snatching a purse from a woman who had just left a car. The woman refused to give her name to Patrolman B. E. Wood and, her property being restored to her, declined to prosecute Blas. Nevertheless, Wood took the youth into custory and placed him in detinue at the city prison. According to [illegible] and Weiss, Blas snatched the pocketbook and ran, pursued by the woman.

POLICEMAN BEATS EDITOR.

KLAMATH FALLS, Or., Oct. 11.—The trouble between the publishers of the Klamath "Northwestern" and the city officials reached a climax when a personal encounter between City Editor Vance Hutchins and Policeman Hall, in the presence of Chief of Police Smith and Mayor Nicholas, neither of whom, it is claimed, made any effort to interfere. Hutchins was beaten on the head and face with a club and suffered from concussion of the brain. The "Northwestern" a few days ago [illegible] er of a gang of burglars operating here lately.

A Log On The Track

of the fast express means serious trouble ahead if not remedied, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If any of these exist, take Electric Bitters quickly and remove the cause by toning up the stomach and curing the indigestion. Manuel Heacheneer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at Logood Bros.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP; 25-CENT 'DANDERINE'

Save Your Hair! Danderine Destroys Dandruff and Stops the Falling Hair at Once; Grows Hair, We Prove It.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

CHICAGO'S BABY COLONY GROWS AT RAPID RATE

CHICAGO, Oct. 11.—During the first nine months of this year 31,246 babies were born in Chicago. This is an increase of 9878 over the number coming into the world during the same months of 1911, or 46 per cent. These figures are for births reported to the health commissioner. The estimated total of annual births reported and unreported is 55,000. If the present rate continues the reported number will be about 78 per cent of the estimated total.

JAPAN MAY EXPAND ITS MERCHANT MARINE

SAN FRANCISCO, Oct. 11.—Rumors of Japanese activity in expanding the merchant marine were set afoot here by the arrival yesterday of the Japanese freighter, Tsukuizan, from Otaru with a cargo of oak logs. It is the first time in several years a Japanese freighter called at this port and led to reports that Japanese shipping firms were negotiating for the purchase of numerous British tramp steamers to engage in the Pacific trade.

JOAQUIN MILLER TO GREET AUTHOR

Poet to Meet Gertrude Atherton at Democratic Meeting.

Joaquin Miller, Western poet, will greet Gertrude Atherton, Western writer, when she steps upon the stage of the Macdonough theater on the night of October 25. The famous woman novelist is coming to Oakland to plead for support for Woodrow Wilson, and Joaquin Miller has been a Democrat since he was old enough to vote.

Also, Miller is a warm friend of Hiram Luttrell, the Democratic candidate for Congress in this district, and is anxious to lend his friend encouragement.

Gertrude Atherton will appear here under the auspices of the Democratic county central committee, of which J. J. McDonald is chairman. She has been stumping through the South and drawing large crowds, who have applauded her wit and sparkling epigrams and listened with interest to her denunciation of the cave-man—Theodore Roosevelt.

Juanita Miller, the poet's daughter, will also participate in the program, singing some of her father's poems, to which she has set her own music.

TRAFFIC OFFICIALS TO VISIT CAPITAL

Chambers and Luce Will Attend Hearing on Rates.

SAN FRANCISCO, Oct. 11. — Edward Chambers and G. W. Luce, respectively the freight traffic managers of the Santa Fe and Southern Pacific, leave for Washington, D. C., in a few days to be present before the Interstate Commission when the suspended Pacific freight terminal tariffs of all the overland roads come up for final consideration.

The Spokane, Reno and other so-called intermountain rates are already in effect. With them as a basis, the roads revised their Pacific tidewater terminal rates so as to have them effect only overland shipments that come in competition with ocean-carried goods. Many non-competitive articles, like furniture and vehicles, being eliminated from this tariff, they took a higher rate.

Complaints from shippers about these and other charges caused the Interstate Commision some time ago to suspend the enforcement of the new terminal rates until it could set a date for a hearing. The time has been fixed for October 28.

When these rates are made effective in competition with the Panama route it is agreed by the railroad people they will stand until the Panama Canal opens for business. The volume of business by the canal may then cause them to seek reductions at the hands of the commission in order to meet this new competition. Only actual experience can guide them in this matter.

PEACE PRICE PUT ON TURKISH LOAN

Ottoman Empire Seeks $50,000,000 From American Group of Bankers.

NEW YORK, Oct. 11. — Another international loan, this time not to China, but to Turkey, is in process of negotiation. The amount of the loan is between $40,000,000 and $50,000,000.

The "American group" of bankers—the allied forces of the firm of J. P. Morgan & Co., National City Bank, First National Bank and the firm of Kuhn, Loeb & Co.—it is understood, has been asked to enter into the negotiations, and has done so.

Again, as with the six power loan to China, this present Turkish loan is primarily of a political and international character. The State department has entered into diplomatic negotiations, and in concert with the European powers, has taken up the question of a large loan to Turkey through allied international groups of bankers. It is believed that all the continental powers represented in the proposed Chinese loan of $300,000,000 are concerned in the present loan negotiations.

Peace between Italy and Turkey is the first and primarily important condition of the loan to Turkey. The negotiations were entered into about two months ago, long before there existed signs of an immediate cause for the war that has just opened in the Balkans. If Turkey expects to get this money, peace in the Balkans will be another strict condition.

The Montenegrin situation in the last few days has brought the loan question to a head, and active negotiations are now going on. Peace with Italy is assured if the loan goes through, and Turkey will have to grant certain concessions to its Balkan neighbors in order to patch up peace there if the money is to be loaned, was the understanding yesterday in Wall street.

APPROPRIATION SOUGHT FOR AGNEW ASYLUM

SAN JOSE, Oct. 11.—Bills to be presented at the next session of the state legislature asking for an appropriation of $400,000 for rebuilding structures at the Agnew State Hospital for the Insane, were drawn up yesterday at a meeting of the directors of the asylum. It was pointed out that temporary buildings erected for housing the patients in 1906 are entirely unsuited to the work and that the appropriations asked are only for the purpose of building up the asylum plant along the plans agreed upon when the original appropriations for new buildings were made after 1906.

It was said at the meeting that patients are desperately crowded in the barrack-like temporary buildings at the hospital and that relief is sadly needed.

THEATER MANAGERS FORM ASSOCIATION

SAN FRANCISCO, Oct. 11.—Managers of all the San Francisco theaters met last evening and organized the Allied Theater Managers' Association, with the object of establishing a stronger community of interests among the heads of the San Francisco playhouses, so that problems that continually arise may be met and solved through co-operation.

Among the first matters to be considered will be the perfection of sanitary conditions in theaters, the enforcement of rules for the safety of those who patronize the theaters and the regulation of outdoor advertising in keeping with the spirit of the city beautiful.

MARK REQUA RE-ELECTED ASSOCIATION PRESIDENT

Directors Are Chosen by the Organization to Raise $50,000 Campaign Fund

(Continued From Page 1)

study of conditions as they exist. Every feature of the situation will be canvassed and an effort will be made to introduce the scientific efficiency and method of the great corporations into the affairs of the city and county governments. The plan will then be referred back to the association for approval and will be recommended to a board of freeholders to be elected with power to frame and submit a county charter in accordance with the provisions of the recent enabling act.

CAMPAIGN FOR FUNDS.

The first step to be taken will be the appointment of a representative committee of men from the various municipalities, business and professional men and experts in municipal and governmental affairs. One of the first duties of the committee will be the launching of a campaign for the raising of $50,000 to finance the work. This will be undertaken immediately.

The enabling act passed by the legislature provides for the election of a board of freeholders to frame a charter. This charter must be framed in 120 days. It is thoroughly realized that this does not begin to be a sufficient length of time in which to put through so comprehensive a work in the pioneering of city and county government and in introducing system where there has never been system before. The work of the committee will be to have a plan of standard value and worth already formulated when this board of freeholders shall have been elected by the people.

President Requa, in explaining the plan which has been worked out tentatively by the Tax Association thus far, pointed out several features, among these being the short ballot, by which the people will be permitted to cast an intelligent vote upon a few elective offices in place of the haphazard and unintelligent vote upon a host of minor offices. He stated that in one year there would not be more than three elective offices to be filled by the vote of the people.

Another feature of the plan was the creation of a position of general manager to be filled by an expert, who should receive not less than $15,000 a year. This general manager would be appointed as city and county general manager by the general board and must be a man of previous expertness and success in handling large affairs. The plan would be that of German cities, whereby the official would hold office indefinitely, providing he successfully performed the duties of his office.

President Requa pointed out that the scheme looked toward a division of two phases of government which have hitherto been confused. One was the administrative or executive phase, which should be in the hands of specialists and experts, as in the case of a large corporation. The other was the representative quality of government. Both should be carefully guarded, but should be kept distinct.

Representation of the smaller communities must be safeguarded by a careful system of representation in the general board by the working out of a multiple system in voting on the general board.

ADDRESS BY REQUA.

In opening the meeting President Requa told of the work of the Tax Association and gave a brief summary of the project to be undertaken as soon as the fund of $50,000 to finance a scientific handling of the problem should be assured. He said:

"Gentlemen: It is admitted on every hand that our form of city and county government is far from satisfactory. We know that gross inequalities exist in the assessment valuation of property; we know that there is no scientific method of assessing used, either in the city of Oakland, or the county of Alameda, and it is also well known that there is gross inefficiency in the expenditure of tax money. All this is due primarily to the lack of system characterizing the conduct of our county and city offices.

"There is useless duplication of work in the city and county; there is a woeful lack of any centralized authority, and if weighed in the balance with the great private corporations we shall be found so utterly deficient as to be without excuse and without the possibility of defense.

"It has been the object of this association since its inception to work for the application of those business maxims that have made possible the success of the corporations.

"We have shown in our various bulletins that it is possible to save materially in every county office so far investigated, and it is unquestionably possible to also save in every office as yet uninvestigated by us.

CLEAN CUT PROGRAM.

"At the beginning of our work we had no clear idea of what its termination would be, but today I come before you with a clean-cut program, the result of nearly two years' investigation and thought. It is this:

"That the Tax association organize a committee, the members of which shall be chosen because of their expert knowledge; that this committee hire the necessary assistance and investigate contemporaneously the county of Alameda, and the cities therein; that the reports of the various investigators, placed upon this work, be considered by the committee, and used as a basis for the preparation of a county charter that will be a document, standard, not only in California, but throughout the United States, and that will be as nearly a model as it is possible to make it.

"It is proposed to employ in consulting capacity experts of national reputation, as well as those who live in California.

"I am pleased to announce that I have already received the consent of Professor Plehn, chosen because of his ability; of Professor Barrow, chosen because of his ability; Professor Reed, chosen because of his ability; Professor Cory, chosen because of his ability and of H. S. Robinson of the civil service commission, of Oakland, chosen because of his ability.

WILL HAVE EXPERT ADVISERS.

"These men are the nucleus of our expert advisers. We have arranged to secure the services of Messrs. Lower and Miles, of the civil service commission of Chicago, who have also been chosen because of their ability, of Henry Bruere of the bureau of municipal research of New York; H. S. Gilbertson of the National Short Ballot organization of New York, Robert W. Belcher, secretary of the Civil Service Reform league, chosen also because of their ability.

"I shall name upon this committee men of the various cities of Alameda county, [illegible] and to them will be submitted this problem.

CHART AND EXPLANATION.

"You have before you a chart and an explanation. This chart is only tentative. It was devised with a purpose in view of starting the discussion. It may or may not be altered, but I believe that the basic principal of a short ballot with a large number of appointive officials subject to civil service and the merit system working under a general manager, and in turn reporting to a board of control will in the end be found adopted.

"It is my desire to have a vote of interest taken here this evening, but before that is done I want you to listen to short statements made by Professor Reed, of Berkeley; by District Attorney Donahue and by Mr. Robinson of the civil service commission of Oakland. Because of the fact that Professor Reed has to catch a train leaving Third and Townsend streets, in San Francisco, at 10 o'clock, I shall ask him to speak to you first."

REPLIES TO QUESTIONS.

President Requa, in answer to questions from the representatives of the communities involved as to the freedom of the various districts to handle their own affairs, explained this phase of the proposed plan as follows.

"When the work of consolidation is complete the question arises as to what is left of the separate municipalities. The answer is, the whole field of strictly local affairs.

The cities of California enjoy a peculiar measure of freedom with reference to their local powers. There is practically no limit outside of the financial one to the lengths they may go in developing their resources, satisfying their public needs and giving play to their individuality.

Under the proposed arrangement this measure of local independence would not be curtailed in any essential respect. The county would continue to be a corporation of expressly defined or enumerated powers. The cities would continue to be corporations of unlimited or general powers within the field of strictly local activities.

"In framing a federated or consolidated government, which will be efficient, economical and at the same time reflect the wishes of the citizens of the county and the municipalities better than the present confused and overlapping system which we are undertaking to revise there are many problems to be disposed of.

"The first consideration is the constitution of the county governing board, in order that the proposed government may be of a truly representative character. This should not only represent the citizens of the districts, but also the corporations composing the county federation.

"By practically universal consent, a large deliberative or legislative body is conceded to be unworkable and a sure means of hiding responsibility. It is perfectly devised for what is known in street parlance as 'passing the buck.' California is to be congratulated for not having copied the large county board of some of the eastern states.

COMMISSION GOVERNMENT.

"The growth of commission government in American cities if it has shown nothing else has demonstrated the value of focusing large responsibilities upon a few men who exercise practically the entire power of the corporation. They are in the limelight all the time; they cannot escape public notice, and they are given the means to execute responsibilities thrust upon them.

"The existing system of county government is the exact antithesis of the commission plan. If we are to adopt the first principle of the commission government and the one which is chiefly responsible for its success, we should have a comparatively small county board vested with very large authority.

"Now it is obvious that the interests of the municipalities within the county demand that their representatives in the county board demand that their representatives be chosen by districts and not at large, as is usually the custom in commission governed cities. Every city in the proposed county government should have at least one representative. It is of course clear that the three largest cities should have a much larger representation in the board than smaller places like Piedmont and Hayward.

"Yet it would be unfair to give the large cities representation in exact proportion to their population. If the population of one of the small cities was taken as the unit of representation the result would be a body so unwieldy that it would be impossible to handle. On the other hand it would be just as obviously unfair to the other members of the proposed county federation to allow Oakland its proportionate share of representatives as it would then dominate the county on all questions.

MULTIPLE SYSTEM OF VOTING.

"It is quite possible, however, to derive the advantages of a comparatively small board, at the same time giving adequate representation to all of the units by means of a multiple system of voting in the case of representatives of the three largest cities. As the plan has been tentatively outlined the city of Oakland would have three supervisors, each entitled to cast three votes on all questions; Berkeley and Alameda would be entitled to two supervisors who would cast two votes each on all questions and all of the other cities would be entitled to one supervisor who would have one vote each.

"Even this arrangement would not give to every city a voting power exactly proportionate to its population. It has been intentionally provided that the smaller cities shall have a relatively greater voting strength than the larger ones.

"Under such an arrangement it is not possible for Oakland to control any situation at the expense of the smaller communities as might be the case if the representation was fixed on a basis of population only."

PROF. REED SPEAKS.

Professor Thomas H. Reed of the University of California was called upon as the first speaker of the evening by President Requa. Reed spoke as follows:

"There are two great problems connected with the handling of county and city government. One is the conflict between the city and county functions. This condition is usually complex in California because in this state you have no adequate township organization.

"There must be a complete city and a complete county government under the present system. This is an absurdity. What we must arrive at is a rational and proper differentiation of the functions of the two.

"The other problem is that of the organization of the powers and duties of the county, the question as to what form of government the county administration should assume. There appears to be much that is valuable and suggestive in this proposed plan, but I am not prepared to say that this is by any means the last word to be said on the subject.

EXPERT INVESTIGATORS.

"But I am absolutely in favor of the idea of the appointment of a committee of persons interested in county government to create a board of expert investigators to look into conditions and report what they find and to draw up a plan that will satisfy the needs of an economic and efficient city and county government. It is a great plan and one that should meet with general endorsement.

"The extraordinary thing about this plan, about this way of going about the [illegible] is the first thing in history that such a scheme has ever been undertaken. It is the first time it has been proposed to do the job this way. The usual method is to elect a group of inexpert freeholders, and give them a stipulated time in which to turn out a haphazard and inadequate document. But this plan is to the plan of scientific investigation. It is proposed to study and learn what the situation is, what the difficulties are and then to apply the remedy.

IMPORTANT POINT.

"An important point as far as the elective features are concerned is that it proposes that while the elective officials shall be representative, you must have trained men, experts who shall administer the affairs of such a government.

"For altogether too long a time we have trusted to the ubiquitous genius of the American people in the matter of government. It has been supposed that any man, picked and chosen in any manner imaginable, could perform the difficult functions of government merely by virtue of having placed upon his shoulders the mantle of office. It has been the wonder of the world that with such a system we have succeeded as far as we have. It has been the wonder of the world that we have such a decent government as we have, considering the way we go at it. The ordinary man thrust into an office has succeeded once in a while, where we should have expected him to fail all the time.

"What we need is a corps of expert servants. We want public servants who shall be just as well trained for their duties as servants of any private corporation. We might as well call quits on the attempt at government altogether if we don't know that the people will ultimately and must utilize the services of [illegible] same efficiency from their employes as do private corporations.

MUST BE REALIZED.

"If you are a Socialist you must realize this, and if you are not a Socialist it is still apparent. Any suggestion that the people cannot get expert service would make the blue eye of the Socialist Mayor of Berkeley blaze with anger.

"In studying the problem, it has seemed a strange thing that whereas all the municipal systems of European countries are apparently fundamentally different in form, they are all immensely more successful than our attempts at the same thing. France and England and Germany all differ, but all have achieved a considerable measure of success. The reason is that all these European plans have one thing in common, and that is that the local governmental administration is in the hands of experts who hold office during good behavior and successful performance of duties. That is the real reason they have efficient government.

THINGS ARE CONFUSED.

"We have confused things here. We have mixed the administrative and the representative functions of government and gotten ourselves into a muddle. We have splendid men on our representative councils and boards, men who are truly representative. But if you imagine that they are capable of managing efficiently large city departments, there must be some diseases of your imagination."

The mass meeting last night was the occasion of a severe reprimand being administered by District Attorney W. H. Donahue to Charles F. Gorman, president of the Alameda County Civic League. The civic league made arbitrary demand upon the supervisors for a larger reduction of the county tax rate, and when it was found that this could not be granted members of the association attacked county officials in the matter.

Gorman was invited to speak last night and apparently went out of his way to criticize County Assessor Fred Horner. The tax association had confined its work to a study of conditions and an attempt to remedy these, giving the men in office credit for their good intentions and their efforts to better conditions.

GORMAN NOT CONTENT.

Gorman was not contant with this, and later when District Attorney Donahue was asked to speak he referred to the criticism made by Gorman.

"The tax association is going at this problem in the right manner," declared Donahue. "The men of this organization deserve praise for their energy and initiative.

"They deserve praise for another matter as well. I have never know them to criticize unless they were able to suggest a remedy for the condition with which they found fault.

"I have nothing but the greatest contempt for any man who wantonly criticizes a public official and attempts to pull down a system without having something better to put in its place. I feel sorry for such a man, for he is doing something that is a detriment to himself and to his community.

"Criticism of this unjustifiable character pulls down and discourages men who are trying to do their best to perfect government. It is very easy to criticize, but to do so thoughtlessly and without an attempt to aid is a cowardly thing.

"It has been a pleasure to find that the tax association in its bulletins has never attacked unless it has been able to suggest a beneficial change.

TELLS OF WORK.

Gorman had been called upon as president of the Alameda County Civic Association, which has been asked to give its support to the project of employing experts to formulate a charter that will remedy present conditions. Gorman went into the work of his own organization. He said:

"It is rather pathetic to think what the people have had to endure. Look at what some have suffered from inequalities of taxation. The civic association made a study of conditions and has remedied some of these. Had it not been for the action of the civic association this would not be as good as they are.

"For one thing, the assessor of Alameda county is not an assessor, but a politician, and a very fine gentleman. But the men under Mr. Horner are the same as those who were employed by Dalton. Had it not been for the efforts of the civic association you would probably have had just as bad a dose as under Mr. Dalton. Men in that office have made no changes in many places in the past four or five years. These men are not experts, they are paying more attention to who will be elected assessments. Every four years they run the chance of being turned out, and they must pay attention to politics.

"The thirty-seven improvement clubs represented in the civic association will investigate this plan proposed by the tax association, and if it is right, there is no doubt but that they will get behind it and will carry it through."

EXPRESSES CONTEMPT.

In replying to Gorman, District Attorney Donahue not only expressed contempt for one who would criticise a man whose intentions were admittedly good, but spoke of the general principle involved, and took up the defense of the employes who have been doing their best to serve the people under the present conditions. In introducing Donahue, President Requa expressed his high regard for the integrity and ability of the district attorney, and added a word of praise of the men in office:

"All our investigations show that the trouble has been with the system and not with the men," said Requa. "It has not been a question of lack of efficiency, but a lack of opportunity. All the officials of the city of Oakland and of Alameda county have expressed their approval of the proposed plan and of our work. They have been unable to make progress and to do better than they have done because fool legislatures have passed fool laws which have hampered them.

"There is no office more important in the county that that of the district attorney, and I am glad to say that we have had the cordial co-operation of Mr. Donahue in our work. He has assigned to us the services of the civil expert in his office, and has helped us in every way."

BETTERING CONDITIONS.

Donahue took up the work of the assessor's office, which had been criticised by Gorman. He said:

"The question tonight, it would appear, is not whether we approve specifically of the plan of organization suggested in the scheme presented, but whether something cannot be done to make things better.

"Take the assessor's office for instance. The county assessor has to cover the entire county, must go into each city with his assistants and place his valuations. On top of his work comes that of the assessors of Oakland, Berkeley, Alameda and so on, who go over exactly the same territory. It is inevitable that there should be differences and that there should be mistakes. You would not run a private corporation that way.

"You have a tentative plan before you tonight, and much emphasis has been laid upon the matter of employing experts to do the work. But I tell you that you have the material for expert workmen in the employes that are in your hands.

"I know why H. S. Robinson of the Oakland Civil Service Commission has been making so great a success in the work of reorganizing city department. It is because he has taken employes and officials into his confidence, and has worked with the material he had on hand.

ALL NOT EXPERTS.

"This plan does not, I hope, mean that everybody must be an expert. You have people who can do the work now, but they have never been given a chance. I can show you men that under proper chances of development and a real system, would be as efficient as men you can get anywhere.

"These men should be under a well-established merit system, and should be protected by civil service. Then they could set their minds to their work and could do it right. The men in great corporations who have worked up through the ranks. They are not necessarily trained experts from the outside, but men who have learned their business from practical application to their duties. With the men we have now we can give an economic and efficient service, if you give them a chance.

"I see a member of our board of supervisors in the audience. Ask him why the tax rate was fixed at the figure it was. He can only tell you that he fixed it in accordance with the dictates of his conscience and as he was forced to fix it upon the reports of departmental expenditures. With the system as it stands, that supervisor had not more power to curtail those expenses than you have. It is an expensive system, and one that should be changed. With this realization, I think this association will be given the hearty support of the county officials."

ROBINSON AGREES.

Harrison S. Robinson, president of the Oakland civil service commission, gave his endorsement to the plan. He said:

"I heartily agree with Mr. Requa and others who have spoken favorably of this plan of devoting time and study to the business of formulating a new charter. I know that what Professor Reed said about the way charters are made is correct, for I was a member of the board of freeholders which framed the Oakland charter, and I know that the work cannot be done efficiently as we tried to do it.

"Under the law governing this matter a board of freeholders to be elected by the county must frame and present signed and delivered a charter within a period of 120 days. We had 90 days to frame the Oakland city charter and from any experience I state that it is absolutely impossible to get up a document satisfactory to anybody in that time.

"The only way to do it is by just such a plan as you have before you. You must canvass the facts, look over the actual field, investigate the local needs and failings and search out remedies from the experience of others. You cannot expect it to be humanly possible for any board to accomplish this end in the time allowed.

"Nothing can be worth while which is not planned to work in the everyday world day by day in the individual community, and it is well that the intimate connection would be preserved between the officers in each community and the people and the board of experts. The officials representing the people in the individual communities should have intimate knowledge of the needs of the people and of the working of the departments. This is about as necessary as that of expert service.

"I deem it extremely important that these officers who are in a position to know the needs of the people should be made to realize that their co-operation and sympathy is desired.

Fred W. Searby of Berkeley, representing the City Club, pledged the endorsement of that organization.

President Requa asked that a vote be taken on the proposed scheme to raise a fund and prosecute the work. On the motion of Fred J. Woodward it was decided that the officers of the tax association should be instructed to proceed to the appointment of a committee to raise funds and carry on the work.

Requa Re-elected Association Head

The mass meeting was preceded by a regular meeting of the Tax Association, at which the officers for the ensuing year were elected. Frederick Kahn acted as temporary chairman during the nomination and election of officers.

Mark L. Requa, who has been the head of the Tax Association of Alameda county, was re-elected president, Secretary W. S. Gould casting the ballot for the meeting.

The nomination committee brought in a report as to the nomination of directors of the association and this was unanimously adopted. These men will have charge of the campaign to raise funds and appoint a board of experts to formulate a scientific working charter for the cities of Alameda county. They are as follows:

Officers—M. L. Requa, president; W. W. Garthwaite, vice president; Frederick Kahn, vice-president; W. E. Woolsey, vice-president; L. C. Morehouse, vice-president; J. N. Arendt, vice-president; W. S. Gould, secretary.

QUEEN OF CONCORD FESTIVAL CROWNED

WALNUT FETE BEGINS IN BLAZE OF GLORY

MISS ALIENE LAMBERT, QUEEN OF WALNUT FESTIVAL, AND (BELOW) MISS LILLIAN DONNELLY, MISS GRACE SHEEHAN, MAIDS OF HONOR — W. I. Photo

Decorated Auto Parade Is Feature of Second Day's Festivities

CONCORD, Oct 11—The walnut festival was formally opened here yesterday afternoon with the crowning of Queen Aliene (Miss Aliene Lambert) by Mayor H H Ellworthy, who then presented her with the key of the city. The queen arrived yesterday morning at 10 o'clock, accompanied by her maids of honor, Miss Lillian Donnelly of Martinez and Miss Grace Sheehan of Concord, her prime minister, Guy E Green, and her pages, Miss Ruth Dunn and Miss Rose Vascan.

The royal party was met at the station and escorted from its private car by Mayor Ellworthy and a committee of officials. The party was taken to waiting automobiles and a parade was formed, traversing the principal streets, headed by a brass band. Arrived at the grounds the queen and her escort were taken on a visit to the various exhibits and an informal reception was held.

The coronation was held at 2 o'clock at the music stand in the plaza. The ceremonies were followed by a dedication of the new music stand, presented to the city of Concord by the local parlor of Native Sons. The dedicatory address was made by Assemblyman M R Jones of Martinez. The rest of the afternoon was spent in visits by the queen and her party to the shows and exhibits in Recreation square and an informal reception in the exhibit hall.

CHRISTEN PRODUCTS HALL.

Products hall, the main exhibit hall in the festival, [illegible] portion of the square, was christened by Queen Aliene last evening. The hall contains exhibits from every district in the county. At the close of the christening Queen Aliene led the grand march at a coronation ball given in her honor in Concord Inn.

In order to accommodate the visitors to the carnival a train of sleeping cars has been secured, where the guests are quartered for the night. Great interest has been manifested in the exhibits and particularly in the poultry exhibit where more than 300 birds are shown by well-known fanciers from all parts of the county. The judging is going on under G C Hinds, secretary of the Alameda County Poultry Association.

FESTIVITIES CONTINUE.

The festivities will continue today. The day was launched with a live stock parade in the morning. The feature of the afternoon was a decorated automobile parade. Prizes will be given for the best decorated machines. In the evening an address will be given by Professor A J Cook, state commissioner of horticulture.

Saturday will be known as Richmond day, with front day and children's day. A horse parade and a football contest will be staged in the morning, and the afternoon program contains as a feature a parade of school children of Contra Costa county, athletics and games. The merrymaking will reach its height on Saturday evening with a confetti ball, and the festival will be closed with a Mardi Gras fiesta in Recreation square.

FRATERNITY BARRED FROM PLEDGING MEN

CHICAGO, Oct 11.—The University of Chicago Chapter of the Alpha Delta Phi fraternity was barred last night by the inter-fraternity council from pledging men for a full year. The action followed a finding that the fraternity had disobeyed the regulations against tampering with other fraternity pledges.

The specific charges were brought by Delta Tau Delta, and were reinforced by testimony from Delta Upsilon members. The Delta Tau Delta members alleged that the members of the accused fraternity came into the house of the former and took home a freshman pledge and entertained him for a full afternoon.

It is said Alpha Delta Phi may withdraw from the council, which would prevent participation in inter-fraternity athletics, dances, smokers and other amusements.

WILL BE NATIONAL BANK.

WASHINGTON, Oct. 11.—The treasury department has received an application to convert the Farmers' Co-operative Union of Sutter county, California, into the First National Bank of Yuba City, capital $50,000.

CHICO SUICIDE MAN WANTED IN ILLINOIS?

CHICO, Oct 11 — From a letter received by Chief of Police Goe last night from the chief of police of Decatur, Ill., it is believed that Dr Benson Elliott, who last week hanged himself to an alder tree in the Bidwell Park, was none other than Sidney Flower, a Free Thought practitioner of Illinois, who was wanted by the police for swindling several people, particularly a young woman of Decatur who lost something like $2000. The Decatur chief of police declares the description is identical with Flower's and that the articles found in the dead man's pocket point to almost certain identification. The Decatur authorities ask for information as to who claimed the suicide's body.

20 CENTS FOR NEW HOPS.

SANTA ROSA, Oct. 11.—The market for the new crop of hops opened yesterday with the purchase by Hall & Frasier of 325 bales from Harry L Hall, at 20 cents a pound. Prior to this, 18½ cents had been offered. Growers who contracted at 27 and 30 cents are apparently money-makers at this time although it is expected that the price will advance.

AID ASSOCIATION TO VISIT THEATER

Orpheum Party Planned by the Employes of Taft & Pennoyer.

The Taft & Pennoyer Employes' Mutual Aid Association will hold its annual theater party this year at the Orpheum Monday night October 14. Contrary to the usual custom, the proceeds will not be placed in the social fund, but will be presented to one of the association members who for the past year has suffered reverses caused by much sickness and a death in his family.

The organization hopes to realize a neat sum as a large number of friends of the members are to attend to help the good cause along. Those who desire to attend are requested to purchase tickets from the Mutual Aid Association direct.

The committee in charge of the affair includes W H Thelle, Miss M Hanlon, J J Brown, Mrs M B Gibbs, J S Gilmore and Mrs M Patterson.

SICKLES MUST GO IS BANK'S DICTUM

Another Attempt Will Be Made to Oust Civil War Veteran.

NEW YORK, Oct 11 — Unless wealthy friends come shortly to the financial assistance of General Daniel E Sickles the warrior and statesman probably will lose his home at 23 Fifth avenue, where he is spending his declining days, surrounded by rare art pieces and books he has gathered in his travels all over the globe.

After holding off as long as it was able to do under the State banking laws, the Bowery Savings Bank has notified General Sickles and his wife from whom he is estranged, that foreclosure proceedings are to be instituted immediately on a first mortgage of $118,000 it holds on the property at 23 and 25 Fifth avenue. Mrs Sickles, who once before saved the General's home by pledging her jewels to pay one of his debts will do nothing further because of the attack he made on her at the time she paid the first debt.

President H A Schenck of the Bowery Savings Bank declined yesterday to tell when proceedings would be begun, but it was learned that attempts will probably be made to serve the papers on General Sickles today.

WEALTH TO STATE INCREASES $320,483,822

SACRAMENTO Oct 11 — The grand total of the assessed valuation of property in the State of California for 1912 is $2,920,400,512 according to a tabulated report by counties sent by State Controller Nye to the printer yesterday.

The increase of $320,483,822 over the valuation assessed throughout the State in 1911 is not considered an abnormal one by the Controller's office. It reports the development of the State during the last year.

NAPA BOY IS DROWNED.

NAPA, Oct 11—Harold Darbo, 11-year-old son of Mr and Mrs John Darbo, was drowned yesterday in Napa river, of Dinwoodie street. He aged 11 years, and was seized with cramps. Delre escaped to the bank of the river, but was unable to assist young Darbo.

MOTOR CAR NOISE BANE OF DYING AUTO MAN

LOS ANGELES, Oct 11—John McRae, one of the most prominent automobile dealers of Southern California is dead after a lingering illness at a local hospital. According to his own statement, his worst suffering came from the reports of automobile exhausts and cut-offs as they raced by the street beneath his sickroom. McRae had spent many years among automobiles and had sold hundreds of machines, but in his last illness the noises made by the machines in pulling up a hill near the hospital shattered his nerves. The cause of death was stomach trouble. The body will be shipped to his old home at Buffalo for burial, accompanied by his widowed mother, who spent much of her time at his bedside.

"If I ever get out," he said, "I will dedicate the remainder of my life to the suppression of automobile noises in the city, and especially near a hospital."

The War in the Balkans.

Take notice that Montenegro began hostilities by invading Turkish territory and attacking a Turkish fortified position. In all probability this was done in accordance with a secret understanding between Bulgaria, Servia and Greece who want war, but who are afraid to defy the great powers. Montenegro was selected to open the ball because she has nothing to lose and is too insignificant to hurt anybody. With her 228,000 inhabitants and a petty military establishment, it is inconceivable that Montenegro should feel able to go to war with Turkey alone.

It is clear that this is a war of aggression. Desire to add to their territories has prompted all four of the Balkan powers leagued together against Turkey to enter into the coalition. As a pretext they have demanded autonomy for Albania, Macedonia and old Servia, but they knew the demand would be rejected when they made it and hoped that in the war which was sure to ensue they would be able to extend their dominions by trimming the Ottoman. That they counted on Italy's help is evident. The king of Italy is son-in-law to King Nicholas of Montenegro, and Italy was already at war with Turkey over Tripoli when the Balkan plot was formed.

But Italy has made peace with Turkey and the Balkan powers will have to contend with Turkey alone, and may be disciplined by the great powers for breaking the peace of Europe without adequate cause. Austria plainly shows a disposition to play the policeman and stop the row.

In a trial of military strength the parties are not so unequally matched, although Turkey suffers from the disadvantage of having three frontiers to defend. Bulgaria, Servia, Greece and Montenegro have a combined population of 9,340,410 as against 6,130,200 for European Turkey. But in Asia the Sultan has 17,683,500 subjects from whom to draw fighting men. Egypt is nominally a Turkish province, but Egypt will probably remain neutral in this war because England really owns and governs the Khedive's dominions.

On a peace footing the Turkish army largely outnumbers the combined strength of the coalition. She musters 375,000 in her standing army with a reserve of 350,000. Bulgaria has a peace strength of 52,500 and a reserve of 297,000; Servia's standing army numbers 35,000 with a reserve of 140,000, while Greece has 25,000 under arms and 25,000 reservists. Montenegro can muster only a few thousand men—she cannot put a single completely equipped army corps in the field.

Thus the coalition can only put 112,500 trained men in the field, not counting the Montenegrin contingent, against Turkey's 350,000. But their reserves foot up 472,000, while Turkey's number 350,000 on paper. On a war footing the combined strength of the coalition totals 584,000 men against Turkey's 725,000. Probably the regular troops of the Sultan are superior to their Christian foes in morale and organization, while the advantage is on the other foot as to reserves.

Still Turkey has a large population animated by religious fanaticism to draw on for recruits. Her treasury is bankrupt, but Turkey has repeatedly shown her ability to put up a desperate fight without money. Turkish soldiers will fight without pay or clothes, and almost without food, in a war to repel Christian invasion. No other troops will endure the privations that Moslem troops will endure; none will fight so bravely half starved, ill-clad and ill-treated as the Turks will do in a pinch. No other power can assemble a large and formidable army without money. Turkey can assemble an army that will fight like a starved bulldog, and endure cold and hunger with the stoicism of a red Indian.

This war will be one of inexpressible horror if it is allowed to go on. Race hatred and fanaticism on both sides will make it mercilessly cruel. The history of the struggle will be a tale of massacres and burnings in which neither age nor sex will be respected. It will be a war of extermination.

The Colonel wants Penrose thrown out of the Senate—probably to have William Flinn thrown into his seat. The reform accomplished by substituting Flinn for Penrose will not be visible to the naked eye, but it will shine resplendent if viewed through Bull Moose spectacles, just as Tom Finn's virtues are glorious to the eye of faith.

A chap named Riker modestly proposes to dam the Gulf Stream and send the warm current to take the chill off Greenland and melt the icebergs in the polar seas. His plan is quite simple. He proposes to build a riprap dam 200 miles long off the coast of Newfoundland and stop the Gulf Stream from switching off eastward to warm the British Isles and the northern shores of France and Germany. The only trouble with the scheme is that nobody can be induced to put up for the dam or to see that any benefit can be derived from freezing Great Britain and warming the shores of Greenland. The Chinese wall would be a model of utility by comparison. But it's a big scheme nevertheless, and entitled to rank with Dr. Cook's discovery of Symmes' Hole in scientific annals.

If the proposed racetrack law should be ratified at the polls it will be a triumph for the initiative and referendum.

An Example for Oakland.

One day last week nineteen ships cleared from Galveston for foreign ports carrying cargoes to the value of $11,054,506.

Think what this means to a city! What a great thing it would be for Oakland if we could say that in a single day nineteen ships sailed for foreign ports, laden with products valued at more than $11,000,000! It takes a great deal of freight to load nineteen ships. An enormous traffic would have to flow into the city to bring in such a quantity of freight. The handling on that enormous volume of freight on the waterfront would make our docks and wharves a scene of busy activity. It would give employment to hundreds of men, while the shipping would distribute a large amount of money in local trade. It is true California has no great freight staple like cotton in demand for foreign shipment, but this State can produce a variety of staples with which an export trade can be developed.

Let us strive to make Oakland the point of export for all the products of this section of California. Galveston is the second exporting city in the United States because she is a railroad center and has provided herself with abundant facilities for handling and transferring freight from car to ship. Oakland should do the same. We have the railroads and the natural advantages; pluck and enterprise ought to do the rest.

The Colonel seems to be losing his old-time fire. "I am a [illegible] man," he declared at Houghton, Michigan. "And anybody who disputes it is a liar," he would have added in the old

MAKING ETHER MORE SAFE

If future experiments confirm the success achieved on Monday at the Brooklyn Naval Hospital, when five patients were put under the influence of ether by an improved process, there will be every reason to say that one of the most notable discoveries has been made since ether was first administered by Crawford W. Long more than sixty years ago.

The veriest layman is familiar with the fact that the nauseating action of ether as at present administered is one of its most serious disadvantages, and that in many cases the difficulty of anesthetizing the patient is the most serious feature of an operation. For four months Dr. J. T. Gwathney, in company with Dr. W. C. Wolsey, both of New York, has been at work on the principle that the odor of the essence of orange is ten times stronger than that of ether, by actual test. By the use of an apparatus invented by Dr. Gwathney, the olfactory cavities of the patient are thoroughly filled with vaporized essence of orange, which is gradually mixed with ether until unconsciousness results. Practically during the entire time the predominating odor is that of orange and not of ether. The patient displays none of those tendencies to struggle against the stupefying fumes which imperil his own safety and prolong the labors of the anesthetist.

Under the new process the amount of ether necessary to keep the patient in a state of unconsciousness diminishes as the operation progresses, while under the old process one of the grave dangers of an operation was the necessity of continuing to pour more and more ether upon the sponge until the patient was literally steeped in its effects.

Again, the lasting nausea incident to the reaction from an operation is reduced to the minimum. It is stated that after an operation for appendicitis, for example, the patient regains consciousness within two or three minutes after the last stitch is taken, suffering practically none of the after effects which marked the old process.

While the smaller amount of the anesthetic necessary may seem of small economic value, it is pointed out that it is at least highly important in time of war, and as the experiments were recently made in a naval hospital, this fact was not allowed to escape notice.

The difference between drifting away in an orange dream and struggling with the sickening sense of falling into an abyss is great enough, as every one who has undergone a major operation fully realizes. But when we consider the extent by which the actual danger of administering the drug is reduced, the benefits of the discovery are difficult to compute.—Washington Post.

ABOUT SOME PERSONS

Senor Guillermo, Billinghurst, ex-mayor of Lima, just elected president of Peru, was born of English parents, who settled in Peru over sixty years ago. He is a native of Africa. In 1868, when his family was practically ruined by the earthquake, he went to Iquique and devoted himself with much success to scientific research work. His political debut dates back to 1874, when he was elected secretary of Iquique province. In that year he published his book on "Municipal Legislation in Peru," which has become the standard book on the subject in that country.

Mme. de Ronard, a heroine who nursed British soldiers with Florence Nightingale in the Crimean war, is now, at the age of 84, living in an obscure quarter of Cairo, Egypt, in sickness and want, it is said. She commenced her career as a sister of charity in 1849, and was decorated 22 years later by President Thiers for services rendered the wounded during the commune.

Having adopted twenty-six children during his life, Joseph Hinchman, aged 87, a prosperous farmer at Merchantville, N. J., has established a unique record. While he never had the entire twenty-six under his roof at one time, not infrequently did he have six or seven. Two-thirds of them are now in business for themselves, and the others are also good citizens.—Chicago News.

The Fame of Great Values, Like Great Men, Live After Them

That is the way we figure on building up a large business. We want to be well-established by next season and to do so we have to give great values. Therefore we are making to your order suits that are worth a great deal more than the price we are getting for them. Under ordinary conditions we would be able to give you better values than the average tailor, as we are a large concern, buying all our woolens and trimmings direct from the mills and manufacturers, which means that we get the lowest price on all materials bought. Added to the above we have made an additional reduction, bringing suits that are truthfully worth $40 and $45 to the price of

$30.00

THEY GROW HAIR

Certain Ingredients if Properly Combined Stimulate the Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Betabethol is a most powerful yet absolutely safe germicide and antiseptic which prevents development of germ matter and creates a clean healthy condition.

Pilocarpine although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Lanax because of its well-defined softening and cleansing properties is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs and has a soothing healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic stimulating and preservative qualities.

Rexall "93" Hair Tonic is chiefly composed of these ingredients which are compounded in a peculiar form and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair even though the scalp in spots is bare of hair, providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Rexall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes 50 cents and $1. The Owl Drug Co., Inc. Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

TAFT MEN WIN TWELVE FIGHTS

California Electoral Case Only One Not Settled to Satisfaction of Followers.

NEW YORK, Oct. 11.—With the settlement of the Pennsylvania electoral dispute by the substitution of Taft electors for Roosevelt men at Harrisburg, all electoral controversies in different states, the Republican national committee announced last night, have been satisfactorily adjusted with the exception of that in California, where the Roosevelt electors remain on the Republican ticket.

The following summary of states in which the situation has been cleared up was given out.

Illinois—Four original Roosevelt electors resigned and their places filled with Taft men named by the state committee.

Indiana—One elector understood to be a Roosevelt follower supplanted by Taft man named by state committee.

Iowa—Two Roosevelt men resigned, Taft men in their places.

Maryland—Roosevelt electors removed and Taft men substituted by state committee.

Michigan—Three Roosevelt men resigned, Taft men in their places.

Minnesota—Five Roosevelt men resigned, Taft men named.

Nebraska—Taft electors go on ballot by petition.

Kansas—Roosevelt electors resigned and Taft men substituted.

Ohio—Six Roosevelt electors resigned, Taft men substituted.

Oklahoma—Two of the ten electors are Roosevelt men, but have agreed to vote for Taft if he carries state.

Oregon—Four of the five electors are Taft men, fifth announces he would vote for Taft if Republicans carry state.

South Dakota—Taft men will be named by petition.

FRONT DOOR IS OPEN TO CALHOUN GUESTS

CLEVELAND, Oct. 11 — Guests who attend the marriage tomorrow of Miss Martha Calhoun and Wilson B. Hickox at the Calhoun residence on Kent road, can enter by the front door instead of being forced to go through the kitchen.

Judge Lawrence yesterday restrained the sale of the street in front of the Calhoun home by creditors of the Euclid Heights Realty Company and attorneys for the interests who are fighting for the property agreed to postpone the entire sale until spring. Attorney G. R. Siddall, representing the Cleveland Trust Company, trustee for the bondholders, withdrew the order of sale taken several weeks ago.

Patrick Calhoun is understood to have assurances that the realty company can be re-financed and its debts, aggregating almost $2,000,000, paid off. There is likelihood, however, that the land will be put on the market unrestricted. This is what residents of the exclusive district have been fighting against.

ROBBERS ESCAPE IN AUTO.

ST. LOUIS, Oct. 11.—Bandits who used an automobile waylaid Thomas J. O'Meara, a saloonkeeper, yesterday, and took from him a grip containing $3000 in cash. They held off a crowd of pursuers with revolvers and escaped.

APPLE SHOW IS LARGELY ATTENDED

San Jose, Hollister and Gilroy People Descend on Watsonville.

WATSONVILLE, Oct. 11.—This is San Jose, Hollister and Gilroy Day at the California Apple Show, and one of the largest crowds of the week is in attendance.

The submarine maneuvers in the harbor yesterday afternoon were attended by hundreds and a baseball game between Watsonville and Santa Cruz old-time sporting rivals, was also a big drawing card, Watsonville winning the match.

Last night the Chinese Boys' Band entertained with a concert in the pavilion, and 5000 jammed the exhibit buildings and tents to get a glimpse of the show.

AWARDS ANNOUNCED

Last night the exhibit judges announced the following awards, the scoring being on the basis of 1000 points.

JURIST RULES ON NEW ARMY BILL

Crowder Declares 'Absent From Command' Must Be Taken Literally.

WASHINGTON, Oct. 11.—Judge Advocate-General Crowder yesterday submitted to the Secretary of War his construction of the much-discussed "detached service" provision of the new army bill. General Crowder holds that the term "absent from command" must be taken literally, and that actual presence with the troop, battery or company will be required of every officer of the mobile army below the grade of major who has been absent four years out of the preceding six.

About six hundred officers will be affected by the law, which becomes effective December 15. Of these, 150 now stationed at the war Department will have to go back to their commands immediately. Officers serving as attaches of legations abroad, with recruit and prison companies and at service schools, will not be immune from the provision.

Superior officers who fail to return subordinates to their commands within the required periods will lose pay and allowances until the law is complied with.

Reports quoted by General Crowder show there is a strong feeling in the army that the evil of continuous detached service has greatly impaired the efficiency of the force.

SPEEDY JUSTICE IS METED OUT ON TRAIN

JOPLIN, Mo., Oct. 11 — A Missouri law prohibiting the drinking of liquor on trains was upheld in a new manner near here when I. H. Collier of Neosho, sheriff of Newton county, arrested three men on a train running between Joplin and Neosho, after he saw them produce a bottle and drink therefrom.

After each man had taken a drink the sheriff placed them under arrest. Ordering them to enter another coach, where William Saxton, prosecuting attorney of Newton county, and J. W. Wilson, a justice of the peace, were riding as passengers, Collier explained the situation.

EDUCATION BOARD DENIES CLEMENCY

Refuses to Reinstate Boys Expelled for Violating the Law.

By a vote of three to three, Bronner being absent, the Board of Education last night declined to change its ruling with regard to the boys who were expelled and suspended from the Fremont high school for violating the state anti-fraternity law.

Walter C. Price, father of Louis Price, a student who was suspended until January 1, pleaded with the board to give the boy one more chance. Dr. Frank Morton Todd also made a spirited appeal for clemency, but Directors Miss Brown, President Orr and Dr. A. S. Kelly voted to maintain their stand in the interests of discipline.

CLERK OF U. S. COURT RESIGNS TO GO EAST

SAN FRANCISCO, Oct. 11.—James P. Brown, clerk of the United States District Court department No. 1 since 1905, resigned yesterday to go into business in the East. Walter P. Maling, left in charge of the clerk's department No. 2, was appointed to succeed Brown and will take charge of the office immediately.

The resignation of Brown came as a complete surprise in federal circles, although it has been known for a long time that he had other aspirations. Brown was identified with literary and newspaper work for many years before he was made clerk of the federal court, and even since then has contributed editorials to the press.

Maling is a nephew of Senator George C. Perkins and has been a deputy in the second department of the district court for six years.

LINCOLN'S COUSIN IS DEAD.

ALBANY, Ill., Oct. 11.—Captain David C. Hanks, 87 years old, a first cousin of Abraham Lincoln, is dead at his home here. He was one of the oldest pilots on the Mississippi river. His father, Thomas Hanks, was a brother of Nancy Hanks, mother of Lincoln. Two brothers and a sister, each over 80 years, survive.

MARSHALL BLACK TO PLEAD INSANITY

Attorneys Engaged by Accused Secretary of the Loan Association.

SAN JOSE, Oct. 11 — That Marshall Black, secretary of the Palo Alto Mutual Building and Loan association, will plead insanity to charges which now seem inevitable against him was the astonishing statement which came from Palo Alto last night along with the information that Black has retained A. A. Moore of San Francisco and James P. Sox of San Jose to be associated with Louis Oneal in the defense of his case.

It is said that Black will claim that [illegible] from the Palo Alto Mutual and that this is a form of insanity. The first comes from a close associate of Black at Palo Alto and is regarded here as being reliable.

Louis Oneal yesterday said that he would [illegible] regarding [illegible]

STOCKTON, Oct. 11 — Frank Thomas, who shot and killed Otto Mueller, a young farmer, near French Camp last June, yesterday afternoon was convicted of murder in the first degree, his punishment being fixed at [illegible] imprisonment at [illegible] ated about two hours. The trial has been going on for the last two weeks and has attracted considerable attention, owing to the defendant's plea of insanity.

DON'T PULL OUT THE GRAY HAIRS; A SIMPLE REMEDY RESTORES COLOR

Cures Dandruff, Stops Falling Hair and Makes It Grow.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair dull, lifeless hair or hair that is falling out, is not necessarily a sign of advancing age, for there are the sands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come or when the hair seems to be lifeless or dead, some good, reliable hair restorative should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at 50 cents a bottle and is sold by numerous druggists and sold by all druggists. Agents, The Owl Drug Stores.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize that state by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

SORORITY MAID TALKS IN COURT

BERKELEY, Oct. 11. — War to the knife, or almost that far, between two colored maids at the Delta Delta Delta sorority of the University of California, resulted in the appearance in Judge Edgar's courtroom this morning of Miss Edna McNab, manager of the sorority and a prominent junior student of the university. She was was there to testify that there is a chopping knife in the culinary department of the sorority. The task completed she was dismissed, and Mrs. Celia Miller was held for trial on a charge of assault upon Miss Rose Desport, these being the aforementioned maids.

It all started over who was to carry the potatoes for the "Tri Delts'" Wednesday dinner to the kitchen from the basement. Epithets of a slanderous character passed between the two maids upon their mutual declinations of the task. Then, according to Miss Desport, Mrs. Miller handled her very roughly and even went so far as to threaten her dismemberment with a chopping knife. Mrs. Miller replied that, as she was making cake and not hash at the time, she was not in possession of the chopping knife and so could not have threatened its use.

Moreover, Mrs. Miller averred there was no chopping knife to her knowledge in the Delta Delta Delta establishment. As this question had first to be settled before the exact nature of the charge against Mrs. Miller could be determined, Miss McNab's appearance in a court of law was inevitable.

"Is there a chopping knife at the Delta Delta Delta sorority house at 1929 Arch street, city of Berkeley, county of Alameda, State of California?" was demanded of Miss McNab.

"There is," was the reply of the house manager.

However, the court was satisfied with a charge of assault against Mrs. Miller, and the case went over for hearing next week.

MARK L. REQUA SOUNDS WARNING AGAINST BILL

Opens Door to Fantastic Experiment, He Says, at Meeting

At a meeting of the Oakland center of the California Civic League at Chabot hall last night Mark L. Requa gave an address on home rule and taxation. In part he said:

"You are asked under this delusive caption to vote for a measure that possibly embodies as much that is vicious, certainly as much that is experimental, as any measure that has ever been placed before the people of this state.

"It is said upon apparently good authority that the campaign leading up to the placing of this movement upon the ballot by the referendum was financed by Mr. Fels, of Fels-Naptha soap. He is an advocate of single tax and has spent his money liberally in the propaganda. I have found that the single tax advocates and the Socialists are strongly in favor of this movement. If not only opens the door to single tax, but it throws the door wide open to any other fantastic form of experiment that any community may wish to try.

HOW AMENDMENT READS.

"Section 1.—Any county, city and county, city, town, district or township in this state is hereby empowered to raise revenues for its local purposes and to provide for the time or times of collecting taxes for such purposes in such manner as it may determine, by ordinance or resolution, adopted by a majority vote of the qualified electors thereof, voting thereon at an election held on the question of establishing a new revenue system, or of altering or amending any system of taxation now or hereafter existing for raising such local revenue. Such proposed system or amendment thereof may be submitted at any general or special election held in such county, city and county, city, town, district, or township, by initiative petition as provided by law or by resolution of the legislative body of such county or other political subdivision above enumerated.

"'Property may be classified for the purposes of taxation or exemption from taxation; and taxes and exemptions therefrom shall be uniform for all property of each of such classes; provided that no tax for any local purposes, except for payment of the principal and interest of any bonded indebtedness created and outstanding by any such county, city and county, city, town, township or district, prior to the 8th day of November, 1910, shall be levied on any property set aside for purposes of taxation for state revenue, nor shall any such tax be levied upon any property exempt from local taxation by this Constitution or laws of the United States.'

FORM TO SUIT.

"You will note that any county, municipality, or district may have a form of taxation that suits them. Factories might be exempted, improvements might be exempted and the tax placed directly upon the land; all land and buildings upon it below a certain valuation might be exempted from taxation or all buildings above a certain value might be exempted from taxation. In short, there is apparently no scheme too fantastic to be denied trial under the proposed act. It violates every principle of modern taxation as expounded by modern experts in that it destroys all standardization and all uniformity and creates a condition whereby every subdivision of the state may try any scheme that seems pleasing to them.

"We may as well, and with the same logic, divide every township, city, city and county into a separate state and allow them to work their own will, regardless of any other part of the state. If San Francisco were to exempt its lofts from taxation, Oakland would certainly do the same and there would arise a system of competition that would end in endless confusion.

ARRAYED AGAINST IT.

"Further this, you will find organized against this measure Mr. A. B. Nye, Comptroller of the State of California, a gentleman who has resided in the city of Oakland, and who stands personally and throughout the state as an official of the highest character. His office qualifies him to speak with authority and he has gone on record most emphatically as opposing the measure, as has also Professor Carl Plehn of the University of California, a gentleman who is recognized as an authority upon matters of taxation.

"It has been stated in favor of this amendment that the people must learn to rule themselves, and that the only way they can do it is through their mistakes. I do not think this is good logic.

"It is possible to create special privileges under this act, which is exactly the thing which the people are striving to eliminate, for the reason that it is possible with the aid of this act to exempt anything from taxation; if this is not creating special privileges, I am at a loss to find a definition that will fit.

COMING INTO OPEN.

"It is said also in favor of this amendment that the condition of taxing property today is unjust and that this measure will in time cure this because it will ultimately result in single tax. I do not think that the state of California is yet ready to adopt single tax, and when it does I want the single tax advocates to come out fairly and squarely, rather than attempt to hid behind a bill that has been given the name of 'Home Rule in Taxation.'

"If it is desired to change the system of taxation in California it should be done calmly and only after critical examination by experts and whatever change is made should apply to the state as a whole. The proposed change creates a haze of glittering generalities and obscure possibilities so that it is impossible to forecast from the bill to what extent untried and fantastic fads may be foisted upon a long-suffering public.

"It is because of all of this that Mr. Nye, Mr. Plehn and other gentlemen are opposed to this measure, and I urge upon you that you will vote against it and work against it for the best interests of the state of California as a whole."

ASKS SCHOOL TO WELCOME CHILD

UNIVERSITY OF CALIFORNIA, Oct. 11. — The school house is a better place for a girl to dance than most other places, in the opinion of Cyrill Stebbins of the Chico State normal school. He delivered this week's lecture in the playground and recreation movement at California hall yesterday afternoon. The lecture was under the auspices of the department of education, Stebbins saying in part:

"The great needs of these men and women are fourfold: to bring healthy children into the world, and to keep them healthy; to be given the chance to sustain life with less economic friction; to have more leisure hours, well directed toward pleasant and profitable pursuits; to be spiritually uplifted.

"The minister and the teacher are fine men, says the world, but it does not care to have them around. The church and the school are too far out of touch with the life and the work of the average man. These two institutions, particularly the elementary school, since it touches, comparatively speaking, all of the homes, should be made normal in offering to the young and the old the social life which they crave, and which they must have, so that it may more closely touch and uplift the home.

"The school and the church must not put the ban on the legitimate amusements found in the city, rather they should imitate them."

ALAMEDA OARSMEN WELCOMED HOME

Large Delegation of Alamedans Greet Champion Crew as Steamer Docks.

ALAMEDA, Oct. 11. — Perhaps the 26 fine boys who saw the Chants Leal Boston made more racket than the 260 boat fans who welcomed home the victorious Alameda Boating club crew from Honolulu on the Ha ball fans were no more enthusiastic than were the welcoming delegation at the Alameda.

The first oarsman spotted by the watchers was Charley Kiser. Be side him were Jack Lewis, Oscar Sombsen, Herman Kihn, the young coxswain; Henry Hess, H. Nelsen, Al Brampton, Henry Hacke and Captain Bray Thornton. In the rear of Channing was Mrs. Channing (Captain Rose of Oakland). The trip to Honolulu was the Thorning honeymoon, the journey being postponed from last March until the oarsmen went to Hawaii.

The oarsmen are loud in their praises of the hospitality showered upon them by the Honolulu club members. They were taken care of with a lavish hand and the trip was by far the most memorable and pleasant experience of the oarsmen's rowing careers.

NAMES OF CAMPAIGN CONTRIBUTORS DIVULGED

Philadelphia Banker Includes U. S. Steel and Other Corporations

WASHINGTON, Oct. 11.—Edward T. Stotesbury of Philadelphia, banker and associate of J. P. Morgan, was the first witness examined today by the Clapp committee investigating campaign expenses. Other witnesses scheduled included William S. Edwards, Roosevelt leader in West Virginia; Fred W. Upham of Chicago, and S. Aranowitz, New York.

Stotesbury testified he had collected $165,795 in Pennsylvania in 1904 for the Republican national campaign, the money going to the national committee.

The principal contributors to the 1904 fund were:

American Bank Note Company, $1000; Former Ambassador Charlemange Tower, $7500; Drexel & Co., $5000; Bethlehem Steel Co., $5000; Cambria Steel Company, $5000; U. S. Steel Corporation, $12,775; William Cramp & Sons, $1900; Thomas Dolan, $10,100; G. W. Elkins, $25,000; Midvale Steel Company, $5000; Pennsylvania Steel Company, $5000; Philadelphia Electric Company, $2500.

COLLECTED $101,057.

In 1908, said Stotesbury, he collected $101,057.67 in Pennsylvania for the Republican national campaign. The more important contributors were:

Joseph H. Bromley, Philadelphia, $5000; E. T. Stotesbury, $5000; Drexel & Co., $5000.

The greater number of contributions entered in Stotesbury's account were from $5 to $100. Stotesbury said he gave $25,000 this year to President Taft's campaign for renomination.

Samuel Aranowitz of New York said Samuel S. Koenig, the Taft leader, actually had named most of the Roosevelt watchers. Aranowitz said lieutenants of Koenig had induced him to part with the badges and certificates he had gotten from the Roosevelt headquarters. Fred W. Upham of Chicago, assistant treasurer of the Republican National Committee in 1908, was the next witness.

Upham said he knew nothing of 1904 campaign funds. In 1908 he was in charge of the Western campaign, with headquarters at Chicago, and collected $548,-226.55. In addition, he received $50,000 from Charles P. Taft and returned it at the end of the campaign.

Frank L. Smith of Dwight, Ill., manager of the Illinois Taft campaign in the pre-convention fight, said he received $20,000 from the Taft Club of Illinois and $18,000 from Director McKinley of the Taft National Bureau in Washington.

F. C. Schwedtman of Springfield, Ill., vice-president of the National Association of Manufacturers, said in 1908 that most of the members of the association favored Taft. He said the records of the association in the West showed no contributions, but that the New York books might.

The committee then took a recess until Monday.

BIG CROWDS AT WILLITS.

WILLITS, Oct. 11.—The Mendocino county fair at Willits attracted large crowds all day. Yesterday it was Mendocino and Lake county day at the fair and everybody was there. The judges have begun on the scores of fine displays of Mendocino products. There was a ball, band concert and singing as features of last night's performance in the big agricultural tent. Queen Iris and her retinue attended the fair in state and were accorded much attention. Sonoma county will turn out in full force at the fair on Saturday.

October Sale of Men's $10 Suits and Overcoats

This annual $10.00 event is in full swing now, and men by the hundreds are taking advantage of it. Such splendid garments have never been priced before at $10.00, and the extra qualities are making a tremendous hit with the men who from choice or necessity usually buy garments around this price. Indeed, so good are the qualities that they are appealing strongly to men who have been in the habit of paying $15 and even $20 for their Fall Suits or Overcoats. We emphasize strongly the fact that these values are only possible because these suits have been made in our own factory and because they are sold straight from the makers to the wearer without the ordinary middleman's profit. This is the Wood way—the winning way. Here are the particulars of these special values:

Men's Fall Suits

One of our models is pictured herewith called the "Cambridge," a three-button model, with or without vent and with peg trousers, with or without cuffs. The other one is the "Oxford" model, a semi-English cut, three-button front with or without vent, six-button vest, semi-peg trousers with and without cuffs. Both these and other styles are included in the $10 line. $10.00

The materials are blue serges, brown and gray cheviots in herringbone, diagonal and mixed effects; also other seasonable mixtures. These suits are strictly all pure wool and are sewed with silk throughout and are lined with wool serge. All sizes for men of every shape and description. All of these guaranteed for satisfactory service.

Men's Fall and Winter Overcoats.

Forty-eight, 50 and 52-inch lengths, made from strictly all-wool materials in various shades and patterns of brown and gray cheviots; also blacks. These are in full box backs and belted back styles with tabs on the sleeves and with Presto or "Up and Down" collars, which can be worn fastened clear to the throat or in open rever style. Many models with regular collar also. These coats are likewise strictly all wool, sewed with silk and serge lined. $10.00

'CASCARETS' BEST FOR THE BOWELS

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

SCHOONER TO BE FITTED OUT HERE

For the installation of her engines the new steam schooner hull Necanicum, recently launched from the ways of a northern shipyard, arrived here this morning from Eureka in tow of the steam schooner Ravalli. Immediately upon her arrival here the newly constructed hull was shifted up the channel into the inner harbor and put alongside a berth at the United Engineering Works, where her engines will be installed and she will be fitted out with an electric lighting plant and other apparatus found only on the most modern steamships now afloat on this coast.

With a bumper general merchandise cargo the big French bark Ernest Legouve, Captain Anchin, arrived today at Long wharf, where she is discharging sand, coke and pig iron. The vessel, with the conclusion of her local work, will enter the barley service, having been chartered by G. W. McNear Inc., of San Francisco, to carry barley to the United Kingdom.

Active work of the new $200,000 ferry steamer, the contract for which was let several months ago by the Western Pacific Railway Company to the Moore & Scott Company, has begun.

The steamer Homer, Captain Wall, completed her work at local docks today and sailed for Coos Bay. She will load lumber for this port.

The steamer Hanalei, Captain Hamma, left Long wharf this morning and shifted across to the San Francisco side to pick up passengers for the south.

Repairs to the steam schooner Lakme were completed at the local yards of the United Engineering Works this morning and the vessel sailed out to prepare for sea.

The Alaska Packer Association's ship Star of Russia completed her salmon discharge on the San Francisco side this morning and was shifted across to winter quarters in Oakland estuary.

The steamer St. Helens arrived here this morning direct from sea. She came from San Pedro and is at Long wharf.

Other vessels at Long wharf this morning including the steam schooners Fairhaven, San Pedro and Elizabeth.

Sailings from the inner harbor during the past twenty-four hours included the steam schooners Claremont and Noyo City. Both left for lumber cargoes for this port.

LUTZ IS FREED IN POLICE COURT

John E. Lutz, a local realty and insurance dealer, arrested on a charge of embezzlement, was freed by the order of Judge Mortimer Smith yesterday afternoon, as Mrs. F. J. Evans, the complaining witness, failed to establish the criminal charge. Mrs. Evans, who lives in San Jose, was advised to take the matter up in the civil courts.

Mrs. Evans testified that in 1902 she was a stockholder in two San Jose banks which went into the hands of receivers. As a result of the demands of the bank directors to meet the claims of depositors she paid over considerable sums of money.

She said she was ill in a sanatorium and that her fortune soon dwindled to $4000. According to testimony she turned this property over to Lutz, with the understanding that it would be returned to her after the affairs of the bank had been settled.

According to Mrs. Evans, Lutz paid her interest for a few months and then refused to make any more payments. Then, she said, he invested the $5000 in Oakland property, which he recently sold for $10,000.

Judge Smith held that the money Mrs. Evans had placed in Lutz's hand was in the nature of a loan.

Mrs. Evans said she was penniless and had been forced to beg Lutz for $400 with which to make a trip East a few months ago.

Lutz testified that Mrs. Evans had tried several times to make him give the money to her but that he told her it was a debt which she had paid him in full.

PLAN TO REGULATE LOCAL HOSTELRIES

On the recommendation of the Public Welfare and Censorship committee, an ordinance regulating lodging houses and hotels in Oakland was introduced into the city council this morning by Councilman Fred C. Turney. The ordinance provides for proper sanitation and fire protection, fo the number of persons to be permitted in each room, for the moral conduct of all hotels and for the keeping of a register of guests.

The provision with regard to the register of guests is considered drastic, as it provides that before being admitted as guests persons register their true names and addresses, including street numbers, and that failure to do so shall be considered a misdemeanor on the part of the guests and a justifiable reason for the revocation of the license and permit enjoyed by the lodging house.

The ordinance was put over until tomorrow morning to give other members of the council an opportunity to familiarize themselves with its contents. Provisions of the ordinance regulate lodging houses as follows:

Proper sanitation must be provided.

Places must be inspected by health officer and building inspector before a permit to conduct such places is granted by the council.

The proprietors shall be of good moral character.

The number of persons allowed in each room shall be regulated by the cubic area.

Proper ventilation of rooms and around beds shall be provided.

There shall be at least one bath to every 25 persons, and an adequate supply of towels shall be provided.

[illegible] with rooms [illegible] name and address, including street number.

Proprietors must report any violation of the law or of morals taking place in their lodging houses and hotels.

The police shall be the agency for [illegible] Violation of any of the provisions [illegible]

SEEK TO BAR LIQUOR AT U. C.

SACRAMENTO, Oct. 10.—Prohibition against the use of liquor at all social functions, banquets, etc., given under the name of the University of California, the holding of an anti-alcohol congress in San Francisco during the Panama-Pacific [illegible] and the establishment of a rule preventing the distribution of all wines and liquors by liquor exhibitors during the exposition were urged by the State convention of the W. C. T. U. this morning at the opening session held in the First Baptist church.

These matters were included in the report of the executive committee, which was unanimously adopted.

The women have prepared a petition to be presented to C. M. Tarpey, president of the Associated Students at the State University, asking that an amendment be placed in the constitution of that organization prohibiting the use of liquor at functions held under the name of the University.

The petition demands that the question be submitted to the vote of the students. This petition will be circulated throughout the State for signatures.

There were about 200 delegates present when Mrs. Sarah J. Dorr of San Jose, president, called the convention to order. Stanislaus county sent the largest delegation [illegible] county also reported the largest membership again.

RETURNS WEARING ENGAGEMENT RING

Mrs. Celia Haskins, who accompanied the Alameda oarsmen to Honolulu a few weeks ago, returned to San Francisco on the liner Sonoma, wearing an engagement ring. Mrs. Haskins is a pretty divorcee and was one of the captain's party on the trip to the Islands. J. H. Lighfoot, a wealthy young attorney of that port, gave many entertainments and trips to the party, and just before the return at an elaborate dinner, announced the engagement.

[illegible] was engaged to be [illegible] to wed with Dan Cupid and [illegible] no announcement [illegible] be made [illegible] in a few days. The wedding will follow in about two months.

ACTRESS CHARGED WITH ATTEMPT TO BLACKMAIL ERLANGER

The Theatrical "Trust" Head Accuses Edith St. Clair and Lawyer.

NEW YORK, Oct. 11.—William T. Jerome told a jury before Supreme Court Justice Page yesterday that he will prove that Max D. [illegible] employed for Miss St. Clair, the actress, Colonel Abraham L. Erlanger's men in an attempt under which she was to get $250 a year for [illegible] years under threat to expose his friendship for her at a time when Erlanger's wife, who had not yet started [illegible] proceedings against him, was returning from Europe.

The case on trial is to collect one of the $250 installments, which Erlanger quit paying after his wife had divorced him. Because of the charge that he was implicated in alleged blackmailing, Steuer has engaged John Vernon Bouvier, Jr., to conduct the plaintiff's case with him, while Jerome has been engaged to assist ex-Justice Dittenheeffer for the defendants, Marc Klaw and Abraham Erlanger.

Jerome said his defenses were that there was no consideration for the agreement, and if there was one it was unlawful because the contract was fraudulent, and obtained under duress and by threats.

She Was Sorry

NEW YORK, Oct. 11.—James Miner, who is an agent for the Humane Society, was knocked down at Broadway and Warren street yesterday by an automobile in which Mrs. Hetty Green and her son, Colonel Edward H. R. Green, were riding.

Mrs. Green leaned over the side of the car and apologized for the accident as the humane agent picked himself up and dusted off his clothing. As her car passed on Traffic Policeman Benton came up to Miner and asked him if he knew who the lady was. Miner shook his head.

"Why, that was Hetty Green," said Benton.

"Gee," murmured Miner, "and all she said was 'I'm sorry.'"

Wedding No Joke

MODESTO, Oct. 11.—Rose Almeida, recently from New Bedford, Mass., and her husband, Jeronimo Almeida, are fighting in the courts, Almeida seeking an annulment of the marriage, while Rose sues him for money to care for a child soon to be born.

According to Almeida, he was tricked into marrying Rose. He says that she secured a marriage license unknown to him and at a party in their home town he was a victim of a plot. He declares he took a dare to be a party to a mock marriage, but later discovered that the man who married them was a justice of the peace and that the license was legal.

As soon as he discovered this he gave the woman $75 on her promise to file suit for divorce, and then he came to Crow's Landing, in this county. She had promised, according to him, to send the divorce papers out to him here, but, instead, she came herself a few months ago and obtained employment at a ranch near him.

Rose declares that her husband visited her often at the ranch.

Gives Life for Boy

WALLA WALLA, Wash., Oct. 11.—Attempting to rescue her 5-year-old son, who stood bewildered, but unhurt, while a live wire twisted about him, Mrs. Thomas Murray of Starbuck was instantly killed. School children with sticks had been playing with the wire, which had fallen in a storm the night before, and the little Murray boy, in trying to imitate them, became frightened as the wire sparkled and sputtered about him, and screamed for help. His mother rushed to the rescue, and was killed when she tried to pull the boy to safety. The little fellow was unhurt and ran to summon aid for his mother, who was found dead. The father is in California.

Jump From Fire

CHICAGO, Oct. 11.—Girls jumped from the second story windows and more than 300 young women, boys and men fled in a panic, from the plant of the Haggard & Marcussen Company, bed spring manufacturers, here yesterday, when fire attacked the building. A number of women had narrow escapes from suffocation. The police believe, however, that all got out of the building.

Weds in East

NEW YORK, Oct. 11.—The wedding of Miss Rowena Stewart, daughter of Mr. and Mrs. Charles A. Stewart of San Francisco, to Walter Barnum, son of Mr. and Mrs. William M. Barnum of New York, took place yesterday in the Brick Presbyterian church, Rev. Dr. Buchanan, pastor of the church, officiating. Only relatives witnessed the ceremony. There were no bridal attendants.

Goes Under Knife

PARIS, Oct. 11.—Clarence H. Mackay, who was expected to sail for New York on Saturday, has been prevented, owing to the illness of his daughter, Ellen, who was seized last night with appendicitis, after she had been ailing for several days. She was rushed to a hospital and Dr. Gosset, a leading surgeon of Paris, was called in. He operated at once. Her condition yesterday was steadily improving and there were no complications. If the improvement continues, she will be out of danger within twenty-four hours.

THINNESS

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian R[illegible])

A RUSSIAN princess has declared that American women of society are too painfully thin. That may be joyful news to the haunted, hungry women who have a sylph-like figure. The tendency of American women to go into anything they do thoroughly is inclined to cause them to overdo their fads, so that when their banting and training, dieting or exercising has the desired effect they keep up the work until they are emaciated and miserably ill. Too much dieting will destroy the lining of the stomach and ruin it for all time. Too much exercise will weaken the female organs and make delicate women masculine.

Not one ounce of flesh lost by starvation is health gained. "Fat" and "bones" are both unhealthy condition. It is the normal woman who enjoys health, round, plump and vigorous, with just enough exercise to keep her blood stirring and active, just enough food to nourish her system and keep crow's feet and hollows from her face, just enough sleep to rest her body and nerves. Just enough brains to know how to do all of these things normally, and just enough love and human kindness in her heart to enjoy and give joy to those around her. Such a woman cannot be too thin or too fat. She must be a normal woman as God intended her to be. Remember, in judging women and her charms it is the point of view that influences [illegible]

ANNA—Egg shampoos are good for the hair. Break a couple of eggs over the head and rub them well into the hair, then wash the hair and rinse thoroughly.

B. K.—Camphor water is good for removing the red veins about the nose. Bathe with the camphor water which you can procure at any drug store. Also massage the face with a good skin food. If you will send me a stamped addressed envelope I shall be glad to send you massage treatment for preventing the hair from turning gray, skin food, bleach for neck, and hair tonic.

ADA—You are still a very young little girl, and I would not advise you to attempt to use any creams. Your neck has plenty of time to fill out. You didn't tell me whether you wanted to wear a ribbon on your hair or not. If you do you might part your hair in the middle and braid it in two braids and then put the braids around your head. Another pretty way to arrange your hair is to make three coils low in your neck. However, I think there is nothing prettier for a young girl than to wear her hair in a braid down her back. I think you are too young to do your hair up. I would wait a few years before putting it up. Plenty of time to wear it on top of your head. Don't make yourself appear any older than you are.

ANXIOUS—There is nothing that will make the eyes larger and whatever you do don't attempt to put anything into them. The only way to make them appear larger is by wearing colors a shade lighter than your eyes. I shall be glad to send you formula to correct large pores if you will send me a stamped addressed envelope.

READER—I cannot give you advice about the article you mention. I have never used it myself and cannot advise any one to use things I know nothing about. If you will send me a stamped addressed envelope I shall be glad to send you a bleach for removing tan.

BERKELEY ENTERS PROTEST TO ANNEXATION

WOMEN OF UNIVERSITY CITY ENLISTED IN COMMON CAUSE

MEETING HELD AT WOODWARD RESIDENCE

Residents of College Community Hear Arguments Against S. F. Scheme.

Question of Handing Over University to S. F. Very Important One.

Women of East Berkeley took their stand emphatically yesterday afternoon against the amendment by which San Francisco proposes to pave the way for gobbling up the east bay cities. A meeting of protest was held at the home of Mrs. Frank J. Woodward, at Piedmont avenue and Bancroft way, and each of the several speakers of the afternoon was enthusiastically applauded for addresses that explained the opposition to the amendment.

State Senator John W. Stetson, substituting for Bernard P. Miller, who was unable to attend, was the chief speaker of the afternoon. Mrs. Frank K. Mott acted as chairman. Miss Mollie Conners contributed a discussion of the experiences of various communities annexed as boroughs to New York City.

The spacious parlors of the Woodward residence were comfortably filled some time before the hour set for beginning the program. Mrs. Woodward herself received the guests. Intense interest was manifested in the several talks and a well-defined opposition was apparent in the applause and the many comments to the proposed constitutional amendment.

WHAT AMENDMENT MEANS.

"The amendment we are considering," declared Senator Stetson in the course of his address, "would permit the consolidation of communities containing in the aggregate more than 350,000 people, and readjust their borders without reference to county lines. The limitation as to population confines the amendment's reference to San Francisco bay and Los Angeles communities, and the reference to county lines restricts it again to the local situation. In other words, the amendment was drawn up by San Francisco to accomplish what that city could not otherwise accomplish, what it would never have thought of accomplishing if it had not got the fair and seen the possibility of raising itself from the fourteenth to the fourth city in the United States.

TOO GREAT A SACRIFICE.

"The thing about this whole situation that strikes me as being the most sensible is the view that community lines are natural lines; that political lines are artificial ones. Forced pessure is necessary continually to maintain political lines unless they conform to the natural ones. No constitutional amendment can shorten the distance between here and San Francisco nor constrict the waters of the bay. Hence, the proposal is not to make a really bigger, unified community, but merely a community that sounds bigger.

"What they ask the east bay cities to give in for this big sounding thing we consider is too much of a sacrifice to make in view of the returns. In a community, as in an individual, are of necessity such things as independence, pride, self-reliance. In a city, as in a man, clear-eyedness bespeaks progress. It is the people who live in what we may call these threatened communities that own them. These communities and their fate are their owners' business. We have started on this side of the bay big plans that bespeak a generous rivalry in all that goes to make cities better to live in. We want, for instance, our schools to be known as being better than the schools in other cities; not that we want the other cities to have poorer schools, but because in this, as in other things, we want to be at the head of the column. What is true of educational facilities is true also of commercial development and of municipal equipment, as in public buildings.

WHY NOT SETTLE IT NOW?

"San Francisco proposes a very interesting sort of matrimonial alliance for the bay cities. But, like every other matrimonial alliance, this one should be marked by freedom of choice on both sides. It should not be a shotgun marriage.

"Perhaps you will say that this amendment we are called to vote upon is merely an enabling act; that when the question of annexation itself is really before us we shall have plenty of time in which to settle it. If we are convinced that consolidation is wrong, why not settle it now? Why place the future of our communities even in the least jeopardy? Why leave decision to the future at all? If this amendment carries, San Francisco will immediately start a campaign, backed by all the wealth and influence she can command, and for two years we shall be in the throes thereof and involved in the consequential uneasiness. We shall be upset, stayed in our progress, harried. Such a campaign will create a pathological condition inimical to our communal record of health. Moreover, all elections, no matter where lies the right, are uncertain things. San Francisco will spend money, do politics of all sorts, send employes over here for a residence long enough to acquire citizenship with us and vote

INDIANAPOLIS, Oct. 11.—Whether Samuel Gompers, president of the American Federation of Labor, was present at a certain labor union meeting held in St. Louis, Mo., in November, 1910, was asked by government attorneys in the "dynamite conspiracy" trial. Frank Shilling, clerk of a hotel in St. Louis, testified that the International Association of Bridge and Structural Iron Workers was holding its annual convention in St. Louis at that time. He named Frank M. Ryan of Chicago, Michael J. Young of Boston, F. J. McNulty of Newark, M. B. Madden of Chicago and Olaf Tveitmoe of San Francisco, as registered at the hotel.

The convention was held the month after the Los Angeles disaster and it was at this time the government charges that Tveitmoe told Ryan that the "Pacific coast expected a Christmas present" in the shape of more explosions. Tveitmoe also was described as "the big paymaster," who financed the dynamiters.

At the St. Louis meeting he is charged with promoting the Llewellyn iron works explosion.

"WAS AROUND HOTEL."

"Was Mr. Gompers registered at the hotel at the time?" asked Attorney J. N. Noel.

"He was not registered, but he was around the hotel a good deal," answered the witness.

United States Senator J. W. Kern for the defense objected.

"Mr. Gompers is not a defendant. He has nothing to do with the case."

"Nothing, other than it will be shown he had something to do with the defense of the conspirators in the state of California," replied Noel.

Judge A. B. Anderson ruled that he, at present, saw no relevency in the mention of Gompers' name and if

THE LATE H. A. KLETZKER, WELL-KNOWN OAKLAND PRINTER, WHO DIED TODAY.

One of City's Best Known Typos Passes to His Eternal Rest After Fortnight's Illness

Henry A. Kletzker, for eighteen years a respected employe in the composing rooms of THE TRIBUNE, died this morning at his home, 1128 Bella Vista avenue, after an illness of two weeks.

For many years Mr. Kletzker was an active member of Oakland Typographical Union, in which he held office for several terms. He was one of the best known printers in the bay region.

He is survived by a wife, two grown sons and daughter. Mr. Kletzker was 60 years of age and a native of Missouri.

Funeral services will be held tomorrow afternoon at 2 o'clock from Taylor's undertaking parlors, Rev. Golden officiating.

SECRETARY OF Y. M. C. A. HAS RESIGNED

B. B. Wilcox Leaves Oakland Branch to Manage Southern Sanitarium.

Assistant Is Being Considered Among Candidates as His Successor.

At a meeting of the trustees of the Oakland Y. M. C. A. last night the resignation of B. B. Wilcox, secretary of the association, was received. The trustees endeavored to persuade Secretary Wilcox to withdraw his resignation, but without avail. He announced that he had made arrangements to associate himself in business with Dr. Philip King Brown, in the management of the Miradero Sanitorium at Santa Barbara.

Mr. Wilcox has had a long experience in Y. M. C. A. work, covering a period of some twenty-two years, in Detroit, Chicago and in this state, where he was for eight years state secretary before taking the secretaryship of the Oakland branch in June, 1911. While state secretary it was largely through his efforts that a $250,000 fund, used in the construction of the Oakland Y. M. C. A. building, was raised. His successor has not yet been selected, but it is understood that among the names that are now being considered is that of John Fechter, at present assistant secretary of the Oakland branch.

BOLD BURGLARS ATTEND PARTY

Entertainment Uninterrupted by Thieves Who Plunder Home.

RICHMOND, Oct. 11.—While Assistant Superintendent of Streets E. W. Locke and his wife were entertaining a circle of friends last evening in their apartments in the Trail Apartment House, burglars secured a 25-foot ladder, placed it against the side of the building and entered the upper floor bedrooms, where they ransacked the bureau and trunks and stole various articles of value, including a gold watch, valued at $25. There was considerable money and jewelry in the room which was not disturbed by the thieves, by which it is judged that they were frightened away from their light-fingered work before it was completed. Locke heard a noise during the entertainment going on downstairs and remarked that there had been burglars around lately and he would go upstairs after his gun and take a look around and probably this remark was overheard by the second story men. Upon retiring after the friends had departed the room was found to be in disorder with drawers open and things littered about, but nothing was missed until this morning, when Locke discovered that his gold watch was missing from his working clothes. A little child asleep in the room was not awakened.

A number of similar burglaries have been reported to the police lately, who have decided that an organized band is at work in the neighborhood. A sharp lookout is being kept, but so far without results. That a home in which an entertainment was going on should be selected and thus entered shows the boldness of the thieves.

The first performance of "Jane," a farce comedy, by the ladies of the West Side Improvement club, met with a crowded house last night. Another performance will be given this evening.

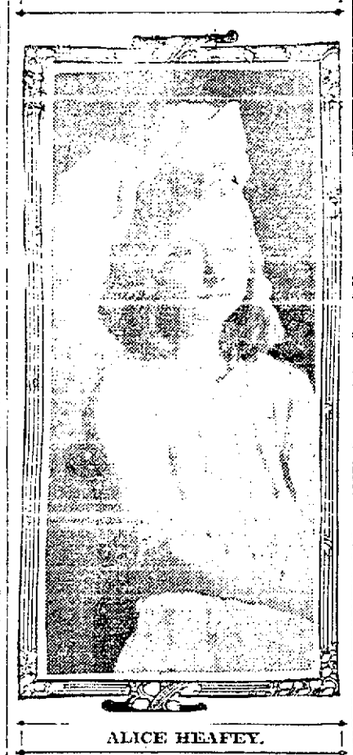
EIGHT-YEAR-OLD GIRL WINS FAME AT HER RECITAL



ALICE HEAFEY.

BERKELEY, Oct. 11. — Little Alice Heafey, an eight-year-old girl student, gave a recital at Berkeley High school auditorium this noon that was attended my many pupils and elders as well. The tiny miss acquitted herself in creditable style in a difficult program of songs and dances.

Alice Heafey is a protege of Fire Chief James Kenney, who has taken a keen interest in her abilities and assisted her in their training. The program today included a toe dance, a recitation, "My Shadow"; a song, "Mr. Moonman," and a sword dance.

Mrs. William Henry Fores was hostess at a large reception yesterday afternoon at the Fores home on Union street. The affair was in honor of Mrs. Philip Alexander (Monica Fores), who recently became the bride of the young San Francisco broker.

BERKELEY MEETING OF PROTEST HELD

The Women of University City Listen to Speeches Against Annexation.

(Continued From Page 13)

against us. Why not prevent all that now by whipping this amendment to death in our own midst and asking our friends throughout the state to work against it and vote against it wherever they may live."

BERKELEY'S POSITION.

"The underlying reason for all this activity on the part of San Francisco is that that city is already bonded up to the limit of its corporate power to bond, and it wants more territory, a greater assessment roll, to permit it to go on bonding to a greater extent. In Oakland not over a per cent of the available 15 per cent of the assessment has been allotted in bonds. In Berkeley a similar condition obtains. If consolidation is effected, San Francisco will find it possible to start bonding anew, finding her local right rejuvenated in the betterment of incumbered property from this side of the bay. And let me add this: The preponderant majority being within the confines of the present San Francisco, the greater San Francisco would vote the use of those bonds upon improvements within the old lines. The new portion of the city, our east bay communities as at present constituted, might wish and cry in vain for assistance; their voice would be the voice of the helpless minority.

MAINTAIN NATURAL LINES.

"The whole question is thus reduced to the theme with which I started, that natural community lines, just because they are natural, ought to be maintained. Each community as nature has bounded it, knows best what it needs and how to obtain it."

Miss Mollie Conners added interesting data to that presented by Senator Stetson when she outlined the history of annexation achievements in London and New York. The former had found its territory so unwieldy that it had to remake the provinces into separate communities. In the case of New York, it was formerly the custom to hear once in a while of Brooklyn as one of the important cities of the United States, declared the speaker. Then the sentiment of the "great city, the great name," obtained a foothold and annexation followed. The speaker quoted Jacob Riis as noting that his taxes had increased from $36 a year to $120 a year and nothing to show for it. He added that, "If Brooklyn again had the chance of voting to join New York she would never again so vote."

FIGHT OF ALL COMMUNITIES.

"Next there was the annexation of the Bronx," continued Miss Conners. "The other day there was a monster mass meeting held of Bronx citizens to protest against the fact that 25,000 children in that borough were enabled to attend school but half a day. This was despite the fact that taxes in the Bronx were higher than ever before.

"You must understand that this is not only Oakland's fight, but the fight of all the communities on this side of the bay. You cannot sit down comfortably in your armchairs and say: 'Let Oakland fight it out for herself.' It is your own community that is threatened with invasion as well as your neighbor's. How will you like to cross the bay to ask what is going to be done for you; what is going to be done about this and that, instead of going in your own independent way of today and doing it for yourself?

BERKELEY'S PROBLEM, TOO.

"And in another way this is distinctly the problem of Berkeley. When the University of California was in its earlier days people laughed and asked us how we expected to build up a really great university here with an endowed institution like Stanford so close by. Yet the other day we learned that the University of California ranks second in enrollment among the universities of the United States. It is a splendid record this university has achieved. It is the best thing in California. It is the best thing this side of the Rocky mountains. We have built up here in Berkeley one of the finest universities in the whole world, and Berkeley must be very careful, in view of the profound responsibility thus imposed upon her, how quickly she merges her identity with that of any other city."

WORKING AGAINST ANNEXATION.

Among the Oakland women who are prominent in the campaign seeking the defeat of the San Francisco annexation proposition is Mrs. A. Shafran, president of the Ladies' Auxiliary of the First Hebrew Congregation. In this work Mrs. Shafran is devoting much of her time, and as she exerts a widespread influence, the result is most effective.

MEET WITH SUCCESS.

Oakland's flying legions, who are traveling through the state to arouse interest against San Francisco's scheme to gobble up its neighbors by means of the proposed constitutional amendment, continue to report that they are meeting with much success.

A. S. Lavenson, who, with Ben F. Woolner, P. J. Crosby and Walter G. Manuel, is making the trip through the Sacramento valley making speeches, wired today to the Alameda County League:

"We are meeting with success. The people of the interior will not stand for a measure that is an enabling act for San Francisco and Los Angeles but a disabling act for the rest of the state."

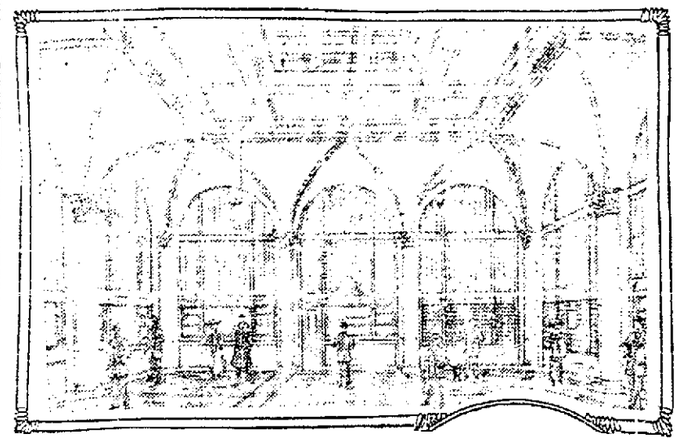
Senator John W. Stetson, who has spoken in Los Gatos, Hollister and Salinas, writes to Bernard P. Miller of the Alameda County League that he had good meetings wherever he spoke. At Hollister, he says, an unlooked for crowd filled the Opal Theater, where he addressed it. At Los Gatos meetings will be held next Monday by the Civic Center and the Chamber of Commerce, and the Alameda County League will send more speakers there.

THROUGH MEGAPHONE.

C. M. Wardall, who is making the tour with Stetson, writes that he is going to equip himself with a megaphone with which to preach against annexation in the smaller towns as they go through.

Steps are being taken by the Alameda County League to interest university students in the campaign against annexation. Those who live on this side of the bay will be asked to assist with their votes and good influence, and those who live in the interior of the state will be urged to write home to their friends and persuade them to vote against the amendment.

ALAMEDA POSTOFFICE TO BE BEAUTIFUL STRUCTURE



VIEW OF THE ENTRANCE LOBBY OF THE NEW POSTOFFICE BUILDING IN ALAMEDA.

ALAMEDA, Oct. 11. — With foundation and parts of the massive walls ready for the steel columns, girders and beams, work on the Alameda postoffice has been delayed owing to the non-arrival of the steel from the east. Work, however, will be resumed at an early date, according to Architect Wm. A. Newman, who is in charge of construction.

The question of the particular kind of California granite to be used in the walls of the splendid new structure has yet to be settled, as the government architects are very careful not to permit the use of any inferior granite.

The interior details of the new building have had the careful study of the supervising architect's office, and the main entrance lobby in particular will be handsome and elaborate, with its splendid columns of California marble, California marble tiled floors, vaulted ceilings lighted with beautiful art glass mosaics, elaborate bronze doors, screens and grills.

That Alameda will soon have a splendid new federal building is due to the efforts of Congressman Joseph Knowland, who secured a substantial appropriation for it.

GOMPERS' NAME DRAGGED IN CASE

Tveitmoe Said to Have Been "the Big Paymaster" of the Plot.

none appeared in future testimony he would so instruct the jury.

Objection also was made to the mention of McNulty and Madden, who are not defendants.

INDIANAPOLIS, Ind., Oct. 11.—Pieces of exploded bombs, old tin cans in which nitro-glycerine had been carried, cartridges, fuses and magazine guns, were put in readiness by the government today to be used as exhibits in the dynamite conspiracy trial.

Gathered from many sections of the country in the wake of Orlie E. McManigal and the McNamaras, they have been classified by Clarence W. Nichols, assistant district attorney, and are to be used as physical evidence in the government's charges of illegal interstate shipment of explosives.

Nichols, who prepared much of the government's case before the federal grand jury for weeks, has been engaged with assistants in collecting the jumble of evidence.

620 IS NUMBER.

Six hundred and twenty exhibits have been listed. They are to be presented to the jury one by one and include:

Two magazine guns, a rifle, fuses and alarm clock attachments for bombs, taken from the valises of McManigal and James B. McNamara when they were arrested in a lobby of a hotel in Detroit in April 12, 1911.

Fuses, alarm clocks and dynamite boxes taken from the vaults of the International Association of Bridge and Structural Iron Workers when J. J. McNamara, the secretary, was arrested in Indianapolis on April 22, 1911; parts of an infernal machine found near the home of F. J. Zeehandelaar, Los Angeles, on the morning the Los Angeles Times building was blown up; the original bill for $1.60 paid for the aluminium letter used by James B. McNamara and his accomplices in changing the name "Pastime" to "Peerless" on the launch in which the explosive used at Los Angeles was brought into San Francisco bay.

"GRAB" STORY TO BE TOLD AT MEETING

RICHMOND, Oct. 11.—Way Oakland, Richmond and all of the progressive cities on the east side of the bay should oppose the San Francisco enabling act, or constitutional amendment, at the coming election will be told at a mass meeting arranged for next Wednesday evening at A. O. U. W. hall, the Foresters having given up their meeting for that evening to accommodate the Oakland Chamber of Commerce. President W. E. Gibson of that body will be present from Oakland with several able speakers to address the meeting. Local speakers will also make short speeches on the inner harbor projects which is to be decided at a special election November 19.

HOLD-UP VICTIM DIES.

SAN JOSE, Oct. 11.—Bert Stone, a rural letter carrier of Gilroy, died at the Gilroy Private hospital yesterday of injuries received two nights ago when he was felled from behind with a blunt instrument in the hands of robbers, who took $40 in cash from his pockets and left him bleeding to death in the roadway in front of his home. The hold-up occurred at 1 o'clock in the morning.

SPECIAL RATES FOR SACRAMENTO SUNDAY EXCURSION

On Sunday next, October 13, reduced rates will be in effect on lines of the Southern Pacific between Oakland and Sacramento. A special rate of $3.00 for the round trip is made for the benefit of Oakland fans and their friends and the public generally, who may wish to visit Sacramento at this, the ideal time of the year.

Round-trip tickets will be honored on all Sunday morning trains leaving Oakland and on any train returning Sunday night.

In addition to regular trains, a special will be put on, leaving Sixteenth-street Depot, Sunday morning, at 9:15 a. m. and returning the same evening. This will be a high-class train, equipped with steel day coaches and an observation car.

See Southern Pacific agents for further particulars.—Adv.

ALAMEDA'S WINNING CREW WILL HAVE BANQUET

ALAMEDA, Oct. 11. — The members of the Alameda Boat club's champion crew, who arrived home yesterday afternoon from Honolulu on the Sonoma, will be tendered a banquet in San Francisco Saturday night by the boat club members and public spirited Alamedans. The champion oarsmen were greeted at the dock by a large crowd of Alamedans. The oarsmen waved Alameda flags and streamers as the big liner came alongside the dock and suspended over the deck rail the two handsome trophies won by Alameda in the rowing races in Hawaii. The members of the crew are Henry Hess, Jack Lewis, Oscar Sommers, H. Neilson, Charles Kiser, A. Brampton and H. Kihn, coxswain. Captain E. B. Thorning was in charge of the team as manager.

MANY ON BOARD.

Besides the immediate rowing crew and Mrs. Thorning, wife of Captain E. B. Thorning, there were several women relatives of the young oarsmen who made the trip. They were Mrs. J. H. Sommer, Mrs. H. Hess, Mrs. H. G. Neilson and Mrs. C. M. Haskens of San Francisco.

ALAMEDA PERSONALS

ALAMEDA, Oct. 11.—Mrs. G. J. Waller and daughter, Miss Henrietta Waller, are visiting in southern California. They are now in Los Angeles and will go to San Diego before returning home to Alameda.

Mr. and Mrs. Herbert Gulfds, who have been guests of the J. R. Roche home, returned this week to their home in the southland.

Mr. and Mrs. Hamilton Murdock, whose marriage last winter was not announced until this week, were the guests at a family dinner Tuesday at the George Murdock home. One of the post-nuptial wedding presents was the gift of a home on Broadway, San Francisco, to the bride by her grandmother. The home adjoins the residence of the bride's parents.

Mrs. J. E. Cogswell, who left Alameda recently for Middletown, Nova Scotia, has arrived safely at her destination. Mrs. Cogswell is a semi-invalid and friends feared the journey across the continent might prove too much for her strength. She plans to make her future home with her sister in Middletown.

Mrs. Herman Krist was hostess Wednesday for a theater party, later taking her guests from the Oakland playhouse to the Country club for a late afternoon tea.

Mr. and Mrs. Don Bailey (Jessie Burgner) have returned from their extended honeymoon through the northwest and are now occupying their new cottage at Lincoln avenue and High street.

Mrs. William Scroth (Alice Siegfried) arrived a few days ago from Japan and is visiting her husband's family in San Francisco. She will come to Alameda as soon as her parents (Mr. and Mrs. J. C. Siegfried) and her sister (Miss Edna Siegfried) return from the Orient. They are now on the way home after several months spent in touring China, Japan and the Philippines.

WILSON APPEALS FOR LIGHT BONDS

Berkeley's Mayor Urges Half a Million for Municipal Plant.

BERKELEY, Oct. 11. — Mayor J. Stitt Wilson submitted to the Council today a plea for the establishment of a municipal electric light plant and urged upon the Council that they call for bonds amounting to a half million dollars for the purpose. His statement cites first the experiences of numerous other municipalities which own their own lighting plants and ends with a recommendation that Berkeley follow suit.

Mayor Wilson gives three particular reasons for his plea. He says in part:

"A utility such as electric light and power which is used by every citizen is so manifestly a social and public utility that the only possible interest a private corporation can have in it is the profit to be made out of the community. The citizens should feel free to use electric light and power in all the many ways that modern science is opening up to it. Such opportunity should be available for the most humble citizens at a minimum charge. Finally the city of Berkeley is miserably lighted.

"I would recommend, therefore, that at our next bond election in this city, we call for the necessary bonds to establish a municipal electric lighting plant. The sum of $500,000 would probably be sufficient for the first equipment adequate to meet our needs for some time. I would suggest that we secure the services of C. W. Koiner, the successful manager of the Pasadena municipal electric lighting plant, to make an expert study of our needs and requirements and to give us his expert advice from the standpoint of a practical administrator and electrical engineer.

"In conclusion, I wish to state that this proposed bond issue for an electric lighting plant I place second in importance only to that of the sewer bonds. The proposed municipal market, if found a legal possibility and commercially advisable after careful thought, would rank third."

MEXICAN SHOPLIFTERS LAND IN RICHMOND JAIL

RICHMOND, Oct. 11.—Accused of shoplifting M. Perella and J. Mesi, Mexicans, were arrested last evening by the local police and following an examination at police headquarters more than $100 worth of silks and other goods alleged to have been stolen by them from various store of this city, were found in their possession by the police. Chief Arnold states that he has unquestionable evidence that the men have been making a practice of shoplifting, not only in Richmond, but in other cities about the bay, and he is looking up their records and ascertaining if they are wanted by other police departments, at Oakland, San Francisco and elsewhere. They will be given a preliminary hearing this afternoon. The goods were stolen from Meyer & Co. and Jones & Atkison stores and the thieves were captured at the Santa Fe mole just as they were about to leave for San Francisco.

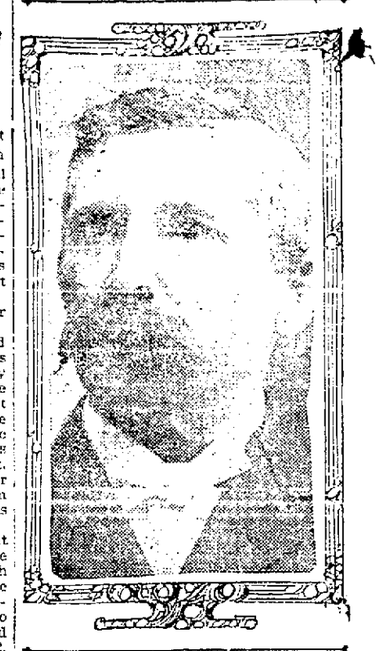
The Ladies' Aid society of the First Christian church held its regular weekly meeting at the home of the president, Mrs. L. A. Snyder, yesterday afternoon, and a lyceum course for the winter months was decided upon.

Follow Your Common Sense

and it will lead you in the right direction.

A person, when sick, is very apt to grasp at a straw. Unworthy articles are alluringly advertised to cure all manners of ills and you are made the goat for experiment unless you use common sense. Everybody is occasionally or frequently in the throes of a bilious attack of which all the symptoms are nature's danger signals for you to do something before it is too late. Headache, bad stomach and constipation are the forerunners of most intestinal diseases. Attacked in time, in a common sense way, they soon pass over. Study your case and study the remedy. Take something which will effectually operate, first on your liver, then on your stomach, and lastly on your bowels. Take something which nature has furnished and which is untouched nor altered by human hands. A natural remedy is the choice of every doctor. Hunyadi Janos Water is their choice. It is the most ideal, sensible and safest Natural Laxative Mineral Water and half a tumblerful on arising acts speedily, sure and gentle.

BODY OF WELL KNOW MARINER BROUGHT HOME



CAPT. HENRY C. W. MEYERS.

ALAMEDA, Oct. 11. — —The body of Captain Henry C. W. Meyers, who died of heart trouble on board his vessel, the McLaurin, at Santa Cruz, yesterday, arrived in Alameda this afternoon and will be taken to the Meyers home at 1616 Verdi street tomorrow. The funeral services will probably be held Monday and will be from the residence.

As yet the family has received but brief tidings of the death of the captain. He was bringing home his ship from Behring sea, where the captain and the vessel spent the summer, the McLaurin being one of the ships of the Bristol Bay Packing company's fleet. Baffling winds drove the McLaurin and her sister ship, the Olympic, out to sea and to the southward. After trying for ten days or more to make San Francisco harbor, Meyers put in at Santa Cruz. Almost as he dropped anchor there the captain was attacked with heart trouble. A physician was summoned from shore, but the captain died in a few minutes.

Captain Meyers spent almost his entire life at sea, shipping first when a boy of 16. For 47 years he sailed about the world. He was a sea captain when he came to America from Germany. His first Pacific Coast commands were trans-Pacific packets running between San Francisco and Australia. He was commander of the Discovery for a time. This packet, before the era of steam, sailed between San Francisco and Honolulu. Perhaps his most notable ship was the big packet John C. Potter, of which he was skipper for 13 years. This vessel plied between San Francisco and Australian ports and was one of the famous clippers of the oil sailing days. In the Potter Captain Meyers also made a trip around the Horn to Boston, and also sailed the vessel to South Africa, rounding both Cape Horn and Cape Good Hope.

WIFE ON VOYAGES.

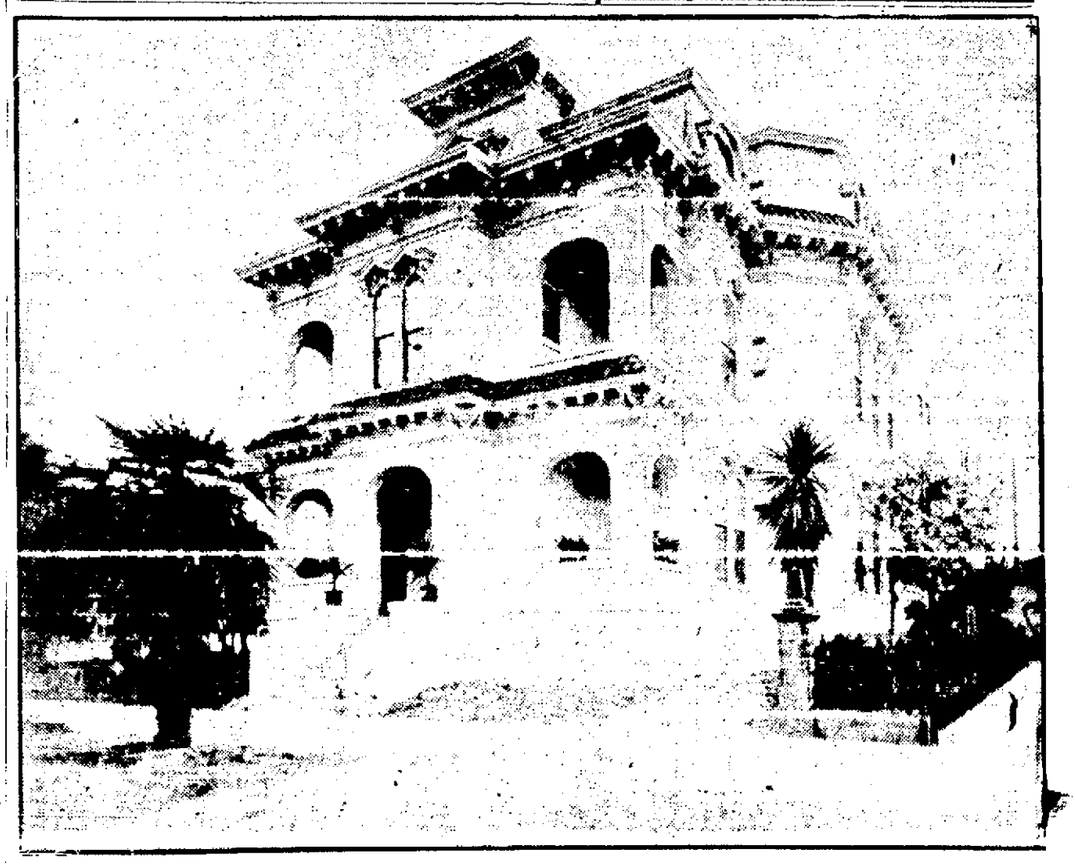
Mrs. Meyers accompanied her husband to sea on the Potter for eight years. It was on a return trip from Australia that the couple's eldest daughter, Miss Gertrude Meyers, was born. The baby was two months old before the Potter put in at a South American port, the first sight of land the baby had had. The Potter, shorn of her clipper day glory, is still in commission as an Alaska coal ship.

Captain Meyers was born in Germany 63 years ago. He and his family have made their home in this city for 20 years. He was a member of the Knights of Honor, of the Master Mariners' association and of Hermon Lodge, I. O. O. F., of San Francisco. He is survived by Mrs. Meyers and three children, the Misses Gertrude, Edwina and Henry Meyers. During all his 47 years at sea he never met with a serious accident.

The tugs Defiance and Sea Rover sailed from San Francisco yesterday afternoon to tow the McLaurin and Olympic from Santa Cruz to San Francisco.

Cured of Liver Complaint.

"I was suffering with liver complaint," says Ivy Smith of Point Blank, Texas, "and decided to try a 25c box of Chamberlain's Tablets, and am happy to say that I am completely cured, and can recommend them to every one." For sale by all dealers.

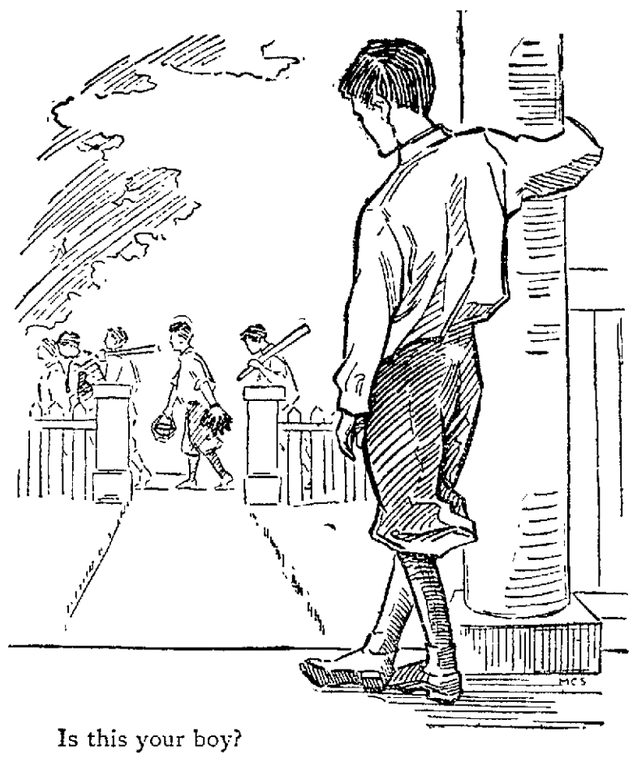


Handsome New Lake Side Apartments Now Open

With the opening of the new Lake Side Apartments at Lake and Madison streets, Oakland can boast of one of the most modern and best appointed apartment houses in the entire country.

Situated in the heart of our fashionable district, overlooking Lake Merritt, with a beautiful view of the hills and surrounding country, exceptionally convenient to our business center, this new establishment is bound to be a much-sought place to reside.

The architects, Leonard H. Thomas and I. W. Oliver, in designing the Lake Side, have adopted every modern convenience for lighting, the cares of housekeeping and still retaining all the comforts of a home.



Is this your boy?

Is he too weak and sickly to join his companions in play, and are you helpless in spite of your utmost efforts to make him well?

What have you done toward building up his blood? Pure, red blood is what he needs most, if he is to become active and strong. It is the lack of it that causes his pallor, listlessness, poor appetite, lack of ambition, sleeplessness and shortness of breath.

Have you given him Dr. Williams' Pink Pills for Pale People? They are the remedy every growing boy and girl needs to build up the blood and bring health, strength, a good color, a hearty appetite and strong nerves.

Mrs. John Blake, R. F. D. 2, Verona, N. Y., in speaking of her son's illness, says: "We had Howard treated by a doctor for several weeks but he became no better. He had scarcely any blood, was thin, weak and badly run down. We felt that something had to be done quickly and turned to Dr. Williams' Pink Pills. They started to build up his blood at once. His color became healthy, he grew stronger and in a few weeks was as well as ever."

Dr. Williams' Pink Pills are valuable in all diseases where the blood is at fault, as in chlorosis, rheumatism, after-effects of the grip and fevers, headaches, and those run-down conditions of the health due to overwork, worry or nervousness.

Write today, stating your trouble, and see if Dr. Williams' Pink Pills have cured cases like yours. Dr. Williams' Pink Pills are sold by all druggists or will be sent by mail, postpaid, at 50 cents per box; six boxes, $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

KNIGHTS OF COLUMBUS WILL DANCE TONIGHT

Oakland Council No. 784, Knights of Columbus, will hold an informal dancing party this evening in Ebell hall. The event is an annual affair with the local branch of the order, and October 11 was selected as being particularly appropriate in connection with Oakland's celebration of Columbus day on Saturday. Invitations have been sent out to all of the members of the council in Oakland, and a large gathering of knights and their ladies is expected. Ebell hall will be decorated with potted palms and ferns and the music for dancing will be furnished by Scott's orchestra.

Arrangements are in the hands of Wm. J. Hayes, assisted by the following floor committee: Dr. J. P. Maher (chairman), Wm. K. Powell, Wm. Ward, J. Mangeau, D. M. Gallagher and J. P. Lacey.

UNION LABORITES ADJOURN TODAY

Split in Electrical Workers' Organization Before Convention.

SAN DIEGO, Oct. 11.—Final action on practically all resolutions now before the convention of the State Federation of Labor will be taken today as the delegates expect to adjourn sine die late this afternoon. The feature is expected to be the wind up of the dispute over the split in the electrical workers' union.

The matter now is in the hands of the labels and boycott committee and upon their report in a large measure will depend action on the application to take the fight between the factions to the convention of the American Federation of Labor.

Two business sessions will be held today, morning and afternoon, and as officers have been elected and the next convention city chosen, the business will deal almost solely with final actions on resolutions and recommendations from the various committees. The social features of the convention have been concluded and many of the delegates are planning to leave on late trains today and early tomorrow morning.

FAILS TO FIND WORK GROWING ON TREES

Anticipating that he would be able to find plenty of work in San Francisco in helping the exposition buildings, Charles Jensen came to California from the East some time ago, but after he got here he was unable to get enough to eat. After going without food for 24 hours he entered a vacant building belonging to W. H. Felton at 306 Thirteenth street and took a quantity of tools which he pawned for $1. Then he was arrested.

When the case came up before Superior Judge Ellsworth this morning for disposition Deputy District Attorney W. B. Smith, who had closely questioned Jensen made a plea that the man should be given a chance and not sent to San Quentin. Through the offer of Max Stern, a young settlement worker, who interested himself in the case, the matter was referred to the probation office with the assurance on the part of Stern that he would find employment for the defendant when he was released from custody.

William Gilmore, who pleaded guilty to having robbed telephone boxes in Berkeley after a jury had disagreed as to his guilt, was sentenced to serve nine months in San Quentin today.

BERTILLION RECEIVES RECORD SHIPMENT

Lee Bertillion, the Broadway hatter, announces the arrival of what he claims to be the biggest single express shipment of hats ever received in Oakland. The shipment, which has just been received, comprises the latest styles and newest novelties in hats for fall wear. Bertillion's brother is now in New York, buying exclusively for the Oakland store. As fast as anything new in the hat line presents itself, the same will be found on the shelves of the Bertillion shop.

Fit His Case Exactly.

"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Ft. Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.

TWO RICHMONDS SOON TO BE ONE

Cutting Boulevard, Ashland Avenue and Harbor All Contribute.

RICHMOND, Oct. 11. — The one fly in Richmond's ointment has always been that it was composed of two towns, under one municipal government, to be sure, but widely separated by an immense tract of land owned by the Santa Fe railroad which it will not sell or lease under any circumstances. And so virtually two cities have builded up, one on the west side among the hills and adjacent to the great oil works, formerly known as old town, or Point Richmond, and the other and larger city on the east side of the Santa Fe holdings.

Naturally as one big public or commercial building or industry was established at one point or the other, it caused more or less gladness or gloom, as the case might be, and some little sectional feeling was bound to creep in, in spite of all that could be done to prevent it. This has caused much worriment to the many who have been boosting the whole, but now this provoking matter bids fair to be settled once for all to the entire satisfaction of all parties concerned, for steps are now being taken to bring the two cities into one and build up the intervening space solidly around the south of the Santa Fe lands.

Cutting boulevard and the Southern Pacific electric road, paving it, the opening of Ashland avenue by the railway company from one side to the other north and south, the building of the great inner harbor between the two towns and the boring of a tunnel through the west hills through which the people and traffic of both sides must flow on the way to and from San Francisco, all contribute largely to this much desired result.

City Attorney Lee D. Windrem, just returned from a conference with the Santa Fe officials in the south, announces that Ashland avenue is to be paved and improved its full 40 feet by the company, and the traction company simultaneously announces that it is ready to build its tracks along that new and important connecting link between the east and west sides of the city. The telephone company is also ready to move its poles and wires to the new thoroughfare, and all of these improvements are to be completed this fall, according to the officials of the companies interested.

The Southern Pacific electric service will be extended to and along Cutting boulevard as soon as the franchise matters and other matters of detail now pending are adjusted, and this also will do much toward bringing the two sections of the city together in a business way.

And the harbor and waterfront projects, which will undoubtedly carry and be put through to a successful conclusion, is to build up all that section of country on the south lying between the east and west boundaries of the city, with warehouses along the water front, wholesale districts, business houses and other industries incident to large shipping interests.

ORCHESTRA WILL GIVE HALF HOUR

Zech Symphony Offers Interesting Program at Sunday Concert.

UNIVERSITY OF CALIFORNIA, Oct. 11. — The Zech symphony orchestra will give the program at the half hour of music Sunday in the Hearst Greek theater, according to announcement today of the music and dramatic committee. William F. Zech is conductor.

As this orchestra numbers 65 pieces, the half hour will be one of the most noteworthy ever given in the theater. The program that will be offered is as follows:

Vorspiel to Wagner's "Die Meistersinger von Nurnberg;" Les Erinnyes, suite by J. Massenet, prelude, scene religieuse, entr'acte, divertisement and allegro (ces decide; for string orchestra, Ole Bull's melodie and Edw. MacDowell, To a Wild Rose; Tannhauser march, Wagner.

Particular attention is called to the fact that the concert will begin at 3 o'clock, instead of 4 as usual. The engagements of a number of the musicians in San Francisco make this change of hour necessary, and it is hoped that those who desire to hear the concert will be in the theater promptly at 3.

HUSBAND DRUG USER, WIFE SEEKS A DIVORCE

Soon after she had been married, Annie B. Coombs found out that her husband was a user of drugs and she set about to break him of the habit. For a time she succeeded, but after two years he went back to his old habits, and finally became so cross and morose that she sought a divorce, mentioning the circumstances. She was awarded an interlocutory decree from John H. Coombs.

Jennie Braeske found life with George Braeske, a member of the marine hospital corps, strenuous for the reason that he drove her out of the house and beat her frequently. She obtained an interlocutory decree on the grounds that he had failed to provide her with food and clothing.

Johannes K. Larsen complained that Charles C. Larsen had failed to supply her with enough to eat, and she was granted an interlocutory decree of divorce today. On the ground of failure to provide Emilea N. Cavilli obtained a similar decree from Lodovico J. Cavilli, a plasterer.

Charging desertion, Anna Jensen has filed suit for divorce against Lauritz Jensen; Evelyn Alves against William Alves; Mary L. Thomas against Manuel Thomas. Florence C. Hughes was awarded a final decree from Robert E. Hughes on the same grounds.

Every Child Should Be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time, and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.

For children, the addition of a little sugar will make it so palatable that they will take it readily. Mothers of experience have praised it for more than 70 years. Insist on having Jayne's and no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

ENTHUSIASM AT FRESHMAN RALLY

UNIVERSITY OF CALIFORNIA, Oct. 11.— The annual freshman rally was held as a smoker last evening at Harmon gymnasium. The prospects of the baby team against their Southern California opponents were largely discussed, but even more attention was given to the affairs of the varsity. Roy A. Silent, head of the rally committee, acted as chairman of the meeting.

Coach James Schaeffer's appearance on the platform was the signal for one of the wildest outbursts of enthusiasm in the evening. Scott Hendricks, speaking for the alumni, and Herman Phleger, football star of last year, were also warmly applauded. Assistant Coach Cerf and "Doc." Simpson were other speakers.

Music except for the general songs was dispensed with. The final bleacher rally was held at California field this afternoon.

JURIST TAKES STAND IN D. H. PARKER CASE

Testimony to the effect that David H. Parker, former administrator in the estate of the late John E. Hart, had obtained appointment to that office for the purpose of letting a decree be entered for possession of certain Oakland property in the name of Miss Edith G. Hart was given this morning before Superior Judge S. J. McSorley in the extra sessions by Superior Judge F. B. Ogden, who presides in the probate department.

With Judge Ogden, Superior Judge [illegible] testify on certain proceedings connected with the case. An effort is being made by attorneys for the newly appointed executor of the estate to have the judgment in favor of Miss Hart set aside.

Mr. and Mrs. C. H. Anderson and daughters and Mrs. C. Vance and son left on Friday for a motor trip to Lake Tahoe, where they expect to spend the week.

The funeral of Mrs. A. C. Scoville took place from the home of her granddaughter, Mrs. Wallace W. Briggs, on Highland avenue Thursday afternoon and was attended by her many friends. Mrs. Scoville's death came after a very short illness, and though 83 years of age she was unusually active both physically and mentally.

On Wednesday evening the employes of Kahn Brothers enjoyed a dance at the Piedmont Park clubhouse. About 200, including guests, were in attendance.

Mrs. C. Musser of San Francisco entertained a number of friends at luncheon at the Piedmont Park cafe on Wednesday. The afternoon was devoted to cards.

The Allen Chickerings have taken possession of their new home on Sierra avenue.

H. W. Briggs of Highland avenue has gone east on a business trip. Mrs. Briggs will start for the east shortly and join her husband in Chicago. They [illegible] to be gone several months.

HUMORS IN THE BLOOD

Humors get into the blood usually because of an inactive condition of the system. Those members whose duty it is to expel all refuse matter do not properly perform their work and [illegible] is absorbed into the blood. Then instead of performing its natural function of nourishing the skin the circulation irritates and inflames it because of its impure condition. A thorough cleansing of the blood is the only certain cure for any skin disease; external applications can only give temporary relief. S. S. S. goes into the circulation and drives all humors from the blood, and in this way makes a permanent and complete cure in every form of skin trouble. S. S. S. supplies the blood with the nutritive qualities necessary to sustain the skin and preserve its natural texture and perfect appearance.

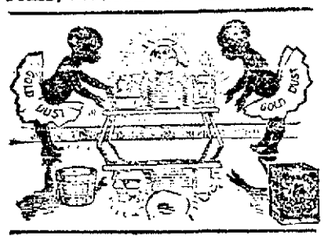
The Gold Dust Twins' Philosophy

IF you have ever fumed and fussed, because of dirt and grime and rust, and said unto yourself, "Oh, dear! This household work will kill, I fear"—then it is time that you should find some other method far more kind.

Of all the woes a housewife bears, one always fills her day with cares The kitchen after-meal-time muss, is quite enough to make one fuss. What, with the pots and pails and pans, the knives and forks and plates and cans, no task of man, however grim, the half as mean is handed him.

The Easiest Way

Two little willing workers aim to enter in this household game: their job, the lessening of work, a task that neither of them shirk. With active little hands and brains they grab the irksome household reins, till soon each kettle, pot or dish, is just as bright as you could wish. And not until the chores are done, from sink to silver, sun to sun, could anything inspire the two, to drop the tasks they have to do.



Therefore, if you have never known, assistance such as we have shown, your troubles end, where joy begins. Now, Mrs. Drudge, the Gold Dust Twins! Henceforth, as dishes congregate, and dingy pots that cannot wait; when cutlery, in sad array, awaits you at the close of day—"Cheer Up!" Forget the labor planned: You have two aids at your command.

OAKLANDER FACES TROUBLE IN EAST

'Wm. H. Oliver' or 'Leon Bell,' Accused of Giving Bad Check.

NEW YORK, Oct. 11.—A young man who registered at the St. Regis Hotel on October 1 as William H. Oliver of Oakland, Cal., but who gave his name to the police as Leon Bell of the same city, was arrested at the hotel last night on a charge of grand larceny. Gustav R. Schmidt, manager of the hotel, accuses Oliver or Bell of beating the hotel out of $98.27 worth of food [illegible] lodging and other accommodations.

The prisoner says he is 24 years old. He wears good clothes and looks prosperous. He brought very little baggage with him when he registered at the St. Regis, and as his bill was getting close to the hundred mark, Manager Schmidt suggested to a clerk this morning that he ask the young man for something on account.

Bell promptly handed over a check for $275 on the Crocker National Bank of San Francisco, made payable to William H. Oliver and signed "John P. Oliver," and asked for change. Schmidt said he would send the change to Oliver's room, and he himself looked over the check. He found, he says, marked similarity in the handwriting of the signature and the indorsement of the check and the signature on the hotel register. Then he wired to San Francisco and was told by the bank that there was no such account there. When the reply came to the hotel, Detective Vetter arrested Oliver or Bell.

At the station house Oliver used the name of Bell for the first time. He said that John P. Oliver was an uncle of his in Chicago, and, the police say, admitted that the check was not good. He then declined to say anything more about the matter.

PROTEST PRICE PLACED ON CERRO GORDO MINE

SAN JOSE, Oct. 11.—Stockholders and unsecured creditors of the Four Metals Mining Company appeared before W. A. Coulter, referee in bankruptcy here, yesterday to protest against the sale of the Cerro Gordo mine of that company to Louis D. Gordon, a Scotch engineer, for $100. They say the bid is ridiculously low. The mine has produced lead, zinc and silver worth $22,000,000 in the last fifty years, and is located in Inyo county. One appraisement quoted at the hearing yesterday showed the property to be worth $64,000 in tailings and dumpings, while another, which took the zinc into account, showed $153,000.

Unsecured creditors are attempting to get another sale in order to protect $130,000 worth of judgments for which there is no security. Gordon will shoulder debts of $250,000 secured in a local trust company along with his $500 bid.

Referee Coulter will decide the matter in a few days, but no definite time for the decision has been set.

TO SING FOR THE KAISER.

PETALUMA, Oct. 11.—Arthur W. Parent, a well-known Petaluman, who left here for Berlin to study voice culture, has been honored by being invited to sing in the choir in the church where the kaiser worships. Parent has received many flattering offers from grand opera companies, but will not accept any offer until he completes his studies.

FALLS 1500 FEET; AVIATOR UNHURT

Beatty's Machine Is Smashed, But He Escapes With Scratches.

NEW YORK, Oct. 11.—George W. Beatty, the aviator, dropped 1500 feet, landed in record time yesterday, cleared a farm house in the Kensington Park section of Brooklyn by a scant ten feet, piled his aeroplane up in a plowed field beyond and was hurled thirty feet out of his seat on his face—this without more than a few scratches and bruises to show for his fall from the sky, though the aeroplane was wrecked.

Residents along the fringe of streets bordering Borough Park saw a black puff of smoke shoot out behind and the aeroplane wavered and began to drop.

Beatty could be seen valiantly working his levers, trying to keep the machine on a level keel. But despite his best efforts, the aeroplane descended in rapidly narrowing circles and struck the ground with a crash. Persons who ran to the heap of torn canvas and splintered struts expected to find the airman dead. Instead Beatty was out from under the wreck of broken wings and shattered propeller before anybody could give him a hand.

ELECTRIC RAILWAY MEN END SESSION

Chicago Man Elected President of Association for Year.

CHICAGO, Oct. 11. — The convention of the American Electric Railway Association completed its session yesterday. The attendance this year was larger than at any previous convention.

The principal subjects dealt with were "Safety of Passengers," "Welfare of Employes" and "Relations of Corporations With the Public."

The American Museum of Safety in New York has offered to place at the disposal of the American Electric Railway Association several thousand square feet of space for a collection of every phase of practical safety device in connection with the electric railways of this country.

A special committee appointed by the president of the Panama-Pacific International Exposition laid before the convention an invitation to meet in San Francisco in 1915.

The committee consisted of J. McMillan, Los Angeles; F. W. Frost, Oakland; W. W. Bribbs and Thomas Finnegan, San Francisco.

The invitation was referred to the executive committee and probably will be accepted.

The association elected today officers for the year as follows:

President, General George H. Harris, Chicago; vice-presidents, Charles N. Black, San Francisco; C. Loomis Allen, Utica; C. L. Henry, Indianapolis; John A. Beeler, Denver; secretary-treasurer, H. C. Ionecker, New York.

ALL IS READY FOR COLUMBUS DAY FETE

NAVIGATOR TO LAND ON MERRITT'S SHORE

CLARA, RUTH AND GRACE SOPER, WHO WILL TAKE PART IN COLUMBUS DAY CELEBRATION. —Bushnell Photo.

Children to Play Great Part in Big Oakland Celebration

Everthing is in readiness for the big Columbus day festival which will be given on the shores of Lake Merritt tomorrow afternoon, beginning with a band concert at 12:30 o'clock and closing in the evening with a flaccolata, or night in Venice.

Crowded in between these hours will be a program replete with interesting and spectacular features. The big detail of the celebration will be the pageant showing the landing of Columbus, his captains and crews in the three caravels, the Santa Maria, the Nina and the Pinta. The three boats to be used will be exact replicas of the historical vessels. All the details of costume will be carried out in the dress worn by the discoverers and the picturesque feature will be of great educational value as well as a sight well worth seeing.

The tribes of the Improved Order of Red Men and the Daughters of Pocahontas will impersonate the friendly Indians who greeted the great discoverer when he landed in the new world. A typical Indian village will be depicted, showing the campfires, the tepees, the Indian women with papooses. The warriors, bedecked with war paint and brandishing tomahawks, will oppose the landing of the curious caravals until they are frightened back with the firing of the guns carried by the ships. Strings of beads and other gifts will be given them by the discoverers and Columbus will then take formal possession of the country in the name of the king and queen of Spain.

INDIAN DANCE TO FOLLOW.

The gorgeous ceremony in which Queen Isabella of Spain, surrounded by her maids-of-honor will receive Columbus and his men, will be followed by a characteristic Indian dance given by Clara, Grace and Ruth Soper. Clara is 10 years old, Grace 9 years old and Ruth is 8. These children are talented terpsichorean artists, and this feature of the program promises to be unusually interesting.

President Benjamin Ide Wheeler of the University of California; Joseph Scott, the well-known Southern orator; Chief Deputy District Attorney P. M. Carey and Dr. G. Ghiglieri will be the speakers of the day. W. E. Gibson, president of the Chamber of Commerce, will be president of the day. The school children will sing patriotic songs and give folk dances. The singing of Signora Malvina Pereira, soprano, and a basso of the Lambardi grand opera company will be the features of the musical program. Signora Pereira will sing a selection from "La Traviata."

The regatta and water sports program will be replete with interesting events. Special credit for this part of the program is due to F. L. Bohn, chairman of the regatta committee.

The committee of arrangements has worked early and late for the success of the holiday and from all indications it will be the best yet held in Oakland. It is composed of the following:

Judge William R. Geary, Hugh Hogan, Leo J. McCarthy, Dr. G. Ghiglieri, Thomas I. Casey, Cav Uff, J. F. Fugazi and F. N. Belgrano.

QUEEN TO BE CHOSEN.

The big queen contest will close at 6 o'clock this evening. Miss Rose Arina and Miss Theresa Mantino, who are making the race, have been active throughout the campaign and an extremely large vote has been polled. Both contestants have a host of friends who have opened up [illegible] in securing support for their favorites. In addition to the selection of a queen, maids-of-honor will also be chosen by the queen committee, of which A. Mazziotte is chairman.

All cars going to the scene of the festivities will carry white disks with the words "Columbus Day." More than 6000 seats can be had near the bandstand where the queen will receive Columbus and where the literary and musical exercises will be had. Columbus will start on his voyage of discovery at 1:30 o'clock.

The flaccolata will be a fitting climax to the day's program. The lake will be lighted with many incandescent lights, the watercraft will be beautifully decorated and lighted with Chinese lanterns. Music will be furnished from a lighted float anchored near the Twelfth street dam. The feature will be the display of fireworks.

PATRONESS MRS. O. PAUL. —Bushnell Photo.

DISPLAY TO BE BRILLIANT.

The program of fireworks will be as follows:

Opening salute, four 13-inch bombshell salutes, bursting high in the air with tremendous reports; illumination, by burning 21 bags of red fire, tinting the surroundings a ruby glow; rocket display, six 8-pound fancy assorted rockets; bombshell display, four 10-inch bombshells of golden diamond, silver rain and electric displays; battery display, three mammoth fan-shaped golden diamond fountains; a profusion of golden stars combined with golden fountain effect; bombshell display, two 10-inch silver rain bombshells; rocket display, six 3-pound searchlight and willow tree rockets; silver fountain, three large silver fountain batteries, fired simultaneously, covering an area of 45 degrees; exhibition piece (meteor wheel), a mammoth wheel ten feet in diameter revolving at a great velocity of speed with flashes of electric fire, at the same time throwing off trailing meteors 15 to 20 feet in the air; rocket display, six pearl shower and national streamer rockets; bombshell display, four peacock willow tree and emerald trailer bombshells; battery display, three mammoth emerald trailer batteries, throwing myriads of emerald-hued stars 75 feet in air; rocket display, six prismatic dragon and searchlight rockets; special rocket display, three 4-pound hanging chain rockets, throwing into the air chains of red, white and blue lights, which hang in the air for several minutes, finally floating out of view; bombshell display, four 13-inch bombshells, bursting into all colors of the rainbow; spiral fountain, a spiral fountain throwing red, white and blue stars high into the air, each star forms at a gigantic wheel base and climbs in a spiral to the top of the [illegible] where it [illegible] itself back into the air; aerial ladder rocket display, three 4-pound aerial ladder rockets, each suspending in the air an aerial ladder 200 feet in length; battery display, three white electric shower batteries; bombshell display, two 13-inch spider bombshells, forming gigantic spiders in the air; battery display, four golden diamond batteries, filling the air with golden spangles; bombshell display, three 13-inch bombshells, showing a profusion of red and blue stars, over an area of an acre; battery display, three golden rain batteries, filling the air with showers of golden rain; grand finale, special exhibition piece, a mountain of fountains, sloping from the ground to a pinnacle of 20 feet high, the fire reaching another 30 feet, making a piece of 20x50 feet; a combination of gold and silver sprays and silver trailed shooting stars.

TEN-MILE RELAY RACE.

A feature of the afternoon will be the ten-mile relay race around Lake Merritt with athletes of the Oakland, San Francisco and Berkeley Young Men's Christian association as the competitors. Among theose entered are the following: O. Hagerdorn, C. Wright, S. Hjelte, H. Courtin, J. G. Martin, R. Howden, J. Reading, Geo. Bartwell, F. Coleman, J. Beatty, A. Carlson, E. Street, F. Stark, E. Extravagant Prices No Longer Necessary in Player Pianos

No longer is it necessary to invest $700 to $900 to buy an artistic and wholly satisfactory Player-Piano. Improvements in design, in efficiency and methods of manufacture, together with quantity construction, have made it possible for us to offer at this time Players which in every respect are superior to those which two or three years since sold at prices $200 to $300 higher. This evolution is the natural result of the great demand for good Player-Pianos at low prices and the devotion of the best mechanical minds of the music industry to manufacturing and mechanical problems

Today we offer a Player-Piano at $485 on easy payments, which will satisfy the most exacting musician, not only in the character of the piano, but as well in the perfection of its renditions It is beautifully cased, simply controlled and altogether desirable

At $500, $550 and $600 we show Player-Pianos which we are confident are superior to any offered at their price in the west. On all convenient terms may be arranged. Besides, the buyer has the certain knowledge that both piano and price are right and that back of every instrument offered by our house is an unimpeachable guarantee not only as to quality, but that the price is the same that he would pay for his piano on the floors of the manufacturer.

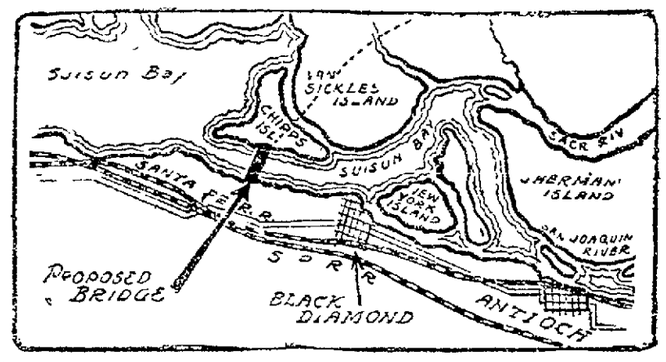
GREAT BRIDGE WILL SPAN SUISUN BAY

WAR DEPARTMENT EXPRESSES APPROVAL



WHERE THE OAKLAND & ANTIOCH'S BRIDGE IS TO CROSS UPPER END OF SUISUN BAY

Oakland and Antioch Railway Wins Privilege Long Sought by Other Corporations

Definite advices were received yesterday that the bridge is to be thrown across The bridge day from Washington that the War Department has approved the plans of will be a mile in one span the huge steel bridge planned by the Oakland Antioch and Eastern railway and other interests across the Suisun bay near Pittsburg

With the receipt of the official permission from Washington work on the big structure will be rushed and it is planned to have it completed within a year The bridge which with its approaches will be two miles long is to have a clearance of 72 feet above high tide level and will cost $1,650,000

The winning of this concession from the War Department after the bitter warfare which has been waged against the measure by those who feared the obstructed passage of river boats would be affected is regarded as a recognition of the growing need of quick transportation between Oakland bay points and the hitherto undeveloped Solano and Yolo counties

With that bridge it will be possible for electric trains to reach Oakland from Sacramento within two hours said Walter Arnstein president of the Oakland, Antioch and Eastern railway yesterday "We are having splendid big electric cars built in the East for handling freight and passengers and we will have sleepers constructed in the course of time to be used in conjunction with other lines Service between Oakland Antioch and Sacramento will probably begin in May We will ferry the trains across Suisun bay for the time being at the point where the bridge is to be thrown across The bridge will furnish a great stimulus to the development of the counties north and east of Suisun Bay and will unite the Bay cities with a region whose resources have scarcely been tapped

The victory won by the new electric railway is even bigger in view of the failure of the Southern Pacific in 1904 and the Santa Fe in 1906 to win a similar concession The Oakland Antioch and Eastern now controls what is practically the strategic point for throwing a bridge across the stretch of water which has blocked the highway plans of the interior counties for years Associated with the railway people in their agitation were the Sacramento and Oakland commercial bodies and representatives of a number of interior counties who appeared at the hearing of the War Department in the city before Major S A Cheney of the Engineering Corps

The structure will extend from Black Diamond in Contra Costa county near the town of Antioch to Chipps Island in Solano county It is not intended for steam trains as is but will be used for electric trains vehicles and pedestrians The bridge will be of the vertical lift design the span provided with the lift being of 200 feet and allowing an extra 150 feet above the highest point of clearance of the other spans It will be built of steel and will rest upon concrete piers It is expected that the cost will be borne by the railroad the counties of Solano and Contra Costa and various civic and commercial bodies

REDFERN

That Is the Name of the Corset You Hear About —Read About All Over the Land

DISTINCTION IN DRESS—In dress there is one of two notes to strike—individuality or a strict adherence to the fashions of the day. Both require correct figure lines and careful corset selection.

The Corset Makes the Figure

Assuming that your aim is to be corseted for either the fashions of the day or your individual taste in dress a REDFERN is your model—soft, light and pliant—yielding to every demand of the wearer

The contour of the season's figure gives the effect of the natural waist which simulates both the Grecian and the Oriental—with long lines and a slightly curved but closely confined hip.

The standard of corset fashion is the REDFERN, exquisitely dainty and in keeping with the most fastidious dress.

There is a REDFERN especially designed for every type of form, and wherever a REDFERN is sold it is fitted by an expert corsetiere who will select your particular model that is adapted to your figure. A HAPPY CHILD IN A FEW HOURS

When Cross, Sick, Feverish, Tongue Is Coated or Bilious Give 'Syrup of Figs.'

Look at the tongue, mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and 30 feet of bowels are clogged up with indigestible, fermenting waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad; has stomachache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the food, constipated waste, undigested food and sour bile will gently move on and out of its little bowels without griping, nauseating or weakening, and you surely will have a well, happy and smiling child again shortly.

When Syrup of Figs can be had druggists, mothers realize that children being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

FIFTY WOMEN CLAIM TO HAVE BEEN VICTIMIZED

SAN FRANCISCO, Oct. 11.—Fifty women who have been led to patronize the Great Western Woolen Mills in order to procure $35 tailor-made suits for $18, appeared in the Hall of Justice this morning to swear to complaints against the five defendants under arrest. They are Charles Hickey, Lellah Hickey, John Bleckman, H. M. Thomas and Maurice Shoen. Today Judge Shortall dismissed the original charge and there was substituted an accusation of obtaining money under false pretences, sworn to by Mrs. Jane Grace of 1628 Sutter street. The defendants will be arraigned tomorrow morning.

The women who claim to have been victimized held a meeting on the borders of Portsmouth Square, opposite the hall, which attracted a huge crowd of spectators and caused considerable excitement.

ASSEMBLY PATRONESSES TO GIVE DANCE

AFFAIR TO BE HELD AT HOTEL OAKLAND

MISS FRANCES RAMSEY, POPE AND MISS GEORGINA SNEATHEN, TWO MEMBERS OF JUNIOR ASSEMBLY.

Surplus in Treasury Will Be Used for Big Social Affair

THE local younger set will hail with delight the news that the patronesses of the Junior Assembly will give a complimentary dance to last season's members at the Hotel Oakland, on the evening of January 24. The dance is being eagerly anticipated and will be a jolly affair attended by a very large number of the younger girls in Oakland and a considerable number from Berkeley.

The dancing club was dissolved this year, to the regret of the members, who included about 200 beaux and belles of the younger set. The assembly was not as exclusive as in former years and the membership was larger than the dance hall could accommodate comfortably.

SURPLUS IN TREASURY.

There is a surplus of money in the treasury and the patronesses of last year decided to use it for an extra dance, at the earnest solicitation of many of the members.

The assembly dance at the Hotel Oakland will be more elaborate than usual, and the hall will be very attractively decked and every effort made to have the last dance a success.

The patronesses of the affair will be Mrs. T. A. Crellin, Mrs. Prentiss Selby, Mrs. J. R. Scupham, Mrs. Louis Cockroft, Mrs. Clarence Wetmore, Mrs. Edgar P. Stone, Mrs. N. A. Acker, Mrs. W. H. High, Mrs. C. W. Armes Jr., Mrs. Sam Breck.

Among the members of the assembly are Miss Georgina Sneathen, Miss Lita Schrock, Miss Helen Louden, Miss Helen McIrman, Miss Frances Ramsey, Miss Carmen Ghirardelli, Miss Grace Downey, Miss Isabelle Scupham, Miss Gertrude Bangs, Miss Katherine Bangs, Miss Dorothy Capwell, Miss Pearl Cawston, Miss Enez Eudey, Miss Margaret Warner.

ALIMONY IS REDUCED

SAN FRANCISCO, Oct. 11.—Henry F. Prien, a member of the wholesale drug firm of the Serwe & Prien Company, was in Judge Graham's court this morning to show cause why he had not paid his wife $115 a month alimony pending an action for divorce. He complained that his income was only $250 and that $135 was insufficient to support him and his daughter. The court fixed the amount at $100, and ordered it paid forthwith.

SPRECKELS CASE AGAIN IN COURT

Fight for Control of Millions Left by Sugar King Is Resumed.

SAN FRANCISCO, Oct. 11.—The battle between John D. Spreckels and Adolph Spreckels on the one side, and Claus Spreckels, Rudolph and Mrs. Emma Ferris on the other, all children of the late Claus A. Spreckels, which has been waged in the local courts almost ever since the death of their father, was resumed this morning before Superior Judge Seawell.

The action of the three children last named against John D. and Adolph Spreckels to recover the millions given them by Claus Spreckels Sr. during his lifetime, was also taken up for hearing before the court today. A demurrer had been interposed by the defendants, and Attorney Peter Dunne, representing them, argued throughout the forenoon.

It is the claim of the plaintiff that Claus Spreckels Sr., in giving so much money to his two sons, who were at that time his favorites, had parted with a portion of the community property, of which his wife, Mrs. Anna C. Spreckels, was entitled. At the time of his death, Spreckels left the bulk of his estate to his wife, who soon followed him to the grave, to be held in trust for Claus A. Spreckels Jr., Rudolph Spreckels and Mrs. Ferris.

It was argued by Dunne that Mrs. Spreckels consented to the gift made to the sons during their father's lifetime.

The first suit is separate from the one resulting in Superior Judge Coffey's order breaking the Spreckels will.

WIFE SECURES SALARY.

SAN FRANCISCO, Oct. 11.—Salaries for wives have long been advocated by some of those who have been endeavoring to curb the divorce evil, and it was not until a promise of such a stipend was made today that Mrs. Mary Zurrini consented to be reconciled to Caesar Zurrini, of 1180 Fifteenth avenue. Mrs. Zurrini brought suit charging cruelty. This morning the husband told Judge Graham that he wanted her to make up with him. She demurred, but finally consented when he agreed to pay her half his salary monthly.

Oaks Have Neat Lead for Pennant; Big Heavies Well Primed for Battle Tomorrow

BIG AL AND GIANT LUT ARE AWAITING THE GONG

Rival White Hopes Say They Are Fit and Ready to Swap Punches at Coffroth's Arena Tomorrow

Big Al Kaufman of California and Big Luther McCarty of Springfield, Missouri, the giants who are to battle for a chance to be heralded as a real live white hope at Coffroth's San Francisco arena at Eighth and Howard streets tomorrow afternoon put the finishing touches to the training camps stunts yesterday afternoon and today are doing but light work. A peep at both shows that Kaufman and McCarty will be in the "pink of condition" at the call of time, and when "Sorrell Top" Jim Griffin gives the word to go the fans should see the beginning of a scrap that should be a good one.

There isn't going to be any of the Tommy Murphy-Abe Attell speed to the bout nor will there be that fancy stuff that little Abe and Harlem Tommy pull off. Instead the signs point to the two big fellows swapping at the waistline with both men trying to get the right of drivers in an argument over the right of way.

This is the way the followers of the game look upon the bout. It is their opinion that tomorrow's scrap will be one of the toughest and most gruelling that the fans have seen in many months.

Both men fight in the same strain. Science and fancy stepping is practically unknown to each of them. Kaufman and McCarthy depend upon their brute strength more than they do upon skill. Each will step into the ring weighing well above 200 pounds.

The Missouri hope will have an advantage over the Californian in height, reach and poundage, but whether these qualifications will offset the experience of the big blacksmith remains to be seen.

KAUFMAN MORE EXPERIENCED

Big Al knows this game of hit and get away far better than the other big hope. He has been a mixer for seven years past and has met the greats and near greats of the prize ring from Sammy Berger up to and including the big smoke.

In the great majority of these bouts big Al has the letter "K" after the bout showing that he delivered a sleep producer. In some of his bouts big Al wasn't so fortunate and a few decisions have gone against his name.

Being fair to the big fellow, though it must be admitted that he looks 100 per cent better than he ever looked before. That long rest most of it spent in the mountains did him a world of good. He has worked faster in the gym. Has hit harder in his sparring bouts with his stable mates and does not show the lack of stamina that was noticeable after that Eastern campaign.

The fans are weighing well all of these qualifications. They have summed up the workouts and past performances of both the men and in the places where the fight bugs gather one will find just as many Kaufman supporters as there are McCarthy adherents.

CAME TO FRONT QUICKLY

As for McCarthy, he comes to San Francisco for the first time and well touted as the one real white hope that is to take the place of the late Jim Jeffries. Back in the big timber the fans think McCarthy is a world beater and will drop big Carl Morris and will drop Barry as he did is entitled to more than passing notice.

The Missourian looks the part. He is a big fellow with powerful arms, big shoulders and sturdy legs and those that have been him in action say that he is a worthy rival of the one time redoubtable Tommy Sharkey for gameness.

In his fight with Kaufman he will have to be game for no matter how good he is there is no getting by the fact that Al Kaufman can hit him and can hit him hard.

In his workouts at Mollet's with Lanum, Kennedy, Williams, Sullivan and Monahan it was plain to the writer that McCarthy is easy to hit. And moreover whether he has an iron jaw or not he can be floored for Wm. Monahan floored him clean.

That he can assimilate punishment was shown in these bouts. Time and the jaw or in the body that would have again he would receive a nasty crack on a dire effect on an ordinary man still he would keep right on fighting with a boring-in style and with the idea of giving back that blow.

With all things considered between the two men it looms up as a fight that will be well worth the seeing with the chances much in favor of one or the other going down and out long before the 20 rounds should end.

HOPPE AND WATSON READY

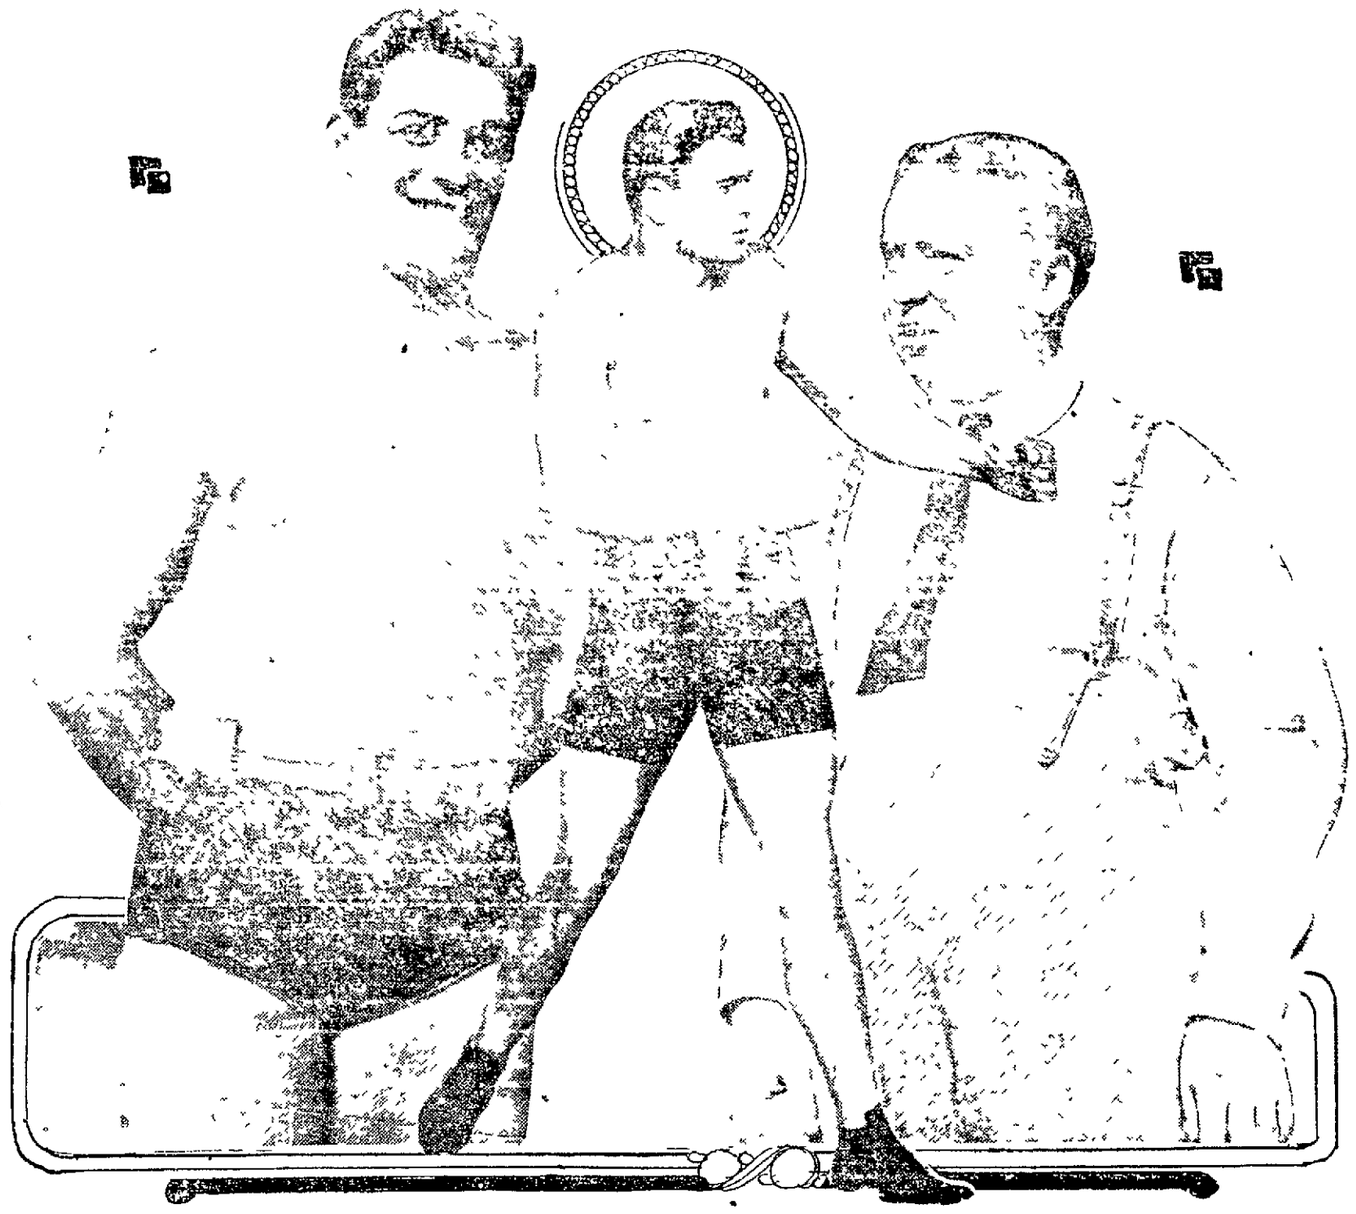
Willie Hoppe from Butchertown will be given a chance tonight when he goes up against Red Watson in the headliner of the four round show at Dreamland. Hoppe has a clean record up to date and if he gets away with the southern slugger he is bound to stand out as a candidate for future ring honors.

The Butchertown boy is one of those tearing fighters of the Terry McGovern type. He never has met defeat during the few months that he has been in the four round game.

In addition to the lightweight headliner Matchmaker Al Young has a bunch of other attractive fights on his card. Young Herman, the New York middleweight who has beaten the best of them in the big city is here to show the locals. He will put on the gloves with Jack Herrick, the Chicago boy who has been showing such good form during the last few months. Herrick's brother Joe, a welterweight of considerable promise is to go on with Antone La Grave, the well known Butchertown welter.

The other bouts are as follows: Jimmy Fox vs. Marty Kane, featherweights; Ray Campbell vs. Willie Robinson, lightweights; John Thomas vs. Joe Savage, middleweights; Johnny Murphy vs. Frank Jobes, lightweights; Norman Couture vs. Kid Bertelson, featherweights; Billy Pape vs. Joe Marmonte, bantamweights.

Frank Schuler will referee all fights. The first one starts at 8:30 o'clock.



Big Al Kaufman, (left) and his manager, Al White (right) with a fighting pose of Luther McCarty. Big Al and Giant Lut, are the main event at Griffin's show tomorrow afternoon in San Francisco.

BILL LEARD DOES IT AND OAKS GATHER CLOSE GAME

Home Town Second Sacker Steals Two Bases in the Final Round.

SACRAMENTO, Oct. 11.—There were not a few heroes in the Solons-Oaks ball game here yesterday afternoon, but the best of the medals should go to Bill Leard. It was the Oaks' scrappy little second-sacker that pulled his team out of the rut by his daring work in the ninth inning on the bases and made it possible for the Oaks to gain several more points on the Angels as well as to as good as cinch that Coast League pennant.

The ninth inning was underway and two were in the hole when Bill waddled to the bat. His hit took a nasty bound over Orr's head and then the daring work of Bill began for like a shot he was off to second and made it in safety.

Then the desperado from Oakland stole third.

From whence he had no trouble in scoring the tying run when Abbott slammed the pill to left for a single. The suddenly changed aspect unnerved Gilligan and when Abbott stole second Covarrubias tried out to right field for another safety, and Abbott scored the winning run from second sliding safely under Kreitz on Shinn's peg to the rubber.

COOK GETS A HIT.

Leard's daring base running had practically won the game for Oakland. It made possible the tying run and unsettled the locals just enough to clear the way for the hits by Abbott and Cook which won the game. Gregory was untouchable in the last of the ninth turning Kreitz and Shinn back to the bench on easy infield outs, and fanning Gilligan.

It was a great finish that would have done justice to a better attendance. But the spectators here these days can be counted by the dozen and the feature innings of the game was a reminder of what the poet said about the wasting sweetness on the desert air. The finish was all the more notable because it wiped out the off color work of the

AROUND THE BASES

As a fitting tribute to the memory of the late William F. Hutchinson of the Los Angeles ball team there will be no baseball this afternoon.

The players of the San Francisco and Portland teams, the league officials and the countless friends of the deceased are paying tribute to the finest chap that ever trod across the baseball field.

Oakland made a belated rally at Sacramento yesterday afternoon and today they are leading their nearest competitors, the Angels, by 27 points. By figuring out, there doesn't seem to be any chance whatsoever for the Oaks to lose out for the bunting now.

It is a pretty hard thing to pick out the big gun of yesterday's game at the capital. With two on in the fourth inning Big Jawn gathered a homer. In the ninth Leard singled, stole second and third and scored on a corking hit by Abbott. That tied the score and then came Bert Coy with a liner that scored Abbott, and that won.

Howard Gregory got a bad start and in the first two innings the Solons piled up four runs. After that he settled down and in the next seven the Capital City jokers gathered but one. All the time Oakland was fighting hard and in the end that fighting spirit won out.

Remember when Patsy O'Rourke just to get his name in the paper told the scribes and the fans that Oakland wasn't a ball club because they lacked nerve and grit. Gee, but it must be awful galling to Patsy every time he looks at that percentage column and sees the Oaks on top and the Solons on the bottom.

What do you think of that? All hands in the Oaks line up poled out one or more hits except our illustrious friend Carl Fleming. Morgan Gisslo made a couple of boots. Nobody has a right to crib though for it is many a hit Gus made and many a fine stop that saved Oakland from defeat in the past.

Notice the percentage column today and you will see that Oakland is leading the Angels by 27 points while Vernon is but three points behind the Dillonites. Pop had better look out or it will be third place for [illegible].

Yohe didn't get a chance at third for the Seals until the ninth frame and he booted that. Later he came back though with a nice stop and heave to the rubber that killed off a run.

The proposed Oakland-Denver series have been called off. The fellows back in the mining state wouldn't stick together until the end of the Coast League season so there will be nothing doing. It is just as well for we fans out this way get a bit too much baseball in one year.

Matty McIntyre looks to be some hitter and if he keeps on batting the ball as he did yesterday the Seals will have one good man in left field. He was up four times and the first three trips netted [illegible].

Tomorrow is Discovery Day and the schedule calls for a double header that is a game in Oakland and another in San Francisco. The powers that be though will give Oakland fans no chance to see the first game unless they want to hike over the bay for these games. It was said that the two games shall be played in San Francisco, the first to begin at 1:30 p. m.

ANOTHER LEMON IN CITY FOR FANS ON SATURDAY

While the schedule of the Coast League calls for a morning game at Oakland tomorrow the fans on this side of the bay are not going to have it. The powers that be gave out this information yesterday afternoon, but for some reason didn't care to have it published.

This is but another slap at Oakland. As it is now the best ball town on the Pacific coast is denied the right of continuous ball and the fans of Oakland must cross the bay five times a week to see the ball team they support play.

While the majority of the Oakland fans don't care whether Portland and San Francisco play here or not it is an injustice to those that do care for a ball game to have it transfered over the bay.

PENN. COLLEGE LOSES A MOST VALUABLE MAN

PHILADELPHIA, Pa., Oct. 11.—Harrington, the University of Pennsylvania halfback, regarded as the best line plunger of the football squad will probably be unable to play for several weeks. An X Ray picture of Harrington's shoulder which was hurt in the Dickinson game shows that the injury will be a long time in healing.

RIVAL COLORADO BALL TEAMS TO MEET ON GRID

DENVER, Colo., Oct. 11.—The football teams of the Colorado School of Mines and the Utah Agricultural College will meet here this afternoon. The game was scheduled for Saturday, but the date was changed on account of the Denver-Minneapolis baseball series.

SPECIAL RATES FOR SACRAMENTO SUNDAY EXCURSION

On Sunday next, October 13, reduced rates will be in effect on lines of the Southern Pacific between Oakland and Sacramento. A special rate of $3.00 for the round trip is made for the benefit of baseball fans and their friends and the public generally who may wish to visit [illegible] this the last time of the year.

Round-trip tickets will be honored on all Sunday morning trains leaving Oakland and on any train returning Sunday night.

In addition to regular trains a special will be put on, leaving Sixteenth street Depot Sunday morning at 9 a. m. and returning the same evening. This will be a high-class train, equipped with steel day coaches and an observation car.

See Southern Pacific agents for further particulars.

JACK JOHNSON PUTS BROTHER CHARLEY IN COOLER

CHICAGO, Oct. 11.—Jack Johnson champion heavyweight pugilist and his brother Charley arrested here yesterday charging him with grand larceny for perjury obtaining money under false pretenses and a few other offenses and claimed that the prosecution was an evidence of "brother love."

The champion swore out the warrant and appeared against Charley in the municipal court. These are the charges Jack enumerated against his brother.

Purchasing automobile tires from a local concern and charging the cost $150 to Jack Johnson, Jacking himself in a gorgeous brown and red check suit and living for the same with a check to which he signed the name "Jack Johnson" obtaining a supply of electric light bulbs from an electrical concern and again signing the champion's name writing a letter to B. I. Moody, Jack's attorneys and requesting the loan of $50 for your friend Jack.

JOHN HORGAN DEFEATS BROWN AT POOL GAME

The pool game at Wright's Billiard Parlors last night resulted in a victory for Champion John Horgan who defeated De Oro Brown by a score of 50 balls to 28.

Horgan was in fine stroke and followed with the best exhibition of fancy pool shots ever seen in Oakland. Tonight will be the last appearance in this city when he meet John Roggen at three-cushion billiards.

CYCLONE JOHNNY HAS TOO MUCH IN RING FOR GODFREY

FOND DU LAC, Wis., Oct. 10.—The scheduled ten round bout between Cyclone Johnny Thompson of Sycamore, Ill., claimant for the world's middleweight championship, and Art Godfrey of Minneapolis was stopped in the eighth round by the referee tonight to save Godfrey from punishment.

Though handicapped by twenty pounds less weight and by less strength Godfrey put up a game fight and was still on his feet and willing when the battle ended. He had a shade in the second when he drove two lefts in quick succession to Thompson's jaw.

Thompson won on his infighting his continuous stomach jabs and jolts to the face which traveled but a few inches, telling mercilessly on his adversary. At long range milling Godfrey had the advantage.

LOOK OUT, WHITE HOPE GUNBOAT IS A FIGHTER

NEW YORK, Oct. 11.—Gunboat Smith, the California heavyweight who recently made Jim Savage of Orange, N. J., quit a bout at Madison Square Garden, has been signed for another 10 round battle by his manager Jim Buckley. His opponent will be Jim Stewart, the big Brooklyn fighter who gave Luther McCarthy a hard fight and besides has fought same other good contests.

Smith and Stewart will come together in this city Monday evening, October 21.

GARDNER TAKES LEAD IN STATE TENNIS CHAMPIONSHIP

The annual State lawn championship tournament was opened on the Concord Country club courts yesterday afternoon with a big attendance of players and spectators. There were no surprises in the opening round, and considerable interest was taken from the opening day's play on account of the failure of several well known players to appear.

C. Gardner showed great form in his match with V. Sheldon in the singles championship and won easily in straight games by scores of 6-1, 6-3.

Following are the results of to-day's play:

Women's special handicap—Marion Tarillon defeated Bess Christian, 6-2, 6-1; Sarita Van Vliet defeated Bessie Culley, 6-4; Mrs. Rogers defeated Mrs. Hamilton, 6-0; Mrs. Rose defeated Mrs. Mitchell 10-8, 6-0; Mrs. Rose defeated Mrs. Hollaran 6-2, 6-0; Laura Bowers defeated Dora Rogers, 6-2, 6-2. Matches backing women from Carmel Kirby by default; Mrs. Fletcher defeated Daisy Countryman, 6-3, 4-6, 6-2; Mrs. J. Nicholas defeated Mrs. H. C. Hand, 6-0, 7-5.

Women's championship singles—Laura E. Herron defeated Irene Nicholas, 6-4, 7-5; Leontine Richard defeated Constance Davis, 6-4, 6-4; Bessie Culley defeated Mrs. Kuhlman, 6-2, 6-2; Helen Barber, Sarita Van Vliet, Mrs. Countryman and Dora Rogers won by default.

Men's singles, State championship—R. L. Murphy defeated J. Strachan, 6-2, 7-5; C. J. Griffin defeated S. J. Smith, 6-2, 6-4; E. P. Finigan defeated J. C. Robbins, 6-2, 10-8; C. Gardner defeated V. Sheldon, 6-2, 6-1; H. H. Hazel defeated C. A. Rogers, E. Breeden and T. Barker were defaulted; W. G. Knowlton defeated W. Havens, 8-6, 6-3; E. Fottrell defeated E. A. Klein, 6-1, 6-2.

HAP SCORES AGAIN OVER DILLONITES DOWN SOUTH

LOS ANGELES, Oct. 11.—Hogan amazed the town by doing it again. His curves who have been the object of pity and ridicule for several weeks again baffled the leery boys in easy fashion. Ballenger was lifted with the ball with only indifference and the other fellows went after runs in a manner quite expensive.

Hogan was the star with his splendid pitching work. He started off with a triple, did work it with a double when he needed it, and was not satisfied, made a home run in the third time at bat. It was very encouraging to Bill Tozer, who was put out for the Angels.

Stewart lasted for Vernon and held down the job for three hits. This may be considered fossil work on the part of Stewart to properly rotten stick work by the Vernon, who played with a lassitude calculated to drive their supporters to drink. Score:

WEST OAKLAND SIGNS UP CRACK LIGHTWEIGHTS

GREAT BASE RUNNING BY LEARD WINS FOR OAKLAND

(Cont. from Preceding Page)

Oakland infield in the first two innings which was largely responsible for four Sacramento runs.

Oakland got away to a run in the first inning. Orr beat out Leard's grounder, and when Abbett angled to center, Leard went to third, scoring on Coy's infield out.

SOLONS MAKE TWO.

But the locals came back with two in the last half of the first. Shinn drove a single to left, and Van Buren drove one in the same direction which Hetling knocked down, cutting off a probable two bagger. O'Rourke sacrificed both men ahead. Cook threw low to Tiedemann on Swain's grounder, allowing Shinn to score, and Lewis singled to right, scoring Van Buren.

In the second inning Gus Hetling blew two runs in his automobile dreams. With one out, Gilligan beat out a hit to Hetling, but was forced at second by Shinn. A short fake put Shinn on second and he went to third when Hetling juggled Van Buren's grounder too long to get either man. O'Rourke chopped one down the third base line for a single, beating Hetling's peg to the bag and scoring Shinn. But Hetling's throw was so bad that Tiedemann could not save it and O'Rourke scampered around to second. Van Buren scoring the fourth Sacramento run.

BIG JAWN MAKES A HOME.

A new game started after the fourth, however, for Jawn Tiedemann and his trusty black bat pulled the score up on even terms with a home run when two were on the sacks. With one out in the fourth Delmas singled between short and second and went to second when Swain and Lewis got mixed up in the field. Swain dropping Cook's fly. Then came Tiedemann with his circuit shot, chasing in two runs ahead of him and tying the score at four all.

But the Senators still had a little fight left in them. Orr opened the last of the sixth with a single to center, took second on Irelan's sacrifice, went to third on an infield out by Kreitz and scored when Gilligan rung up his second hit of the day, a lucky bounder through Cook. This left the score 3 to 4, with the tailenders on the long end, and thus it stood until, with two men out in the first of the ninth, Bill Leard started the trouble which netted Oakland their second victory of the three games played thus far. The score:

MEN

Experience is the greatest factor in the successful treatment of Special and Pelvic Diseases. I have devoted a lifetime to the study and practice of my specialties. I have been almost universally successful in every case that I have accepted for treatment. The hundreds of patients who visit my office every week feel assured that they are under the care of a Skilled Physician.

The fact that they are getting the cure which they crave, and some of them being discharged cured every day, causes them to have faith in me. All who come to me, rich and poor, old and young, are treated in the same cheerful and skillful manner, and a cure is just as certain as a case is placed in my care.

If you are suffering from any private disease, or from any disease of chronic, nervous or pelvic nature, come in and see me, or write me a full description of your trouble, and let me tell you what your trouble is, and just what I can do for you. I have cured thousands who have been pronounced incurable by others. Call or write.

BEAVERS HOUND IT AND SEALS WIN WITH EASE

San Francisco and Portland gave a fine exhibition of the great American pastime at Recreation Park yesterday afternoon and when the final inning was over to the delight of the fans not a sign of rain could be seen.

For three innings there was some semblance of a ball game, then the Beavers went skyward and it was a joke, certainly not serious.

But, had scored, the Seals in the third and the Beavers in the fifth, and the fans were hoping out an extra inning game.

In the seventh, though, the lights went out and the Seals cinched the game.

McIntyre singled and Zimmerman walked. Corbett was hit by a pitched ball. Yoho hit to Baker, who threw to Fisher, but the latter dropped the ball and McIntyre scored. Koestner walked Mundorff, forcing home Zimmerman. Schmidt forced Corbett at the plate. Miller forced Yoho at the plate. Muffly batted for Arndt and scored on Mc-Ardle's double to right, scoring Miller.

Out of respect to the late "Heine" Berendsen, there will be no game this afternoon. The score:

MOBLO WHO BEAT HORGAN WILL MEET DALY TONIGHT

John Daly proved last evening in his exhibition match at the Oakland billiard parlors that he is master of the cue. Enthusiasts who have seen billiards in all corners of the globe went away with words of praise for this wonderful player. He played a 50 point block of three cushions with Giesman and came within a very small fraction of an average of one. His game was dazzling and time after time the onlookers rose to their feet in applause.

Giesmen played in hard luck during the first of the contest and was beginning to get his stroke when Daly made his final point. Daly was a marvel and gave the Oakland fans their first real glimpse of genuine championship form.

Tonight he is matched to meet Moblo the Oakland player who beat Banker John Horgan handily on Monday night and followers of the sport are eagerly waiting the match. Moblo is a clean cut player consistent and positive, with nerve enough to win from champions. He uses his head and seems to lack what the talent calls a "goat."

Tonight's match will without any doubt be the biggest sensation in billiards ever presented on this side of the bay. The fact that Moblo is well known and well liked in Oakland makes the interest all the more keen.

The match will take place at 8 o'clock in the Oakland billiard parlors and no admission will be charged for seats.

BREWER EARNS DECISION FROM BOXER ROWAN

SALT LAKE CITY, Utah, Oct. 11.—Harry Brewer of Kansas City was given the decision over Marty Rowan of Salt Lake City, after fifteen rounds of fast fighting here last night. The men fought every second of the time and put up one of the best exhibitions ever seen here.

NEVER HEARD OF THEM.

ALBUQUERQUE, N. M., Oct. 11.—In 10 rounds of fast and vicious fighting here last night, Benny Chaves, bantamweight champion of the Rocky Mountains, was given a close decision over Tommy Ryan of San Francisco.

VARSITY FRESHIES TO PLAY FINAL GAME TOMORROW

UNIVERSITY OF CALIFORNIA, Oct. 11.—The final game of the freshman Rugby season at the state university will be played on California field tomorrow afternoon when the first year men line up against the University of Southern California varsity fifteen. The Southern men arrived on the "Lark" early this morning and engaged in light practice on the field at Berkeley this afternoon.

The U. S. C. boys give promise of putting up a much stronger battle tomorrow than they did last year. They have the assistance of a year's hard experience at Rugby, all the rookies of the Angeles team having married there in a year ago, and will undoubtedly be a hard nut for the freshmen to crack. Koestner was the best man in point of weight on the Southern team, but in point of ability the others this year are practically unknown. The Southern season is only three weeks old at the present time, and the team has yet to play its first game. Consequently, tomorrow's game is in the nature of a tryout, as well as being a final game of importance. The line-up which the Los Angeles men will put on the field will not be given out till tonight, but their team was tentatively announced in a statement by Manager Bouvard, who arrived Wednesday.

SIX VETERANS TO PLAY.

According to his prediction, six of last year's team will be in the game tomorrow. These are "Smoke" Adamson, captain and back; Livernash, front marker; Kellar, side marker; Ahern, halfback; Davis, wing forward; Ames, end, and Schaeffer, end. The full team will probably line up as follows: Front rank, Livernash, Toolan and Livernash; middle rank, Kellar, Hawley; rear rank, Ohern, Adamson, Teacher; halfback, Ahern or Patterson; five-eighths, Lund, Hanley; three-quarters, Meadows, Oxman, Davis; fullback, Speer.

"We are greatly handicapped," said Manager Bouvard, "by the fact that the team has not yet played together in a real game. The Berkeley freshmen have had six weeks of practice as against our three, but we can promise you a better team Saturday than the one which visited here last year. The scrum is quite light, averaging about 170 pounds to the man, but has shown some very fast work this season. The position of halfback has been very closely contested between Albers and Patterson, a freshman, and it is not certain yet which one will play."

FRESHMEN TEAM ANNOUNCED.

Coach Schaeffer of California announced the line-up of the freshmen team last night, and all indications point to the fact that the team which will go on the field tomorrow is one of the strongest baby fifteens that has ever been put forth at the state university. The pack weighs about 170 pounds per man, thus exactly equalizing the U. S. C. scrum. While the scrum is strong, the main reliance of the team lies in the speedy backfield. All of the backs are members of the varsity squad and several have been mentioned as likely candidates for the big team. These facts alone indicate the quality of the team back of the scrum. With Lantz at halfback, Hazeltine and Togni at first and second five-eighths respectively, and Gianelli, Lane and Hayes playing the three-quarters line, a scoring machine of wonderful possibilities will be seen in action on California Field tomorrow. As expected, Montgomery is scheduled for the fullback position. In accordance with the usual custom, Coach Schaeffer will select the captain, and his choice will be announced shortly before the game. The complete line-up is as follows:

Front rank, King, Edinger, Lock, Buckner; side rank, Hardy, Wolff; rear rank, Hodgen, Fish; wing forward, Porter.

Halfback, Lantz.

Five-eighths, Hazeltine 1, Togni 2.

Three-quarters, Gianelli (w), Lane (c), Hayes (w).

Fullback, Montgomery.

The game is called for 2:30 p. m.

VARSITY VS. OLYMPICS.

Following the Freshmen-U. S. C. game, the California Varsity will contest with the crack Olympic club fifteen, and a close game will undoubtedly ensue. A fairly strong team will represent California, Coach Schaeffer having announced the line-up as follows:

Forwards, Carpenter, W. B. Miller, Douglas, Hoskins, Wetmore, King, McKim, Fleming.

Halfback, Diavala.

Five-eighths, Allen, Stroud, captain.

Three-quarters, Peart, Harlowe, Mint.

Fullback, Bogardus.

FOUR CLASSY RUGBY MATCHES BILLED FOR SATURDAY

Four important Rugby contests are set for decision tomorrow afternoon, and football fans may have difficulty in selecting the one they wish to see. The Australians are scheduled to meet the Stanford varsity team at Stanford, and this will be the first real test for our visitors from the Antipodes.

The University of California freshmen will play their final game of the season against the University of Southern California fifteen, and every blue and gold baby who participates in this struggle will be awarded his numeral. The other game scheduled for California field will have the California varsity and Olympic fifteens as contestants. At Reno the Barbarians will play the Nevada varsity.

WHEELMEN MAY MATCH MORAN AND MILLER

Matchmaker Rohan of the Oakland Wheelmen is figuring on a card at the Wheelmen's pavilion that later part of month and it is barely possible that he will bring Frank Moran of Pittsburg and Husky Charley Miller together as the main event.

Charley Horn has been offered the match with Moran on several occasions but for some reason declines to give a definite answer as to what he will do. Surely it can't be a case of cold pedals on the part of McGrath's white hope.

BLUE AND GOLD RUGGERS OVERWHELM ST. MARY'S

BERKELEY, Oct. 11. — The blue and gold varsity overwhelmingly defeated the St. Mary's college fifteen here yesterday afternoon by a score of 21 to 0. This was the same result the 1910 team attained a week ago and it could easily be seen that varsity men were not extending themselves during the contest, having the game well in hand throughout.

LEGAL NOTICES

SUMMONS.

In the Superior Court of the State of California, in and for the County of San Luis Obispo.

V. M. Corbaley, plaintiff, vs. Hoard Construction Company and J. H. Hoard, defendants.

Action brought in the Superior Court of the State of California, in and for the County of San Luis Obispo, and the complaint filed in the office of the County Clerk of said county.

The People of the State of California send greeting to Hoard Construction Company and J. H. Hoard, defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of San Luis Obispo, within ten days after the service on you of this summons, if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of San Luis Obispo, this 6th day of November, 1911.

ORDER TO SHOW CAUSE.

In the Superior Court of the State of California, in and for the County of Alameda.

In the matter of the guardianship of the person and estate of Florence M. Boardman, minor.

Blanche L. Boardman, the guardian of the person and estate of Florence M. Boardman, minor, having filed her petition herein praying for an order of sale of a certain part and interest, the same being an undivided one-half (½) part and interest in and to certain real estate owned by said minor, for the purposes therein set forth, and it appearing to the Court from the petition that it would be beneficial to the ward that the said real estate and her interest therein be sold, it is therefore ordered by the said Court that all persons interested in the estate of said Florence M. Boardman, a minor, appear before the said Superior Court on Monday, the 28th day of October, 1912, at 10 o'clock in the forenoon of said day, at the courtroom of said Superior Court, Department No. 4 thereof, at the Court House in the City of Oakland, County of Alameda, State of California, then and there to show cause why an order should not be granted for the sale of such real estate and the interest of said minor therein; and that a copy of this order be published at least once a week for four successive weeks before the said day of hearing in the Oakland Tribune, a newspaper printed and published in said County of Alameda.

Dated: September 26th, 1912.

F. B. OGDEN, Judge of the Superior Court.

Fitzgerald & Abbott, attorneys for petitioner.

SUMMONS ON DIVORCE.

In the Superior Court of the County of Alameda, State of California.

Department No. ——.

Abbie H. Bedell, plaintiff, vs. Harrison L. Bedell, defendant.

Action brought in the Superior Court of the County of Alameda, State of California, and the Complaint filed in said County of Alameda, in the office of said Clerk of said Superior Court.

The people of the State of California send greeting to Harrison L. Bedell, defendant:

You are hereby required to appear in an action brought against you by the above named plaintiff in the Superior Court of the County of Alameda, State of California, and to answer the Complaint filed therein within ten days (exclusive of the day of service) after service on you of this Summons, if served within this County, otherwise within thirty days.

The said action is brought to obtain a decree of this Court dissolving the bonds of matrimony heretofore and now existing between plaintiff and defendant, and for such other relief as the Court may seem proper, special references being made to the Complaint on file herein for further particulars.

And you are hereby notified, that if you fail to appear and answer the said Complaint, as above required, the said plaintiff will apply to the Court for the relief demanded in said Complaint.

Given under my hand and the Seal of the Superior Court of the County of Alameda, State of California, this 29th day of August, in the year of our Lord, one thousand nine hundred and twelve.

JOHN P. COOK, Clerk.

By W. E. ADAMS, Deputy Clerk.

NOTICE OF TIME SET FOR PROVING WILL, ETC.

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of Catherine McCabe, deceased.

Notice of time set for proving will, etc.

Notice is hereby given, that a petition for the probate of the will of Catherine McCabe, deceased, and for the issuance to John Cox of letters testamentary thereon has been filed in this Court, and that Tuesday, the 22d day of October, A. D. 1912, at 10 o'clock A. M. of said day, at the Courtroom of Department No. 4, of said Court, at the Court House in the City of Oakland, in said County of Alameda, has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.

Dated: October 7th, 1912.

REAL ESTATE

SNAPS

POSITIVE SNAP. Owner needs money for his business and is sacrificing this Grove street property, close to 23d street; buildings consist of four flats with lot 50x95; price $7,250. This is a fine business location and rapidly increasing in value.

$3200 For a colonial cottage of 4 rooms and bath each, on a northwest corner with 75 ft. frontage. This property brings about 2% net on the investment, as it brings $41 per month. Would be fine location for business. The cottages could be raised at a very small cost and stores put in; the w[illegible] of more thoroughfares and close to crosstown electric line, near Lake Merritt.

$2650

Store with 3 rooms in rear and 6 rooms and bath upstairs, two bay-windows. This building is located on 14th st., within two blocks of Key Route depot; car passes the door. Rents for $30 a month, which is 10 per cent. The investment at the building alone could not be constructed for less than $3500. Lot valued at $1250. $700 cash will handle this property. The purchaser of this property can positively make $300 inside of two years, besides getting 10 per cent on the money invested. Look this up right away. It won't last long. You don't get bargains like this every day.

We have a ranch of 40 acres in Contra Costa county that the owner will sell on a few thousand down, or will exchange for Oakland and city property. This is a fine income property and brings in about $2000 per year. You can get a checkerboard exchange on this property, as the owner is very anxious to move to Oakland.

$4250—Beautiful colonial bungalow with covered driveway, large verandas; lot 50x150, garage; house contains 6 rooms; garden of roses, paneled dining-room with beamed ceiling, large open fireplace; set back in a warm belt and commanding a grand marine view. This property cost the owner $6200 a short time ago, which he is sacrificing for $4750. (See Photo at others.

$4250—Adams Point One block from Grand ave., home of 6 rooms; hardwood floors and panelling, large open fireplace, built-in bookcases, seats and china closets, patent ironing board, enclosed back porch, front verandas, terraced lawn; lot 150 feet deep, commanding fine view of lake and hills. The above price includes new rugs, stoves, furniture, etc. On account of owner's having to move away as his business demands, we have been authorized to sell this lovely home at this price. $1000 cash will handle this.

50 FEET WIDE 265 FEET DEEP.
ALL IMPROVEMENTS COMPLETED.
VERY NR. NEW S. P. ELECTRIC LINE.

Here is just the lot for the man on salary who wants to buy a home for his family and pay a nominal amount each month.

It's a large lot, 50x265 feet; room for flower garden, lawn, vegetable patch and chicken yard.

Rich deep soil and mild climate—you can raise anything grown in California.

Only 265 feet from the new S. P. electric train now being extended to Broadmoor; just 45 minutes to the Ferry Building, San Francisco.

Only 265 feet from the Luther Burbank exhibit gardens. Broadmoor was selected for these gardens because of its rich soil, mild climate and good transportation facilities.

BROADMOOR IMPROVEMENTS COMPLETED.
EVERYTHING READY FOR YOUR HOME.

Broadmoor has high-class improvements; paved streets, cement sidewalks, parking strips on streets bordered with flower hedges, palm and shade trees, fine artesian water at a very low rate; large sewers; gas, electricity and phone. Thirty-one families living in Broadmoor now; six more homes building; you can see that everything is ready for your home.

DEAL DIRECT WITH OWNERS.
SAVE THE COMMISSION AND MIDDLEMAN'S PROFITS.

The price of this large Broadmoor lot is only $1650, just about one-half what you will pay for an equal area in other nearby tracts; you save half by dealing direct with the owners and the usual commission and middleman's profit stays in your pocket.

We will finance the building of your home and make the terms easy. See this lot at once.

The Pianos We Sell Whether for $250 or $2000 Are Absolutely Dependable

¶ We carry all kinds of pianos when measured by price—from $250 to $2000; but we sell only one kind of quality—**dependable quality.**

¶ We have had customers who needed only one piano in their lifetime, but the quality, the dependability, has been such that the second and third generations of that family have also come to us for their pianos.

¶ Some day you will want a STEINWAY Piano—the STANDARD of the world. We will sell you a less expensive piano now and agree to take it back any time within three years, allowing you the full purchase price towards a new Steinway.

¶ Moderate terms on any Piano, even the Steinway.

AUTO HURLS FAMILY FROM SHATTERED RIG

In a collision between a buggy and an automobile last night C. H. Kohler, his wife and infant son narrowly escaped injury when they were thrown to the street from their buggy. The accident occurred about 11 o'clock last night at East Fourteenth street and Thirteenth avenue, when Kohler and his wife were driving to their home, 1406 High street.

W. King of Richmond was intercepted by a passing street car and as he swung his automobile around the rear of the car he encountered Kohler's buggy. The buggy was overturned and the occupants thrown to the street. Only minor injuries were sustained. The automobile was badly smashed.

TURNS TABLES ON WOMAN.

CHICAGO, Oct. 11.—John B. ASSEMBLYMAN ANSWERS CRITICS

With Congressman Knowland Speaks Before San Leandro Club.

SAN LEANDRO, Oct. 11. — Under the auspices of San Leandro center of the California Civic League, a meeting was held last evening in the assembly hall of the library, which was addressed by Republican candidates. Every seat was occupied and the speakers were given the closest attention. The meeting was called to order by the chairman, Mrs. Charles Spurr.

State Senator E. K. Strobridge, the Republican nominee for State Senator, was the first speaker. Senator Strobridge reviewed his record at Sacramento, outlining the various reforms for which he had stood. As chairman of the committee on investigation of the State printing office he told of the results of that inquiry, which had resulted in the saving of large sums of money to the people of the State in the administration of that office. Senator Strobridge was well received.

Assemblyman A. A. Rogers, candidate for re-election, followed. At a previous meeting of the center at which the Democratic candidates were present, Rogers' opponent had taken occasion to criticise some of the votes cast by the incumbent at Sacramento. Last night Rogers' critic sat in the audience. Rogers made a good impression, answering fully the criticisms which had been made, explaining his vote upon numerous measures, and giving his reason for each vote, which seemed to meet the approval of the large audience present. San Leandro is Rogers' home town.

KNOWLAND SPEAKER.

Congressman Knowland was then introduced and as he came forward was enthusiastically greeted. In opening his remarks Congressman Knowland said that the critics of Senator Strobridge and Assemblyman Rogers at a meeting recently held under the auspices of the center had neglected to mention a great many of the good things which these two representatives had accomplished, "but, perhaps that was natural," he added.

"The two legislators who have just spoken," continued Congressman Knowland, "have told you what their opponents neglected to tell, and the records of both these gentlemen should commend them to the people of this locality.

"Every man in public life must expect to be criticised. Those who are desirous of securing office find it extremely easy to find fault with those whose places they seek. It is always much easier to pull down than to build up. My Socialist opponent, for instance, is declaring that I am a plutocrat, representing the rich while he will represent the laboring man. From time immemorial one of the chief arts of the demagogue has been to array class against class, but such attempts have always failed.

"During the years I have been a member of congress I have endeavored to represent conscientiously all the people whose representative I have been, and the man who toils has always received the fullest consideration. Perhaps no better evidence can be had of this than to ask the workmen of Vallejo, which district I have represented for eight years, if I have not upon the floor of the house fought their battles, session after session, when the ship trust was endeavoring to deprive the yard of the work to which it was entitled.

"At the session of congress just closed I voted for and did what I could to obtain the passage of the bill limiting to eight hours the daily service of laborers and mechanics employed upon work done for the United States, or for any territory, or for the District of Columbia."

The congressman spoke of his activity in the suppression of the white slave traffic and of his interest in obtaining a large appropriation for this work.

Congressman Knowland then spoke of the progress being made on the Panama canal and of the legislation passed for its operation at the last session of congress. In speaking of the canal Congressman Knowland exhibited a large number of lantern slides.

"Under the recent congressional act authority is granted the President, when the construction of the canal is sufficiently advanced, to discontinue, by executive order, the present Isthmian canal commission, and he is further authorized to appoint a governor at a salary of $10,000, and such other persons as he may deem necessary to administer affairs in the Canal Zone. It is proposed, and the recent act gives the necessary authority, that the government furnish supplies to the passing ships including food and coal, and maintain a dry dock and repair shop.

"With the canal in operation sanitation must still be continued. In testifying before our committee last winter, Dr. Gorgas declared that he favored the permanent maintenance of the Ancon hospital and Taboga sanitarium and the retention of a force adequate to cope with such diseases as yellow fever, and bubonic pleague, which, if not immediately checked would result in diverting traffic from the canal."

ZION SOCIETY TO HEAR ADDRESS BY DR. M. J. LEVY

RABBI M. S. LEVY.

The local Zion Society will hold an open social Monday evening, October 14, at Pythian Castle, Twelfth and Alice Streets, for the purpose of promoting the welfare of the society in Oakland. Zion Society is an international organization and is strongly represented in every city of importance in the world.

Rev. Dr. M. J. Levy of San Francisco and G. C. Ringolsky, two of the most prominent men in the Zionist movement, will address the meeting. Dr. Levy has recently returned from an extensive trip abroad and his information regarding the Zionist movement universally will be interesting to hear.

A musical program has also been arranged. Michael Grodin, president of the local society, will preside.

GETS WARANT FOR WIFE.

OROVILLE, Oct. 11.—Warrants for the arrest of E. M. Walters, the proprietor of a billiard hall here, and Mrs. M. E. Gorman of San Francisco were sworn out yesterday by J. A. Gorman, one of the best-known showmen in the state. Gorman charges Walters with wrecking his home. The warrants charge the two with felony offenses, and Gorman states that it is his intention to prosecute the cases to the limit. The couple are said to have left Oroville together. Later Walters returned, and evidence of Mrs. Gorman's duplicity is alleged to have fallen into the hands of Gorman, who was away at the time.

FORBES MAY STAY.

WASHINGTON, D. C., Oct. 11.—Governor-General W. Cameron Forbes of the Philippines has had his leave to this country indefinitely extended, and it is reported he may never resume his post on the islands. His health, which was not of the best when he arrived in this country several months ago, has not improved, and probably will not permit his return to Manila. He is in Boston, Mass.
